(C) **REQUIREMENT.**—Each adjustment under subparagraphs (A)(ii)(II) and (B)(ii)(II) shall be based on the unrounded amount for the prior 12-month period.

(2) **EARNED INCOME DEDUCTION.**—

[(A) **DEFINITION OF EARNED INCOME.**—In this paragraph, the term “earned income” does not include—

[(i) income excluded by subsection (d); or

[(ii) any portion of income earned under a work supplementation or support program, as defined under section 16(b), that is attributable to public assistance.]]

(A) **DEFINITION OF EARNED INCOME.**—*In this paragraph, the term “earned income” does not include income excluded by subsection (d).*

(B) **DEDUCTION.**—Except as provided in subparagraph (C), a household with earned income shall be allowed a deduction of [20] 22 percent of all earned income to compensate for taxes, other mandatory deductions from salary, and work expenses.

(C) **EXCEPTION.**—The deduction described in subparagraph (B) shall not be allowed with respect to determining an overissuance due to the failure of a household to report earned income in a timely manner.

(3) **DEPENDENT CARE DEDUCTION.**—

(A) **IN GENERAL.**—A household shall be entitled, with respect to expenses (other than excluded expenses described in subparagraph (B)) for dependent care, to a dependent care deduction for the actual cost of payments necessary for the care of a dependent if the care enables a household member to accept or continue employment, or training or education that is preparatory for employment.

(B) EXCLUDED EXPENSES.—The excluded expenses referred to in subparagraph (A) are—

- (i) expenses paid on behalf of the household by a third party;
- (ii) amounts made available and excluded, for the expenses referred to in subparagraph (A), under subsection (d)(3); and

[(B) ORDER OF DETERMINING DEDUCTIONS.—A deduction under this paragraph shall be determined before the computation of the excess shelter expense deduction under paragraph (6).]

[(5) (4) EXCESS MEDICAL EXPENSE DEDUCTION.—

(A) IN GENERAL.—A household containing an elderly or disabled member shall be entitled, with respect to expenses other than expenses paid on behalf of the household by a third party, to an excess medical expense deduction for the portion of the actual costs of allowable medical expenses, incurred by the elderly or disabled member, exclusive of special diets, that exceeds \$35 per month.

(B) METHOD OF CLAIMING DEDUCTION.—

- (i) IN GENERAL.—A State agency shall offer an eligible household under subparagraph (A) a method of claiming a deduction for recurring medical expenses that are initially verified under the excess medical expense deduction in lieu of submitting information on, or verification of, actual expenses on a monthly basis.
- (ii) METHOD.—The method described in clause (i) shall—

(I) be designed to minimize the burden for the eligible elderly or disabled household member choosing to deduct the recurrent medical expenses of the member pursuant to the method;

(II) rely on reasonable estimates of the expected medical expenses of the member for the certification period (including changes that can be reasonably anticipated based on available information about the medical condition of the member, public or private medical insurance coverage, and the current verified medical expenses incurred by the member); and

(III) not require further reporting or verification of a change in medical expenses if such a change has been anticipated for the certification period.

(C) EXCLUSION OF MEDICAL MARIJUANA.—The Secretary shall promulgate rules to ensure that medical marijuana is not treated as a medical expense for purposes of this paragraph.

[(6)] (5) EXCESS SHELTER EXPENSE DEDUCTION.—

(A) IN GENERAL.—A household shall be entitled, with respect to expenses other than expenses paid on behalf of the household by a third party, to an excess shelter expense deduction to the extent that the monthly amount expended by a household for shelter exceeds an amount equal to 50 percent of monthly household income after all other applicable deductions have been allowed, *except that for a household that receives the allowance under section 403 of title 37, United States Code, only the expenses in excess of that allowance shall be counted towards a household's expenses for the calculation of the excess shelter deduction.*

(B) MAXIMUM AMOUNT OF DEDUCTION.—In the case of a household that does not contain an elderly or disabled individual, in the 48 contiguous States and the District of Columbia, Alaska, Hawaii, Guam, and the Virgin Islands of the United States, the excess shelter expense deduction shall not exceed—

(ii) for the period beginning on January 1, 1997, and ending on September 30, 1998, \$250, \$434, \$357, \$304, and \$184 per month, respectively;

(iii) for fiscal year 1999, \$275, \$478, \$393, \$334, and \$203 per month, respectively;

(iv) for fiscal year 2000, \$280, \$483, \$398, \$339, and \$208 per month, respectively;

(v) for fiscal year 2001, \$340, \$543, \$458, \$399, and \$268 per month, respectively; and

(vi) for fiscal year 2002 and each subsequent fiscal year, the applicable amount during the preceding fiscal year, as adjusted to reflect changes for the 12-month period ending the preceding November 30 in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(C) STANDARD UTILITY ALLOWANCE.—

(i) IN GENERAL.—In computing the excess shelter expense deduction, a State agency may use a standard utility allowance in accordance with regulations promulgated by the Secretary, subject to clause (iv), except that a State agency may use an allowance that does not fluctuate within a year to reflect seasonal variations.

(ii) RESTRICTIONS ON HEATING AND COOLING EXPENSES.—An allowance for a heating or cooling expense may not be used in the case of a household that—

(I) does not incur a heating or cooling expense, as the case may be;

(II) does incur a heating or cooling expense but is located in a public housing unit that has central utility meters and charges households, with re-

gard to the expense, only for excess utility costs;
or

(III) shares the expense with, and lives with, another individual not participating in the supplemental nutrition assistance program, another household participating in the supplemental nutrition assistance program, or both, unless the allowance is prorated between the household and the other individual, household, or both.

(iii) MANDATORY ALLOWANCE.—

(I) IN GENERAL.—A State agency may make the use of a standard utility allowance mandatory for all households with qualifying utility costs if—

(aa) the State agency has developed 1 or more standards that include the cost of heating and cooling and 1 or more standards that do not include the cost of heating and cooling; and

(bb) the Secretary finds (without regard to subclause (III)) that the standards will not result in an increased cost to the Secretary.

(II) HOUSEHOLD ELECTION.—A State agency that has not made the use of a standard utility allowance mandatory under subclause (I) shall allow a household to switch, at the end of a certification period, between the standard utility allowance and a deduction based on the actual utility costs of the household.

(III) INAPPLICABILITY OF CERTAIN RESTRICTIONS.—Clauses (ii)(II) and (ii)(III) shall not apply in the case of a State agency that has made the use of a standard utility allowance mandatory under subclause (I).

(iv) AVAILABILITY OF ALLOWANCE TO RECIPIENTS OF ENERGY ASSISTANCE.—

(I) IN GENERAL.—Subject to subclause (II), if a State agency elects to use a standard utility allowance that reflects heating and cooling costs, the standard utility allowance shall be made available to households *with an elderly member* that received a payment, or on behalf of which a payment was made, under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.) or other similar energy assistance program, if in the current month or in the immediately preceding 12 months, the household either received such a payment, or such a payment was made on behalf of the household, that was greater than \$20 annually, as determined by the Secretary.

(II) SEPARATE ALLOWANCE.—A State agency may use a separate standard utility allowance for households on behalf of which a payment described in subclause (I) is made, but may not be required to do so.

(III) STATES NOT ELECTING TO USE SEPARATE ALLOWANCE.—A State agency that does not elect to use a separate allowance but makes a single standard utility allowance available to households incurring heating or cooling expenses (other than a household described in subclause (I) or (II) of clause (ii)) may not be required to reduce the allowance due to the provision (directly or indirectly) of assistance under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.).

(IV) PRORATION OF ASSISTANCE.—For the purpose of the supplemental nutrition assistance program, assistance provided under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.) shall be considered to be prorated over the entire heating or cooling season for which the assistance was provided.

(D) HOMELESS HOUSEHOLDS.—

[(i) ALTERNATIVE DEDUCTION.—In lieu of the deduction provided under subparagraph (A), a State agency may elect to allow a household in which all members are homeless individuals, but that is not receiving free shelter throughout the month, to receive a deduction of \$143 per month.]

(i) ALTERNATIVE DEDUCTION.—*The State agency shall allow a deduction of \$143 a month for households—*

(I) *in which all members are homeless individuals;*

(II) *that are not receiving free shelter throughout the month; and*

(III) *that do not opt to claim an excess shelter expense deduction under subparagraph (A).*

(ii) ADJUSTMENT.—*For fiscal year 2019 and each subsequent fiscal year the amount of the homeless shelter deduction specified in clause (i) shall be adjusted to reflect changes for the 12-month period ending the preceding November 30 in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.*

[(ii)] (iii) INELIGIBILITY.—The State agency may make a household with extremely low shelter costs ineligible for the alternative deduction under clause (i).

(f)(1)(A) Household income for those households that, by contract for other than an hourly or piecework basis or by self-employment, derive their annual income in a period of time shorter than one year shall be calculated by averaging such income over a twelve-month period. Notwithstanding the preceding sentence, household income resulting from the self-employment of a member in a farming operation, who derives income from such farming operation and who has irregular expenses to produce such income, may, at the option of the household, be calculated by averaging such income and expenses over a 12-month period. Notwithstanding the first sentence, if the averaged amount does not accurately reflect the house-

hold's actual monthly circumstances because the household has experienced a substantial increase or decrease in business earnings, the State agency shall calculate the self-employment income based on anticipated earnings.

(B) Household income for those households that receive non-excluded income of the type described in subsection (d)(3) of this section shall be calculated by averaging such income over the period for which it is received.

(C) SIMPLIFIED DETERMINATION OF DEDUCTIONS.—

(i) IN GENERAL.—Except as provided in clause (ii), for the purposes of subsection (e), a State agency may elect to disregard until the next recertification of eligibility under section 11(e)(4) 1 or more types of changes in the circumstances of a household that affect the amount of deductions the household may claim under subsection (e).

(ii) CHANGES THAT MAY NOT BE DISREGARDED.—
Under clause (i), a State agency may not disregard—
(I) any reported change of residence; or
(II) under standards prescribed by the Secretary, any change in earned income.

(2)(A) Except as provided in subparagraphs (B), (C), and (D), households shall have their incomes calculated on a prospective basis, as provided in paragraph (3)(A), or, at the option of the State agency, on a retrospective basis, as provided in paragraph (3)(B).

(B) In the case of the first month, or at the option of the State, the first and second months, during a continuous period in which a household is certified, the State agency shall determine eligibility and the amount of benefits on the basis of the household's income and other relevant circumstances in such first or second month.

(C) Households specified in clauses (i), (ii), and (iii) of section 6(c)(1)(A) shall have their income calculated on a prospective basis, as provided in paragraph (3)(A).

(D) Except as provided in subparagraph (B), households required to submit monthly reports of their income and household circumstances under section 6(c)(1) shall have their income calculated on a retrospective basis, as provided in paragraph (3)(B).

(3)(A) Calculation of household income on a prospective basis is the calculation of income on the basis of the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined. Such calculation shall be made in accordance with regulations prescribed by the Secretary which shall provide for taking into account both the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined and the income received by the household during the preceding thirty days.

(B) Calculation of household income on a retrospective basis is the calculation of income for the period for which eligibility or benefits are being determined on the basis of income received in a previous period. Such calculation shall be made in accordance with regulations prescribed by the Secretary which may provide for the determination of eligibility on a prospective basis in some or all cases in which benefits are calculated under this paragraph. Such regulations shall provide for supplementing the initial allotments

of newly applying households in those cases in which the determination of income under this paragraph causes serious hardship.

(4) In promulgating regulations under this subsection, the Secretary shall consult with the Secretary of Health and Human Services in order to assure that, to the extent feasible and consistent with the purposes of this Act and the Social Security Act, the income of households receiving benefits under this Act and title IV-A of the Social Security Act is calculated on a comparable basis under the two Acts. The Secretary is authorized, upon the request of a State agency, to waive any of the provisions of this subsection (except the provisions of paragraph (2)(A)) to the extent necessary to permit the State agency to calculate income for purposes of this Act on the same basis that income is calculated under title IV-A of the Social Security Act in that State.

(g) ALLOWABLE FINANCIAL RESOURCES.—

(1) TOTAL AMOUNT.—

(A) IN GENERAL.—The Secretary shall prescribe the types and allowable amounts of financial resources (liquid and nonliquid assets) an eligible household may own, and shall, in so doing, assure that a household otherwise eligible to participate in the supplemental nutrition assistance program will not be eligible to participate if its resources exceed ~~[\$2,000]~~ \$7,000 (as adjusted in accordance with subparagraph (B)), or, in the case of a household which consists of or includes an elderly or disabled member, if its resources exceed ~~[\$3,000]~~ \$12,000 (as adjusted in accordance with subparagraph (B)).

(B) ADJUSTMENT FOR INFLATION.—

(i) IN GENERAL.— **[Beginning]**

(I) Beginning on October 1, [2008] 2019, and each October 1 thereafter, the amounts specified in subparagraph (A) shall be adjusted and rounded down to the nearest \$250 increment to reflect changes for the 12-month period ending the preceding June in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(II) Beginning on October 1, 2019, and each October 1 thereafter, the amount specified in paragraph (2)(B)(iv) shall be adjusted in the manner described in subclause (I).

(III) Beginning on October 1, 2019, and each October 1 thereafter, the amount specified in paragraph (2)(B)(v) shall be adjusted in the manner described in subclause (I).

(ii) REQUIREMENT.—Each adjustment under clause (i) shall be based on the unrounded amount for the prior 12-month period.

(2) INCLUDED ASSETS.—

(A) IN GENERAL.—Subject to the other provisions of this paragraph, the Secretary shall, in prescribing inclusions in, and exclusions from, financial resources, follow the regulations in force as of June 1, 1982 (other than those relating to licensed vehicles and inaccessible resources).

(B) ADDITIONAL INCLUDED ASSETS.—The Secretary shall include in financial resources—

(i) any boat, snowmobile, or airplane used for recreational purposes;

(ii) any vacation home;

(iii) any mobile home used primarily for vacation purposes;

[(iv) subject to subparagraphs (C) and (D), any licensed vehicle that is used for household transportation or to obtain or continue employment to the extent that the fair market value of the vehicle exceeds \$4,650;]

(iv) subject to subparagraph (C), with respect to any licensed vehicle that is used for household transportation or to obtain or continue employment—

(I) 1 vehicle for each licensed driver who is a member of such household to the extent that the fair market value of the vehicle exceeds \$12,000; and

(II) each additional vehicle; and

(v) any savings account to the extent that the value exceeds \$2,000, regardless of whether there is a penalty for early withdrawal.

(C) EXCLUDED VEHICLES.—A vehicle (and any other property, real or personal, to the extent the property is directly related to the maintenance or use of the vehicle) shall not be included in financial resources under this paragraph if the vehicle is—

(i) used to produce earned income;

(ii) necessary for the transportation of a physically disabled household member; or

(iii) depended on by a household to carry fuel for heating or water for home use and provides the primary source of fuel or water, respectively, for the household.

[(D) ALTERNATIVE VEHICLE ALLOWANCE.—If the vehicle allowance standards that a State agency uses to determine eligibility for assistance under the State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) would result in a lower attribution of resources to certain households than under subparagraph (B)(iv), in lieu of applying subparagraph (B)(iv), the State agency may elect to apply the State vehicle allowance standards to all households that would incur a lower attribution of resources under the State vehicle allowance standards.]

(3) The Secretary shall exclude from financial resources the value of a burial plot for each member of a household and nonliquid resources necessary to allow the household to carry out a plan for self-sufficiency approved by the State agency that constitutes adequate participation in an employment and training program under section 6(d) or a pilot project under section 16(h)(1)(F). The Secretary shall also exclude from financial resources any earned income tax credits received by any member of the household for a period of 12 months from receipt if such member was participating

in the supplemental nutrition assistance program at the time the credits were received and participated in such program continuously during the 12-month period.

(4) In the case of farm property (including land, equipment, and supplies) that is essential to the self-employment of a household member in a farming operation, the Secretary shall exclude from financial resources the value of such property until the expiration of the 1-year period beginning on the date such member ceases to be self-employed in farming.

(5) The Secretary shall promulgate rules by which State agencies shall develop standards for identifying kinds of resources that, as a practical matter, the household is unlikely to be able to sell for any significant return because the household's interest is relatively slight or because the cost of selling the household's interest would be relatively great. Resources so identified shall be excluded as inaccessible resources. A resource shall be so identified if its sale or other disposition is unlikely to produce any significant amount of funds for the support of the household. The Secretary shall not require the State agency to require verification of the value of a resource to be excluded under this paragraph unless the State agency determines that the information provided by the household is questionable.

The regulations shall provide for replacement of the value of food actually lost up to a limit approved by the Secretary not greater than the applicable maximum monthly allotment for the household size.

(B) The Secretary shall adjust issuance methods and reporting and other application requirements to be consistent with what is

In making this adjustment, the Secretary shall consider the availability of the State agency's offices and personnel, any conditions that make reliance on electronic benefit transfer systems described in section 7(h) impracticable, and any damage to or disruption of transportation and communication facilities.

Such alien shall also be required to provide such information and docu-

mentation which such alien or the sponsor provided in support of such alien's immigration application as the State agency may request.

(ii) The Secretary shall enter into agreements with the Secretary of State and the Attorney General whereby any information available to such persons and required in order to make any determination under this section will be provided by such persons to the Secretary, and whereby such persons shall inform any sponsor of an alien, at the time such sponsor executes an affidavit of support or similar agreement, of the requirements imposed by this section.

(D) Any sponsor of an alien, and such alien, shall be jointly and severably liable for an amount equal to any overpayment made to such alien during the period of three years after such alien's entry into the United States, on account of such sponsor's failure to provide correct information under the provisions of this section, except where such sponsor was without fault, or where good cause for such failure existed. Any such overpayment which is not repaid shall be recovered in accordance with the provisions of section 13(b) of this Act.

(E) The provisions of this subsection shall not apply with respect to any alien who is a member of the sponsor's household or to any alien who is under 18 years of age.

(m) SIMPLIFIED CALCULATION OF INCOME FOR THE SELF-EMPLOYED.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this subsection, the Secretary shall establish a procedure by which a State may submit a method, designed to not increase Federal costs, for the approval of the Secretary, that the Secretary determines will produce a reasonable estimate of income excluded under subsection (d)(9) in lieu of calculating the actual cost of producing self-employment income.

(2) INCLUSIVE OF ALL TYPES OF INCOME OR LIMITED TYPES OF INCOME.—The method submitted by a State under paragraph (1) may allow a State to estimate income for all types of self-employment income or may be limited to 1 or more types of self-employment income.

(3) Such periods of ineligibility as are provided for in paragraph (1) of this subsection shall remain in effect, without possibility of administrative stay, unless and until the finding upon which the ineligibility is based is subsequently reversed by a court of appro-

appropriate jurisdiction, but in no event shall the period of ineligibility be subject to review.

(4) The Secretary shall prescribe such regulations as the Secretary may deem appropriate to ensure that information concerning any such determination with respect to a specific individual is forwarded to the Office of the Secretary by any appropriate State or Federal entity for the use of the Secretary in administering the provisions of this section. No State shall withhold such information from the Secretary or the Secretary's designee for any reason whatsoever.

(c) Except in a case in which a household is receiving transitional benefits during the transitional benefits period under section 11(s), no household shall be eligible to participate in the supplemental nutrition assistance program if it refuses to cooperate in providing information to the State agency that is necessary for making a determination of its eligibility or for completing any subsequent review of its eligibility.

(3) Reports required to be filed under paragraph (1) of this subsection shall be considered complete if they contain the information relevant to eligibility and benefit determinations that is specified by the State agency. All report forms, including those related to periodic reports of circumstances, shall contain a description, in understandable terms in prominent and bold face lettering, of the appropriate civil and criminal provisions dealing with violations of this Act including the prescribed penalties. Reports required to be filed monthly under paragraph (1) shall be the sole reporting requirement for subject matter included in such reports. In promulgating regulations implementing these reporting requirements, the Secretary shall consult with the Commissioner of Social Security and the Secretary of Health and Human Services, and, wherever feasible, households that receive assistance under title IV-A of the Social Security Act and that are required to file comparable reports under that Act shall be provided the opportunity to file reports at the same time for purposes of both Acts.

(4) Except as provided in paragraph (1)(C), any household that fails to submit periodic reports required by paragraph (1) shall not receive an allotment for the payment period to which the unsubmitted report applies until such report is submitted.

(5) The Secretary is authorized, upon the request of a State agency, to waive any provisions of this subsection (except the provisions of the first sentence of paragraph (1) which relate to households which are not required to file periodic reports) to the extent necessary to permit the State agency to establish periodic reporting requirements for purposes of this Act which are similar to the periodic reporting requirements established under the State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) in that State.

(c)(1) The value of the allotment issued to any eligible household for the initial month or other initial period for which an allotment is issued shall have a value which bears the same ratio to the value of the allotment for a full month or other initial period for which the allotment is issued as the number of days (from the date of application) remaining in the month or other initial period for which the allotment is issued bears to the total number of days in the month or other initial period for which the allotment is issued, except that no allotment may be issued to a household for the initial month or period if the value of the allotment which such household would otherwise be eligible to receive under this subsection is less than \$10. Households shall receive full months' allotments for all months within a certification period, except as provided in the first sentence of this paragraph with respect to an initial month.

(2) As used in this subsection, the term "initial month" means (A) the first month for which an allotment is issued to a household, (B) the first month for which an allotment is issued to a household following any period in which such household was not participating in the supplemental nutrition assistance program under this Act after the expiration of a certification period or after the termination of the certification of a household, during a certification period, when the household ceased to be eligible after notice and an opportunity for a hearing under section 11(e)(10), and (C) in the case of a migrant or seasonal farmworker household, the first month for which allotment is issued to a household that applies following any period of more than 30 days in which such household was not participating in the supplemental nutrition assistance program after previous participation in such program.

The allotment shall be provided in accordance with section 11(e)(3) in the case of a household that is not entitled to expedited service and in accordance with paragraphs (3) and (9) of section 11(e) in the case of a household that is entitled to expedited service.

(d) REDUCTION OF PUBLIC ASSISTANCE BENEFITS.—

(1) IN GENERAL.—If the benefits of a household are reduced under a Federal, State, or local law relating to a means-tested public assistance program for the failure of a member of the household to perform an action required under the law or program, for the duration of the reduction—

(A) the household may not receive an increased allotment as the result of a decrease in the income of the household to the extent that the decrease is the result of the reduction; and

(B) the State agency may reduce the allotment of the household by not more than 25 percent.

(2) RULES AND PROCEDURES.—If the allotment of a household is reduced under this subsection for a failure to perform an action required under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), the State agency may use the rules and procedures that apply under part A of title IV of the Act to reduce the allotment under the supplemental nutrition assistance program.

(B) AMOUNT OF ALLOTMENT.—The allotment for each eligible resident described in subparagraph (A) shall be cal-

culated in accordance with standardized procedures established by the Secretary that take into account the allotments typically received by residents of covered facilities.

(C) ISSUANCE OF ALLOTMENT.—

(i) IN GENERAL.—The State agency shall issue an allotment determined under this paragraph to a covered facility as the authorized representative of the residents of the covered facility.

(ii) ADJUSTMENT.—The Secretary shall establish procedures to ensure that a covered facility does not receive a greater proportion of a resident's monthly allotment than the proportion of the month during which the resident lived in the covered facility.

(D) DEPARTURES OF RESIDENTS OF COVERED FACILITIES.—

(i) NOTIFICATION.—Any covered facility that receives an allotment for a resident under this paragraph shall—

(I) notify the State agency promptly on the departure of the resident; and

(bb) should contact the State agency concerning continuation of the benefits.

(ii) ISSUANCE TO DEPARTED RESIDENTS.—On receiving a notification under clause (i)(I) concerning the departure of a resident, the State agency—

(I) shall promptly issue the departed resident an allotment for the days of the month after the departure of the resident (calculated in a manner prescribed by the Secretary) unless the departed resident reapplies to participate in the supplemental nutrition assistance program; and

(II) may issue an allotment for the month following the month of the departure (but not any subsequent month) based on this paragraph unless the departed resident reapplies to participate in the supplemental nutrition assistance program.

(iii) STATE OPTION.—The State agency may elect not to issue an allotment under clause (ii)(I) if the State agency lacks sufficient information on the location of the departed resident to provide the allotment.

(iv) EFFECT OF REAPPLICATION.—If the departed resident reapplies to participate in the supplemental nutrition assistance program, the allotment of the departed resident shall be determined without regard to this paragraph.

(2) PILOT PROJECTS.—

(A) IN GENERAL.—Before the Secretary authorizes implementation of paragraph (1) in all States, the Secretary shall carry out, at the request of 1 or more State agencies and in 1 or more areas of the United States, such number of pilot projects as the Secretary determines to be suffi-

cient to test the feasibility of determining and issuing allotments to residents of covered facilities under paragraph (1) in lieu of subsection (a).

(B) PROJECT PLAN.—To be eligible to participate in a pilot project under subparagraph (A), a State agency shall submit to the Secretary for approval a project plan that includes—

(II) shall terminate all pilot projects under paragraph (2) within a reasonable period of time (as determined by the Secretary).

(ii) FINDING.—The finding referred to in clause (i) is that—

(I) an insufficient number of project plans that the Secretary determines to be eligible for approval are submitted by State agencies under paragraph (2)(B); or

(II)(aa) a sufficient number of pilot projects have been carried out under paragraph (2)(A); and

(bb) authorization of implementation of paragraph (1) in all States is not in the best interest of the supplemental nutrition assistance program.

APPROVAL OF RETAIL FOOD STORES AND WHOLESALE FOOD CONCERNS

SEC. 9. (a)(1) Regulations issued pursuant to this Act shall provide for the submission of applications for approval by retail food stores and wholesale food concerns which desire to be authorized to accept and redeem benefits under the supplemental nutrition assistance program and for the approval of those applicants whose participation will effectuate the purposes of the supplemental nutrition assistance program. In determining the qualifications of applicants, there shall be considered among such other factors as may

be appropriate, the following: (A) the nature and extent of the food business conducted by the applicant; (B) the volume of benefit transactions which may reasonably be expected to be conducted by the applicant food store or wholesale food concern; (C) whether the applicant is located in an area with significantly limited access to food; and (D) the business integrity and reputation of the applicant. Approval of an applicant shall be evidenced by the issuance to such applicant of a nontransferable certificate of approval. No retail food store or wholesale food concern of a type determined by the Secretary, based on factors that include size, location, and type of items sold, shall be approved to be authorized or reauthorized for participation in the supplemental nutrition assistance program unless an authorized employee of the Department of Agriculture, a designee of the Secretary, or, if practicable, an official of the State or local government designated by the Secretary has visited the store or concern for the purpose of determining whether the store or concern should be approved or reauthorized, as appropriate.

(2) The Secretary shall issue regulations providing for—

(A) the periodic reauthorization of retail food stores and wholesale food concerns; **[and]**

(B) periodic notice to participating retail food stores and wholesale food concerns of the definitions of “retail food store”, “staple foods”, “eligible foods”, and “perishable foods”**[.]; and**

(C) parameters for retail food store cooperation with the Secretary sufficient to carry out subsection (i).

(3) AUTHORIZATION PERIODS.—The Secretary shall establish specific time periods during which authorization to accept and redeem benefits shall be valid under the supplemental nutrition assistance program.

(b)(1) No wholesale food concern may be authorized to accept and redeem benefits unless the Secretary determines that its participation is required for the effective and efficient operation of the supplemental nutrition assistance program. No co-located wholesale-retail food concern may be authorized to accept and redeem benefits as a retail food store, unless (A) the concern does a substantial level of retail food business, or (B) the Secretary determines that failure to authorize such a food concern as a retail food store would cause hardship to households that receive supplemental nutrition assistance program benefits. In addition, no firm may be authorized to accept and redeem benefits as both a retail food store and as a wholesale food concern at the same time.

(2)(A) A buyer or transferee (other than a bona fide buyer or transferee) of a retail food store or wholesale food concern that has been disqualified under section 12(a) may not accept or redeem benefits until the Secretary receives full payment of any penalty imposed on such store or concern.

(B) A buyer or transferee may not, as a result of the sale or transfer of such store or concern, be required to furnish a bond under section 12(d).

(c) Regulations issued pursuant to this Act shall require an applicant retail food store or wholesale food concern to submit information, which may include relevant income and sales tax filing documents, purchase invoices, *contracts for electronic benefit transfer services and equipment, records necessary to validate the FNS authorization number to accept and redeem benefits*, or program-re-

lated records, which will permit a determination to be made as to whether such applicant qualifies, or continues to qualify, for approval under the provisions of this Act or the regulations issued pursuant to this Act. The regulations may require retail food stores and wholesale food concerns to provide written authorization for the Secretary to verify all relevant tax filings with appropriate agencies and to obtain corroborating documentation from other sources so that the accuracy of information provided by the stores and concerns may be verified. Regulations issued pursuant to this Act shall provide for safeguards which limit the use or disclosure of information obtained under the authority granted by this subsection to purposes directly connected with administration and enforcement of the provisions of this Act or the regulations issued pursuant to this Act, except that such information may be disclosed to any used by Federal law enforcement and investigative agencies and law enforcement and investigative agencies of a State government for the purposes of administering or enforcing this Act or any other Federal or State law and the regulations issued under this Act or such law, and State agencies that administer the special supplemental nutrition program for women, infants and children, authorized under section 17 of the Child Nutrition Act of 1966, for purposes of administering the provisions of that Act and the regulations issued under that Act. Any person who publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by Federal law (including a regulation) any information obtained under this subsection shall be fined not more than \$1,000 or imprisoned not more than 1 year, or both. The regulations shall establish the criteria to be used by the Secretary to determine whether the information is needed. The regulations shall not prohibit the audit and examination of such information by the Comptroller General of the United States authorized by any other provision of law.

(d) Any retail food store or wholesale food concern which has failed upon application to receive approval to participate in the supplemental nutrition assistance program may obtain a hearing on such refusal as provided in section 14 of this Act. A retail food store or wholesale food concern that is denied approval to accept and redeem benefits because the store or concern does not meet criteria for approval established by the Secretary may not, for at least 6 months, submit a new application to participate in the program. The Secretary may establish a longer time period under the preceding sentence, including permanent disqualification, that reflects the severity of the basis of the denial.

(e) Approved retail food stores shall display a sign providing information on how persons may report abuses they have observed in the operation of the supplemental nutrition assistance program.

(f) In those areas in which the Secretary, in consultation with the Inspector General of the Department of Agriculture, finds evidence that the operation of house-to-house trade routes damages the program's integrity, the Secretary shall limit the participation of house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to households.

(g) **EBT SERVICE REQUIREMENT.**—An approved retail food store shall provide adequate EBT service as described in section 7(h)(3)(B).

(h) PRIVATE ESTABLISHMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), no private establishment that contracts with a State agency to offer meals at concessional prices as described in paragraphs (3), (4), and (9) of section 3(k) may be authorized to accept and redeem benefits unless the Secretary determines that the participation of the private establishment is required to meet a documented need in accordance with section 11(e)(25).

(2) EXISTING CONTRACTS.—

(A) IN GENERAL.—If, on the day before the date of enactment of this subsection, a State has entered into a contract with a private establishment described in paragraph (1) and the Secretary has not determined that the participation of the private establishment is necessary to meet a documented need in accordance with section 11(e)(25), the Secretary shall allow the operation of the private establishment to continue without that determination of need for a period not to exceed 180 days from the date on which the Secretary establishes determination criteria, by regulation, under section 11(e)(25).

(B) JUSTIFICATION.—If the Secretary determines to terminate a contract with a private establishment that is in effect on the date of enactment of this subsection, the Secretary shall provide justification to the State in which the private establishment is located for that termination.

(3) REPORT TO CONGRESS.—Not later than 90 days after September 30, 2014, and 90 days after the last day of each fiscal year thereafter, the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report on the effectiveness of a program under this subsection using any information received from States under section 11(e)(25) as well as any other information the Secretary may have relating to the manner in which benefits are used.

(i) DATA COLLECTION FOR RETAIL FOOD STORE TRANSACTIONS.—

(1) COLLECTION OF DATA.—*To assist in making improvements to supplemental nutrition assistance program design, for each interval not greater than a 2-year period, the Secretary shall—*

(A) collect a statistically significant sample of retail food store transaction data, including the cost and description of items purchased with supplemental nutrition assistance program benefits, to the extent practicable and without affecting retail food store document retention practices; and

(B) make a summarized report of aggregated data collected under subparagraph (A) available to the public in a manner that prevents identification of individual retail food stores, individual retail food store chains, and individual members of households that use such benefits.

(2) NONDISCLOSURE.—*Any transaction data that contains information specific to a retail food store, a retail food store location, a person, or other entity shall be exempt from the disclosure requirements of Section 552(a) of title 5 of the United States Code pursuant to section 552(b)(3)(B) of title 5 of the United States Code. The Secretary shall limit the use or disclo-*

sure of information obtained under this subsection in a manner consistent with sections 9(c) and 11(e)(8).

SEC. 10. REDEMPTION OF PROGRAM BENEFITS.

Regulations issued pursuant to this Act shall provide for the redemption of benefits accepted by retail food stores through approved wholesale food concerns or through financial institutions which are insured by the Federal Deposit Insurance Corporation [or the Federal Savings and Loan Insurance Corporation], or which are insured under the Federal Credit Union Act and have retail food stores or wholesale food concerns in their field of membership, with the cooperation of the Treasury Department, except that retail food stores defined in section [3(p)(4)] 3(o)(4) shall be authorized to redeem their members' food benefits prior to receipt by the members of the food so purchased, retail food stores authorized to accept and redeem benefits through on-line transactions shall be authorized to accept benefits prior to the delivery of food if the delivery occurs within a reasonable time of the purchase, as determined by the Secretary, and publicly operated community mental health centers or private nonprofit organizations or institutions which serve meals to narcotics addicts or alcoholics in drug addiction or alcoholic treatment and rehabilitation programs, public and private nonprofit shelters that prepare and serve meals for battered women and children, and public or private nonprofit group living arrangements that serve meals to disabled or blind residents shall not be authorized to redeem benefits through financial institutions which are insured by the Federal Deposit Insurance Corporation [or the Federal Savings and Loan Insurance Corporation] or the Federal Credit Union Act. Notwithstanding the preceding sentence, a center, organization, institution, shelter, group living arrangement, or establishment described in that sentence may be authorized to redeem benefits through a financial institution described in that sentence if the center, organization, institution, shelter, group living arrangement, or establishment is equipped with 1 or more point-of-sale devices and is operating in an area in which an electronic benefit transfer system described in section 7(h) has been implemented. No financial institution may impose on or collect from a retail food store a fee or other charge for the redemption of benefits that are submitted to the financial institution in a manner consistent with the requirements, other than any requirements relating to cancellation of benefits, for the presentation of coupons by financial institutions to the Federal Reserve banks.

SEC. 11. ADMINISTRATION.

(a) STATE RESPONSIBILITY.—

(1) IN GENERAL.—The State agency of each participating State shall have responsibility for certifying applicant households and issuing EBT cards.

(2) LOCAL ADMINISTRATION.—The responsibility of the agency of the State government shall not be affected by whether the program is operated on a State-administered or county-administered basis, as provided under section [3(t)(1)] 3(s)(1).

(3) RECORDS.—

(A) IN GENERAL.—Each State agency shall keep such records as may be necessary to determine whether the pro-

gram is being conducted in compliance with this Act (including regulations issued under this Act).

(B) INSPECTION AND AUDIT.—**[Records described]** *All records, and the entire information systems in which records are contained, that are covered in subparagraph (A) shall—*

[(i) be available for inspection and audit at any reasonable time;]

(i) be made available for inspection and audit by the Secretary, subject to data and security protocols agreed to by the State agency and Secretary;

(ii) subject to subsection (e)(8), be available for review in any action filed by a household to enforce any provision of this Act (including regulations issued under this Act); and

(iii) be preserved for such period of not less than 3 years as may be specified in regulations.

(4) REVIEW OF MAJOR CHANGES IN PROGRAM DESIGN.—

(A) IN GENERAL.—The Secretary shall develop standards for identifying major changes in the operations of a State agency, including—

(i) large or substantially-increased numbers of low-income households that do not live in reasonable proximity to an office performing the major functions described in subsection (e);

(ii) substantial increases in reliance on automated systems for the performance of responsibilities previously performed by personnel described in subsection (e)(6)(B);

(iii) changes that potentially increase the difficulty of reporting information under subsection (e) or section 6(c); and

(iv) changes that may disproportionately increase the burdens on any of the types of households described in subsection (e)(2)(A).

(B) NOTIFICATION.—If a State agency implements a major change in operations, the State agency shall—

(i) notify the Secretary; and

(ii) collect such information as the Secretary shall require to identify and correct any adverse effects on program integrity or access, including access by any of the types of households described in subsection (e)(2)(A).

(b) When a State agency learns, through its own reviews under section 16 or other reviews, or through other sources, that it has improperly denied, terminated, or underissued benefits to an eligible household, the State agency shall promptly restore any improperly denied benefits to the extent required by sections 11(e)(11) and 14(b), and shall take other steps to prevent a recurrence of such errors where such error was caused by the application of State agency practices, rules or procedures inconsistent with the requirements of this Act or with regulations or policies of the Secretary issued under the authority of this Act.

(c) CIVIL RIGHTS COMPLIANCE.—

(1) IN GENERAL.—In the certification of applicant households for the supplemental nutrition assistance program, there shall be no discrimination by reason of race, sex, religious creed, national origin, or political affiliation.

(2) RELATION TO OTHER LAWS.—The administration of the program by a State agency shall be consistent with the rights of households under the following laws (including implementing regulations):

(A) The Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.).

(B) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794).

(C) The Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.).

(D) Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.).

(d) The State agency (as defined in section **[3(t)(1)] 3(s)(1)**) of each State desiring to participate in the supplemental nutrition assistance program shall submit for approval a plan of operation specifying the manner in which such program will be conducted within the State in every political subdivision. The Secretary may not, as a part of the approval process for a plan of operation, require a State to submit for prior approval by the Secretary the State agency instructions to staff, interpretations of existing policy, State agency methods of administration, forms used by the State agency, or any materials, documents, memoranda, bulletins, or other matter, unless the State determines that the materials, documents, memoranda, bulletins, or other matter alter or amend the State plan of operation or conflict with the rights and levels of benefits to which a household is entitled. In the case of all or part of an Indian reservation, the State agency as defined in section **[3(t)(1)] 3(s)(1)** shall be responsible for conducting such program on such reservation unless the Secretary determines that the State agency (as defined in section **[3(t)(1)] 3(s)(1)**) is failing, subsequent to the enactment of this Act, properly to administer such program on such reservation in accordance with the purposes of this Act and further determines that the State agency as defined in section **[3(t)(2)] 3(s)(2)** is capable of effectively and efficiently conducting such program, in light of the distance of the reservation from State agency-operated certification and issuance centers, the previous experience of such tribal organization in the operation of programs authorized under the Indian Self-Determination Act (25 U.S.C. 450) and similar Acts of Congress, the tribal organization's management and fiscal capabilities, and the adequacy of measures taken by the tribal organization to ensure that there shall be no discrimination in the operation of the program on the basis of race, color, sex, or national origin, in which event such State agency shall be responsible for conducting such program and submitting for approval a plan of operation specifying the manner in which such program will be conducted. The Secretary, upon the request of a tribal organization, shall provide the designees of such organization with appropriate training and technical assistance to enable them to qualify as expeditiously as possible as a State agency pursuant to section **[3(t)(2)] 3(s)(2)**. A State agency, as defined in section **[3(t)(1)] 3(s)(1)**, before it submits its plan of operation to the

Secretary for the administration of the supplemental nutrition assistance program on all or part of an Indian reservation, shall consult in good faith with the tribal organization about that portion of the State's plan of operation pertaining to the implementation of the program for members of the tribe, and shall implement the program in a manner that is responsive to the needs of the Indians on the reservation as determined by ongoing consultation with the tribal organization.

(e) The State plan of operation required under subsection (d) of this section shall provide, among such other provisions as may be required by regulation—

(1) that the State agency shall—

(A) at the option of the State agency, inform low-income households about the availability, eligibility requirements, application procedures, and benefits of the supplemental nutrition assistance program; and

(B) In carrying out subparagraph (A), a State agency—

(i) shall provide timely, accurate, and fair service to applicants for, and participants in, the supplemental nutrition assistance program;

(ii)(I) shall develop an application containing the information necessary to comply with this Act; and

(II) if the State agency maintains a website for the State agency, shall make the application available on the website in each language in which the State agency makes a printed application available;

(iii) shall permit an applicant household to apply to participate in the program on the same day that the household first contacts a supplemental nutrition assistance program office in person during office hours;

(iv) shall consider an application that contains the name, address, and signature of the applicant to be filed on the date the applicant submits the application;

(v) shall require that an adult representative of each applicant household certify in writing, under penalty of perjury, that—

(I) the information contained in the application is true; and

(II) all members of the household are citizens or are aliens eligible to receive supplemental nutrition assistance program benefits under section 6(f);

(vi) shall provide a method of certifying and issuing benefits to eligible homeless individuals, to ensure that participation in the supplemental nutrition assistance program is limited to eligible households; and

(vii) may establish operating procedures that vary for local supplemental nutrition assistance program offices to reflect regional and local differences within the State.

(C) ELECTRONIC AND AUTOMATED SYSTEMS.—

(i) IN GENERAL.—Nothing in this Act shall prohibit the use of signatures provided and maintained electronically, storage of records using automated retrieval systems only, or any other feature of a State agency's application system that does not rely exclusively on the collection and retention of paper applications or other records.

(ii) STATE OPTION FOR TELEPHONIC SIGNATURE.—A State agency may establish a system by which an applicant household may sign an application through a recorded verbal assent over the telephone.

(III) not deny or interfere with the right of the household to apply in writing;

(IV) promptly provide to the household member a written copy of the completed application, with instructions for a simple procedure for correcting any errors or omissions;

(V) comply with paragraph (1)(B);

(VI) satisfy all requirements for a signature on an application under this Act and other laws applicable to the supplemental nutrition assistance program, with the date on which the household member provides verbal assent considered as the date of application for all purposes; and

(VII) comply with such other standards as the Secretary may establish.

(2) DENIAL AND TERMINATION.—Except in a case of disqualification as a penalty for failure to comply with a public assistance program rule or regulation, no household shall have its application to participate in the supplemental nutrition assistance program denied nor its benefits under the supplemental nutrition assistance program terminated solely on the basis that its application to participate has been denied or its benefits have been terminated under any of the programs carried out under the statutes specified in the second sentence of section 5(a) and without a separate determination by the State agency that the household fails to satisfy the eligibility requirements for participation in the supplemental nutrition assistance program.

(j)(1) Any individual who is an applicant for or recipient of supplemental security income or social security benefits (under regulations prescribed by the Secretary in conjunction with the Commissioner of Social Security) shall be informed of the availability of benefits under the supplemental nutrition assistance program and informed of the availability of a simple application to participate in such program at the social security office.

(2) The Secretary and the Commissioner of Social Security shall revise the memorandum of understanding in effect on the date of enactment of the Food Security Act of 1985, regarding services to be provided in social security offices under this subsection and subsection (i), in a manner to ensure that—

(A) applicants for and recipients of social security benefits are adequately notified in social security offices that assistance may be available to them under this Act;

(B) applications for assistance under this Act from households in which all members are applicants for or recipients of supplemental security income will be forwarded immediately to the State agency in an efficient and timely manner; and

Any financial audit review subsequent to the first such review, required under the preceding sentence, shall be conducted at the option of the Office of the Inspector General.

(m) The Secretary shall provide for the use of fee agents in rural Alaska. As used in this subsection "fee agent" means a paid agent who, although not a State employee, is authorized by the State to make applications available to low-income households, assist in the completion of applications, conduct required interviews, secure required verification, forward completed applications and supporting documentation to the State agency, and provide other services as required by the State agency. Such services shall not include making final decisions on household eligibility or benefit levels.

(n) The Secretary shall require State agencies to conduct verification and implement other measures where necessary, but no less often than annually, to assure that an individual does not receive both benefits and benefits or payments referred to in section 6(g) or both benefits and assistance provided in lieu of benefits under section 17(b)(1).

(o)(1) The Secretary shall develop, after consultation with, and with the assistance of, an advisory group of State agencies appointed by the Secretary without regard to the provisions of the Federal Advisory Committee Act, a model plan for the comprehensive automation of data processing and computerization of information systems under the supplemental nutrition assistance program. If a State agency already has a sufficient automated data processing and information retrieval system, the State plan may, subject to the Secretary's approval, reflect the existing State system.

(3) Not later than April 1, 1988, the Secretary shall prepare and submit to Congress an evaluation of the degree and sufficiency of each State's automated data processing and computerized information systems for the administration of the supplemental nutrition assistance program, including State plans submitted under paragraph (2). Such report shall include an analysis of additional steps needed for States to achieve effective and cost-efficient data processing and information systems. The Secretary, thereafter, shall periodically update such report.

(4) Based on the Secretary's findings in such report submitted under paragraph (3), the Secretary may require a State agency, as necessary to rectify identified shortcomings in the administration of the supplemental nutrition assistance program in the State, except where such direction would displace State initiatives already under way, to take specified steps to automate data processing systems or computerize information systems for the administration of the supplemental nutrition assistance program in the State if the Secretary finds that, in the absence of such systems, there will be program accountability or integrity problems that will substantially affect the administration of the supplemental nutrition assistance program in the State.

(5)(A) Subject to subparagraph (B), in the case of a plan for an automated data processing and information retrieval system submitted by a State agency to the Secretary under paragraph (2), such State agency shall—

(i) commence implementation of its plan not later than October 1, 1988; and

(ii) meet the time frames set forth in the plan.

[(b) WORK SUPPLEMENTATION OR SUPPORT PROGRAM.—

[(1) DEFINITION OF WORK SUPPLEMENTATION OR SUPPORT PROGRAM.—In this subsection, the term "work supplementation or support program" means a program under which, as determined by the Secretary, public assistance (including any bene-

(c) QUALITY CONTROL SYSTEM.—

(1) IN GENERAL.—

(A) SYSTEM.—

(i) IN GENERAL.—In carrying out the supplemental nutrition assistance program, the Secretary shall carry

out a system that enhances payment accuracy and improves administration by establishing fiscal incentives that require State agencies with high payment error rates to share in the cost of payment error.

(ii) TOLERANCE LEVEL FOR EXCLUDING SMALL ERRORS.—The Secretary shall set the tolerance level for excluding small errors for the purposes of this subsection—

(I) for fiscal year 2014, at an amount not greater than \$37; **[and]**

(II) for each **[fiscal year thereafter]** *of the fiscal years 2015 through 2017*, the amount specified in subclause (I) adjusted by the percentage by which the thrifty food plan is adjusted under section 3(u)(4) between June 30, 2013, and June 30 of the immediately preceding fiscal year**[.]**; *and*

(III) for each fiscal year thereafter, \$0.

(B) ADJUSTMENT OF FEDERAL SHARE OF ADMINISTRATIVE COSTS FOR FISCAL YEARS BEFORE FISCAL YEAR 2003.—

(i) IN GENERAL.—Subject to clause (ii), with respect to any fiscal year before fiscal year 2003, the Secretary shall adjust a State agency’s federally funded share of administrative costs under subsection (a), other than the costs already shared in excess of 50 percent under the proviso in the first sentence of subsection (a) or under subsection (g), by increasing that share of all such administrative costs by 1 percentage point to a maximum of 60 percent of all such administrative costs for each full $\frac{1}{10}$ of a percentage point by which the payment error rate is less than 6 percent.

(ii) LIMITATION.—Only States with a rate of invalid decisions in denying eligibility that is less than a nationwide percentage that the Secretary determines to be reasonable shall be entitled to the adjustment under clause (i).

(C) ESTABLISHMENT OF LIABILITY AMOUNT FOR FISCAL YEAR 2003 AND THEREAFTER.—With respect to **[fiscal year 2004 and any fiscal year thereafter for which the Secretary determines that, for the second]** *any of the fiscal years 2004 through 2018 for which the Secretary determines that for the second or subsequent consecutive fiscal year, and with respect to fiscal year 2019 and any fiscal year thereafter for which the Secretary determines that for the third or subsequent consecutive fiscal year, a 95 percent statistical probability exists that the payment error rate of a State agency exceeds 105 percent of the national performance measure for payment error rates announced under paragraph (6), the Secretary shall establish an amount for which the State agency may be liable (referred to in this paragraph as the “liability amount”)* that is equal to the product obtained by multiplying—

(i) the value of all allotments issued by the State agency in the fiscal year;

(ii) the difference between—

- (I) the payment error rate of the State agency; and
- (II) 6 percent; and
- (iii) 10 percent.

(D) AUTHORITY OF SECRETARY WITH RESPECT TO LIABILITY AMOUNT.—With respect to the liability amount established for a State agency under subparagraph (C) for any fiscal year, the Secretary shall—

(i)
 (I) require that a portion, not to exceed 50 percent, of the liability amount established for the fiscal year be used by the State agency for new investment, approved by the Secretary, to improve administration by the State agency of the supplemental nutrition assistance program (referred to in this paragraph as the “new investment amount”), which new investment amount shall not be matched by Federal funds;

(II) designate a portion, not to exceed 50 percent, of the amount established for the fiscal year for payment to the Secretary in accordance with subparagraph (E) (referred to in this paragraph as the “at-risk amount”); or

(III) take any combination of the actions described in subclauses (I) and (II); or

(ii) make the determinations described in clause (i) and enter into a settlement with the State agency, only with respect to any new investment amount, before the end of the fiscal year in which the liability amount is determined under subparagraph (C).

(E) PAYMENT OF AT-RISK AMOUNT FOR CERTAIN STATES.—

(i) IN GENERAL.—A State agency shall pay to the Secretary the at-risk amount designated under subparagraph (D)(i)(II) for any fiscal year in accordance with clause (ii), if, with respect to the immediately following fiscal year, a liability amount has been established for the State agency under subparagraph (C).

(ii) METHOD OF PAYMENT OF AT-RISK AMOUNT.—

(II) ALTERNATIVE METHOD OF COLLECTION.—

(aa) IN GENERAL.—If the chief executive officer of the State fails to make the payment under subclause (I) within a reasonable period of time determined by the Secretary, the Secretary may reduce any amount due to the State agency under any other provision of this section by the amount required to be paid under clause (i).

(F) USE OF PORTION OF LIABILITY AMOUNT FOR NEW INVESTMENT.—

(i) REDUCTION OF OTHER AMOUNTS DUE TO STATE AGENCY.—In the case of a State agency that fails to comply with a requirement for new investment under subparagraph (D)(i)(I) or clause (iii)(I), the Secretary may reduce any amount due to the State agency under any other provision of this section by the portion of the liability amount that has not been used in accordance with that requirement.

(ii) EFFECT OF STATE AGENCY'S WHOLLY PREVAILING ON APPEAL.—If a State agency begins required new investment under subparagraph (D)(i)(I), the State agency appeals the liability amount of the State agency, and the determination by the Secretary of the liability amount is reduced to \$0 on administrative or judicial review, the Secretary shall pay to the State agency an amount equal to 50 percent of the new investment amount that was included in the liability amount subject to the appeal.

(iii) EFFECT OF SECRETARY'S WHOLLY PREVAILING ON APPEAL.—If a State agency does not begin required new investment under subparagraph (D)(i)(I), the State agency appeals the liability amount of the State agency, and the determination by the Secretary of the liability amount is wholly upheld on administrative or judicial review, the Secretary shall—

(I) require all or any portion of the new investment amount to be used by the State agency for new investment, approved by the Secretary, to improve administration by the State agency of the supplemental nutrition assistance program, which amount shall not be matched by Federal funds; and

(II) require payment of any remaining portion of the new investment amount in accordance with subparagraph (E)(ii).

(iv) EFFECT OF NEITHER PARTY'S WHOLLY PREVAILING ON APPEAL.—The Secretary shall promulgate regulations regarding obligations of the Secretary and the State agency in a case in which the State agency appeals the liability amount of the State agency and neither the Secretary nor the State agency wholly prevails.

(G) CORRECTIVE ACTION PLANS.—The Secretary shall foster management improvements by the States by requiring State agencies, other than State agencies with payment error rates of less than 6 percent, to develop and implement corrective action plans to reduce payment errors.

(4) REPORTING REQUIREMENTS.—The Secretary may require a State agency to report any factors that the Secretary considers necessary to determine a State agency’s payment error rate, liability amount or new investment amount under paragraph (1), or performance under the performance measures under subsection (d). If a State agency fails to meet the reporting requirements established by the Secretary, *including providing access to applicable State records and the entire information systems in which the records are contained*, the Secretary shall base the determination on all pertinent information available to the Secretary.

(5) PROCEDURES.—To facilitate the implementation of this subsection, each State agency shall expeditiously submit to the Secretary data concerning the operations of the State agency in each fiscal year sufficient for the Secretary to establish the State agency’s payment error rate, liability amount or new investment amount under paragraph (1), or performance under the performance measures under subsection (d). The Secretary shall initiate efforts to collect the amount owed by the State agency as a claim established under paragraph (1) for a fiscal year, subject to the conclusion of any formal or informal appeal procedure and administrative or judicial review under section 14 (as provided for in paragraph (7)), before the end of the fiscal year following such fiscal year.

(6) NATIONAL PERFORMANCE MEASURE FOR PAYMENT ERROR RATES.—

(A) ANNOUNCEMENT.—At the time the Secretary makes the notification to State agencies of their error rates, the Secretary shall also announce a national performance measure that shall be the sum of the products of each State agency’s error rate as developed for the notifications

(cc) METHODOLOGY.—The independent evaluation shall use valid statistical methods that can determine, for each pilot project, the difference, if any, between supplemental nutrition assistance and other public benefit receipt expenditures, employment, earnings and

other impacts as determined by the Secretary—

(AA) as a result of the employment and training programs and services provided by the State agency under the pilot project; as compared to

(BB) a control group that is not subject to the employment and training programs and services provided by the State agency under the pilot project.

(II) REPORTING.—Not later than December 31, 2015, and each December 31 thereafter until the completion of the last evaluation under subclause (I), the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate and share broadly, including by posting on the Internet website of the Department of Agriculture, a report that includes a description of—

(2) If, in carrying out such program during such fiscal year, a State agency incurs costs that exceed the amount allocated to the State agency under paragraph (1), the Secretary shall pay such State agency an amount equal to 50 per centum of such additional costs, subject to the first limitation in paragraph (3), including the costs for case management and casework to facilitate the transition from economic dependency to self-sufficiency through work.

(3) The Secretary shall also reimburse each State agency in an amount equal to 50 per centum of the total amount of payments made or costs incurred by the State agency in connection with transportation costs and other expenses reasonably necessary and directly related to participation in an employment and training program under section 6(d)(4) or a pilot project under paragraph (1)(F), except that the amount of the reimbursement for dependent care expenses shall not exceed an amount equal to the payment made **under section 6(d)(4)(I)(i)(II)** for dependent care expenses under section 6(d)(4) but not more than the applicable local market

rate, and such reimbursement shall not be made out of funds allocated under paragraph (1).

(E) MODIFICATIONS TO THE STATE EMPLOYMENT AND TRAINING PLAN.—Subject to terms and conditions established by the Secretary, if the Secretary determines that the performance of a State agency with respect to employment and training outcomes is inadequate, the Secretary may require the State agency to make modifications to the State employment and training plan to improve the outcomes.

(F) PERIODIC EVALUATION.—Subject to terms and conditions established by the Secretary, not later than October 1, 2016, and not less frequently than once every 5 years thereafter, the Secretary shall conduct a study to review existing practice and research to identify employment and training program components and practices that—

(ii) are best integrated with statewide workforce development systems.

(i)(1) The Department of Agriculture may use quality control information made available under this section to determine which project areas have payment error rates (as defined in subsection (d)(1)) that impair the integrity of the supplemental nutrition assistance program.

(2) The Secretary may require a State agency to carry out new or modified procedures for the certification of households in areas identified under paragraph (1) if the Secretary determines such procedures would improve the integrity of the supplemental nutrition assistance program and be cost effective.

RESEARCH, DEMONSTRATION, AND EVALUATIONS

SEC. 17. (a)(1) The Secretary may enter into contracts with or make grants to public or private organizations or agencies under this section to undertake research that will help improve the administration and effectiveness of the supplemental nutrition assistance program in delivering nutrition-related benefits. The waiver authority of the Secretary under subsection (b) shall extend to all contracts and grants under this section.

(2) The Secretary may, on application, permit not more than two State agencies to establish procedures that allow households whose monthly supplemental nutrition assistance program benefits do not exceed \$20, at their option, to receive, in lieu of their supplemental nutrition assistance program benefits for the initial period under section 8 and their regular allotment in following months, and at intervals of up to 3 months thereafter, aggregate allotments not to exceed \$60 and covering not more than 3 months' benefits. The allotments shall be provided in accordance with paragraphs (3) and (9) of section 11(e) (except that no household shall begin to receive combined allotments under this section until it has complied with all applicable verification requirements of section 11(e)(3)) and

(with respect to the first aggregate allotment so issued) within 40 days of the last benefit issuance.

(b)(1)(A) The Secretary may conduct on a trial basis, in one or more areas of the United States, pilot or experimental projects designed to test program changes that might increase the efficiency of the supplemental nutrition assistance program and improve the delivery of supplemental nutrition assistance program benefits to eligible households, and may waive any requirement of this Act to the extent necessary for the project to be conducted.

(B) PROJECT REQUIREMENTS.—

(i) PROGRAM GOAL.—The Secretary may not conduct a project under subparagraph (A) unless—

(III) test innovative welfare reform strategies; or

(IV) allow greater conformity with the rules of other programs than would be allowed but for this paragraph.

(I) may not include more than 15 percent of the number of households in the State receiving supplemental nutrition assistance program benefits; and

(II) shall continue for not more than 5 years after the date of implementation, unless the Secretary approves an extension requested by the State agency at any time.

(iv) IMPERMISSIBLE PROJECTS.—The Secretary may not conduct a project under subparagraph (A) that—

(I) involves the payment of the value of an allotment in the form of cash or otherwise providing benefits in a form not restricted to the purchase of food, unless the project was approved prior to the date of enactment of this subparagraph;

(II) has the effect of substantially transferring funds made available under this Act to services or benefits provided primarily through another public assistance program, or using the funds for any purpose other than the purchase of food, program

administration, or an employment or training program;

(III) is inconsistent with—

(aa) paragraphs (4) and (5) of section **【3(n)】** 3(m);

(bb) the last sentence of section 5(a), insofar as a waiver denies assistance to an otherwise eligible household or individual if the household or individual has not failed to comply with any work, behavioral, or other conduct requirement under this or another program;

(cc) section 5(c)(2);

(dd) paragraph (2)(B), (4)(F)(i), or (4)(K) of section 6(d);

(ee) section 8(b);

(ff) section 11(e)(2)(B);

(gg) the time standard under section 11(e)(3);

(hh) subsection (a), (c), (g), (h)(1)(F), (h)(2), or (h)(3) of section 16;

(ii) this paragraph; or

(jj) subsection (a)(1) or (g)(1) of section 20 *as in effect on the day before the date of the enactment of the Agriculture and Nutrition Act of 2018*;

(IV) modifies the operation of section 5 so as to have the effect of—

(aa) increasing the shelter deduction to households with no out-of-pocket housing costs or housing costs that consume a low percentage of the household's income; or

(bb) absolving a State from acting with reasonable promptness on substantial reported changes in income or household size (except that this subclause shall not apply with regard to changes related to supplemental nutrition assistance program deductions);

(V) is not limited to a specific time period;

(VI) waives a provision of section 26; or

(VII) waives a provision of section **【7(i)】** 7(h).

(v) **ADDITIONAL INCLUDED PROJECTS.**—A pilot or experimental project may include projects involving the payment of the value of allotments or the average value of allotments by household size in the form of cash to eligible households all of whose members are age sixty-five or over or any of whose members are entitled to supplemental security income benefits under title XVI of the Social Security Act or are receiving assistance under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), the use of identification mechanisms that do not invade a household's privacy, and the use of food checks or other voucher-type forms in place of EBT cards.

(vi) CASH PAYMENT PILOT PROJECTS.—Subject to the availability of appropriations under section 18(a), any pilot or experimental project implemented under this paragraph and operating as of October 1, 1981, involving the payment of the value of allotments in the form of cash to eligible households all of whose members are either age sixty-five or over or entitled to supplemental security income benefits under title XVI of the Social Security Act shall be continued if the State so requests.

(C)(i) No waiver or demonstration program shall be approved under this Act after the date of enactment of this subparagraph unless—

(I) any household whose food assistance is issued in a form other than EBT cards has its allotment increased to the extent necessary to compensate for any State or local sales tax that may be collected in all or part of the area covered by the demonstration project, the tax on purchases of food by any such household is waived, or the Secretary determines on the basis of information provided by the State agency that the increase is unnecessary on the basis of the limited nature of the items subject to the State or local sales tax; and

(II) the State agency conducting the demonstration project pays the cost of any increased allotments.

(ii) Clause (i) shall not apply if a waiver or demonstration project already provides a household with assistance that exceeds that which the household would otherwise be eligible to receive by more than the estimated amount of any sales tax on the purchases of food that would be collected from the household in the project area in which the household resides.

(D) RESPONSE TO WAIVERS.—

(i) RESPONSE.—Not later than 60 days after the date of receiving a request for a waiver under subparagraph (A), the Secretary shall provide a response that—

(I) approves the waiver request;

(II) denies the waiver request and describes any modification needed for approval of the waiver request;

(III) denies the waiver request and describes the grounds for the denial; or

(IV) requests clarification of the waiver request.

(ii) FAILURE TO RESPOND.—If the Secretary does not provide a response in accordance with clause (i), the waiver shall be considered approved, unless the approval is specifically prohibited by this Act.

(iii) NOTICE OF DENIAL.—On denial of a waiver request under clause (i)(III), the Secretary shall provide a copy of the waiver request and a description of the reasons for the denial to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

[(2) The Secretary shall, jointly with the Secretary of Labor, implement two pilot projects involving the performance of work in return for supplemental nutrition assistance program benefits in

each of the seven administrative regions of the Food and Nutrition Service of the Department of Agriculture, such projects to be (A) appropriately divided in each region between locations that are urban and rural in characteristics and among locations selected to provide a representative cross-section of political subdivisions in the States and (B) submitted for approval prior to project implementation, together with the names of the agencies or organizations that will be engaged in such projects, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate. Under such pilot projects, any person who is subject to the work registration requirements pursuant to section 6(d) of this Act, and is a member of a household that does not have earned income equal to or exceeding the allotment to which the household is otherwise entitled pursuant to section 8(a) of this Act, shall be ineligible to participate in the supplemental nutrition assistance program as a member of any household during any month in which such person refuses, after not being offered employment in the private sector of the economy for more than thirty days (ten days in at least one pilot project area designated by the Secretary) after the initial registration for employment referred to in section 6(d)(1)(A)(i) of this Act, to accept an offer of employment from a political subdivision or provider pursuant to a program carried out under title I of the Workforce Innovation and Opportunity Act, for which employment compensation shall be paid in the form of the allotment to which the household is otherwise entitled pursuant to section 8(a) of this Act, with each hour of employment entitling the household to a portion of the allotment equal in value to 100 per centum of the Federal minimum hourly rate under the Fair Labor Standards Act of 1938, as amended (29 U.S.C. 206(a)(1)); which employment shall not, together with any other hours worked in any other capacity by such person exceed forty hours a week; and which employment shall not be used by the employer to fill a job opening created by the action of such employer in laying off or terminating the employment of any regular employee not supported under this paragraph in anticipation of filling the vacancy so created by hiring an employee or employees to be supported under this paragraph, if all of the jobs supported under the program have been made available to participants in the program before the political subdivision or provider providing the jobs extends an offer of employment under this paragraph, and if the political subdivision or provider, in employing the person, complies with the requirements of Federal law that relate to the program. The Secretary and the Secretary of Labor shall jointly issue reports to the appropriate committees of Congress on the progress of such pilot projects no later than six and twelve months following enactment of this Act, shall issue interim reports no later than October 1, 1979, October 1, 1980, and March 30, 1981, shall issue a final report describing the results of such pilot projects based upon their operation from their commencement through the fiscal year ending September 30, 1981, and shall pay to the agencies or organizations operating such pilot projects 50 per centum of all administrative costs involved in such operation.】

(3)(A) The Secretary may conduct demonstration projects to test improved consistency or coordination between the supplemental nutrition assistance program employment and training program

and the Job Opportunities and Basic Skills program under title IV of the Social Security Act (42 U.S.C. 601 et seq.).

(B) Notwithstanding paragraph (1), the Secretary may, as part of a project authorized under this paragraph, waive requirements under section 6(d) to permit a State to operate an employment and training program for supplemental nutrition assistance program recipients on the same terms and conditions under which the State operates its Job Opportunities and Basic Skills program for recipients of aid to families with dependent children under part F of title IV of the Social Security Act (42 U.S.C. 681 et seq.). Any work experience program conducted as part of the project shall be conducted in conformity with section 482(f) of such Act (42 U.S.C. 682(f)).

(C) A State seeking such a waiver shall provide assurances that the resulting employment and training program shall meet the requirements of subsections (a)(19) and (g) of section 402 of such Act (42 U.S.C. 602) (but not including the provision of transitional benefits under clauses (ii) through (vii) of section 402(g)(1)(A)) and sections 481 through 487 of such Act (42 U.S.C. 681 through 687). Each reference to "aid to families with dependent children" in such sections shall be deemed to be a reference to supplemental nutrition assistance program benefits for purposes of the demonstration project.

(D) Notwithstanding the other provisions of this paragraph, participation in an employment and training activity in which supplemental nutrition assistance program benefits are converted to cash shall occur only with the consent of the participant.

(E) For the purposes of any project conducted under this paragraph, the provisions of this Act affecting the rights of recipients may be waived to the extent necessary to conform to the provisions of section 402, and sections 481 through 487, of the Social Security Act.

(F) At least 60 days prior to granting final approval of a project under this paragraph, the Secretary shall publish the terms and conditions for any demonstration project conducted under the paragraph for public comment in the Federal Register and shall notify the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(G) Waivers may be granted under this paragraph to conduct projects at any one time in a total of up to 60 project areas (or parts of project areas), as such areas are defined in regulations in effect on January 1, 1990.

(H) A waiver for a change in program rules may be granted under this paragraph only for a demonstration project that has been approved by the Secretary, that will be evaluated according to criteria prescribed by the Secretary, and that will be in operation for no more than 4 years.

(I) The Secretary may not grant a waiver under this paragraph on or after the date of enactment of this subparagraph. Any reference in this paragraph to a provision of title IV of the Social Security Act shall be deemed to be a reference to such provision as in effect on the day before such date.

(c) The Secretary shall develop and implement measures for evaluating, on an annual or more frequent basis, the effectiveness of

the supplemental nutrition assistance program in achieving its stated objectives, including, but not limited to, the program's impact upon the nutritional and economic status of participating households, the program's impact upon all sectors of the agricultural economy, including farmers and ranchers, as well as retail food stores, and the program's relative fairness to households of different income levels, different age composition, different size, and different regions of residence. Further, the Secretary shall, by way of making contracts with or grants to public or private organizations or agencies, implement pilot programs to test various means of measuring on a continuing basis the nutritional status of low income people, with special emphasis on people who are eligible for supplemental nutrition assistance, in order to develop minimum common criteria and methods for systematic nutrition monitoring that could be applied on a nationwide basis. The locations of the pilot programs shall be selected to provide a representative geographic and demographic cross-section of political subdivisions that reflect natural usage patterns of health and nutritional services and that contain high proportions of low income people. The Secretary shall report on the progress of these pilot programs on an annual basis commencing on July 1, 1982, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate, together with such recommendations as the Secretary deems appropriate.

(d) EMPLOYMENT INITIATIVES PROGRAM.—

(1) ELECTION TO PARTICIPATE.—

(A) IN GENERAL.—Subject to the other provisions of this subsection, a State may elect to carry out an employment initiatives program under this subsection.

(B) REQUIREMENT.—A State shall be eligible to carry out an employment initiatives program under this subsection only if not less than 50 percent of the households in the State that received supplemental nutrition assistance program benefits during the summer of 1993 also received benefits under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) during the summer of 1993.

(2) PROCEDURE.—

(A) IN GENERAL.—A State that has elected to carry out an employment initiatives program under paragraph (1) may use amounts equal to the allotments that would otherwise be issued to a household under the supplemental nutrition assistance program, but for the operation of this subsection, to provide cash benefits in lieu of the allotments to the household if the household is eligible under paragraph (3).

(B) PAYMENT.—The Secretary shall pay to each State that has elected to carry out an employment initiatives program under paragraph (1) an amount equal to the value of the allotment that each household participating in the program in the State would be eligible to receive under this Act but for the operation of this subsection.

(C) OTHER PROVISIONS.—For purposes of the supplemental nutrition assistance program (other than this subsection)—

(i) cash assistance under this subsection shall be considered to be an allotment; and

(ii) each household receiving cash benefits under this subsection shall not receive any other supplemental nutrition assistance program benefits during the period for which the cash assistance is provided.

(D) ADDITIONAL PAYMENTS.—Each State that has elected to carry out an employment initiatives program under paragraph (1) shall—

(i) increase the cash benefits provided to each household participating in the program in the State under this subsection to compensate for any State or local sales tax that may be collected on purchases of food by the household, unless the Secretary determines on the basis of information provided by the State that the increase is unnecessary on the basis of the limited nature of the items subject to the State or local sales tax; and

(ii) pay the cost of any increase in cash benefits required by clause (i).

(3) ELIGIBILITY.—A household shall be eligible to receive cash benefits under paragraph (2) if an adult member of the household—

(A) has worked in unsubsidized employment for not less than the preceding 90 days;

(B) has earned not less than \$350 per month from the employment referred to in subparagraph (A) for not less than the preceding 90 days;

(C)(i) is receiving benefits under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); or

(ii) was receiving benefits under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) at the time the member first received cash benefits under this subsection and is no longer eligible for the State program because of earned income;

(D) is continuing to earn not less than \$350 per month from the employment referred to in subparagraph (A); and

(E) elects to receive cash benefits in lieu of supplemental nutrition assistance program benefits under this subsection.

(4) EVALUATION.—A State that operates a program under this subsection for 2 years shall provide to the Secretary a written evaluation of the impact of cash assistance under this subsection. The State agency, with the concurrence of the Secretary, shall determine the content of the evaluation.

(e) The Secretary shall conduct a study of the effects of reductions made in benefits provided under this Act pursuant to part 1 of subtitle A of title I of the Omnibus Budget Reconciliation Act of 1981, the Food Stamp and Commodity Distribution Amendments of 1981, the Food Stamp Act Amendments of 1982, and any other laws enacted by the Ninety-seventh Congress which affect the supplemental nutrition assistance program. The study shall include a study of the effect of retrospective accounting and periodic reporting procedures established under such Acts, including the impact

on benefit and administrative costs and on error rates and the degree to which eligible households are denied supplemental nutrition assistance program benefits for failure to file complete periodic reports. The Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate an interim report on the results of such study no later than February 1, 1984, and a final report on the results of such study no later than March 1, 1985.

(f) In order to encourage States to plan, design, develop, and implement a system for making supplemental nutrition assistance program benefits available through the use of intelligent benefit cards or other automated or electronic benefit delivery systems, the Secretary may conduct one or more pilot or experimental projects, subject to the restrictions imposed by subsection (b)(1) and section 7(f)(2), designed to test whether the use of such cards or systems can enhance the efficiency and effectiveness of program operations while ensuring that individuals receive correct benefit amounts on a timely basis. Intelligent benefit cards developed under such a demonstration project shall contain information, encoded on a computer chip embedded in a credit card medium, including the eligibility of the individual and the amount of benefits to which such individual is entitled. Any other automated or electronic benefit delivery system developed under such a demonstration project shall be able to use a plastic card to access such information from a data file.

(g) In order to assess the effectiveness of the employment and training programs established under section 6(d) in placing individuals into the work force and withdrawing such individuals from the supplemental nutrition assistance program, the Secretary is authorized to carry out studies comparing the pre- and post-program labor force participation, wage rates, family income, level of receipt of supplemental nutrition assistance program and other transfer payments, and other relevant information, for samples of participants in such employment and training programs as compared to the appropriate control or comparison groups that did not participate in such programs. Such studies shall, to the maximum extent possible—

(1) collect such data for up to 3 years after the individual has completed the employment and training program; and

(2) yield results that can be generalized to the national program as a whole.

The results of such studies and reports shall be considered in developing or updating the performance standards required under section 6.

(h) The Secretary shall conduct a sufficient number of demonstration projects to evaluate the effects, in both rural and urban areas, of including in financial resources under section 5(g) the fair market value of licensed vehicles to the extent the value of each vehicle exceeds \$4,500, but excluding the value of—

(1) any licensed vehicle that is used to produce earned income, necessary for transportation of an elderly or physically disabled household member, or used as the household's home; and

(2) one licensed vehicle used to obtain, continue, or seek employment (including travel to and from work), used to pursue employment-related education or training, or used to secure food or the benefits of the supplemental nutrition assistance program.

(i) The Secretary shall conduct, under such terms and conditions as the Secretary shall prescribe, for a period not to exceed 4 years, projects to test allowing not more than 11,000 eligible households, in the aggregate, to accumulate resources up to \$10,000 each (which shall be excluded from consideration as a resource) for later expenditure for a purpose directly related to improving the education, training, or employability (including self-employment) of household members, for the purchase of a home for the household, for a change of the household's residence, or for making major repairs to the household's home.

(j) The Secretary shall use up to \$4,000,000 of the funds provided in advance in appropriations Acts for projects authorized by this section to conduct demonstration projects in which State or local supplemental nutrition assistance program agencies test innovative ideas for working with State or local law enforcement agencies to investigate and prosecute benefit trafficking.

(k) PILOT PROJECTS TO EVALUATE HEALTH AND NUTRITION PROMOTION IN THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM.—

(1) IN GENERAL.—The Secretary shall carry out, under such terms and conditions as the Secretary considers to be appropriate, pilot projects to develop and test methods—

(A) of using the supplemental nutrition assistance program to improve the dietary and health status of households eligible for or participating in the supplemental nutrition assistance program; and

(B) to reduce overweight, obesity (including childhood obesity), and associated co-morbidities in the United States.

(2) GRANTS.—

(A) IN GENERAL.—In carrying out this subsection, the Secretary may enter into competitively awarded contracts or cooperative agreements with, or provide grants to, public or private organizations or agencies (as defined by the Secretary), for use in accordance with projects that meet the strategy goals of this subsection.

(C) SELECTION CRITERIA.—Pilot projects shall be evaluated against publicly disseminated criteria that may include—

(i) identification of a low-income target audience that corresponds to individuals living in households with incomes at or below 185 percent of the poverty level;

(ii) incorporation of a scientifically based strategy that is designed to improve diet quality through more healthful food purchases, preparation, or consumption;

(iii) a commitment to a pilot project that allows for a rigorous outcome evaluation, including data collection;

(iv) strategies to improve the nutritional value of food served during school hours and during after-school hours;

(v) innovative ways to provide significant improvement to the health and wellness of children;

(vi) other criteria, as determined by the Secretary.

(D) USE OF FUNDS.—Funds provided under this paragraph shall not be used for any project that limits the use of benefits under this Act.

(3) PROJECTS.—Pilot projects carried out under paragraph (1) may include projects to determine whether healthier food purchases by and healthier diets among households participating in the supplemental nutrition assistance program result from projects that—

(A) increase the supplemental nutrition assistance purchasing power of the participating households by providing increased supplemental nutrition assistance program benefit allotments to the participating households;

(B) increase access to farmers markets by participating households through the electronic redemption of supplemental nutrition assistance program benefits at farmers' markets;

(C) provide incentives to authorized supplemental nutrition assistance program retailers to increase the availability of healthy foods to participating households;

(D) subject authorized supplemental nutrition assistance program retailers to stricter retailer requirements with respect to carrying and stocking healthful foods;

(E) provide incentives at the point of purchase to encourage households participating in the supplemental nutrition assistance program to purchase fruits, vegetables, or other healthful foods; or

(F) provide to participating households integrated communication and education programs, including the provision of funding for a portion of a school-based nutrition coordinator to implement a broad nutrition action plan and parent nutrition education programs in elementary schools, separately or in combination with pilot projects carried out under subparagraphs (A) through (E).

(II) REQUIREMENT.—The independent evaluation under subclause (I) shall use rigorous methodologies, particularly random assignment or other methods that are capable of producing scientific

ically valid information regarding which activities are effective.

(ii) COSTS.—The Secretary may use funds provided to carry out this section to pay costs associated with monitoring and evaluating each pilot project.

(B) REPORTING.—Not later than 90 days after the last day of fiscal year 2009 and each fiscal year thereafter until the completion of the last evaluation under subparagraph (A), the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report that includes a description of—

(A) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section for each of fiscal years 2008 through 2012.

(B) MANDATORY FUNDING.—Out of any funds made available under section 18, on October 1, 2008, the Secretary shall make available \$20,000,000 to carry out a project described in paragraph (3)(E), to remain available until expended.

AUTHORIZATION FOR APPROPRIATIONS

SEC. 18. (a)(1) To carry out this Act, there are authorized to be appropriated such sums as are necessary for each of fiscal years 2008 through [2018] 2023. Not to exceed one-fourth of 1 per centum of the previous year’s appropriation is authorized in each such fiscal year to carry out the provisions of section 17 of this Act, subject to paragraph (3).

(2) No funds authorized to be appropriated under this Act or any other Act of Congress shall be used by any person, firm, corporation, group, or organization at any time, directly or indirectly, to interfere with or impede the implementation of any provision of this Act or any rule, regulation, or project thereunder, except that this limitation shall not apply to the provision of legal and related assistance in connection with any proceeding or action before any State or Federal agency or court. The President shall ensure that

this paragraph is complied with by such order or other means as the President deems appropriate.

(3)(A) Of the amounts made available under the second sentence of paragraph (1), not more than \$2,000,000 in any fiscal year may be used by the Secretary to make 2-year competitive grants that will—

(b) In any fiscal year, the Secretary shall limit the value of those allotments issued to an amount not in excess of the appropriation for such fiscal year. Notwithstanding any other provision of this Act, if in any fiscal year the Secretary finds that the requirements of participating States will exceed the appropriation, the Secretary shall direct State agencies to reduce the value of such allotments to be issued to households certified as eligible to participate in the supplemental nutrition assistance program to the extent necessary to comply with the provisions of this subsection.

(c) In prescribing the manner in which allotments will be reduced under subsection (b) of this section, the Secretary shall ensure that such reductions reflect, to the maximum extent practicable, the ratio of household income, determined under sections 5(d) and 5(e) of this Act, to the income standards of eligibility, for households of equal size, determined under section 5(c) of this Act. The Secretary may, in prescribing the manner in which allotments will be reduced, establish (1) special provisions applicable to persons sixty years of age or over and persons who are physically or mentally handicapped or otherwise disabled, and (2) minimum allotments after any reductions are otherwise determined under this section.

(d) Not later than sixty days after the issuance of a report under subsection (a) of this section in which the Secretary expresses the belief that reductions in the value of allotments to be issued to households certified to participate in the supplemental nutrition assistance program will be necessary, the Secretary shall take the requisite action to reduce allotments in accordance with the requirements of this section. Not later than seven days after the Secretary takes any action to reduce allotments under this section, the

Secretary shall furnish the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a statement setting forth (1) the basis of the Secretary's determination, (2) the manner in which the allotments will be reduced, and (3) the action that has been taken by the Secretary to reduce the allotments.

return for compensation consisting of the allotment to which the household is entitled under section 8(a) of this Act, with each hour of such work entitling that household to a portion of its allotment equal in value to 100 per centum of the higher of the applicable State minimum wage or the Federal minimum hourly rate under the Fair Labor Standards Act of 1938.

[(B) A political subdivision may comply with the requirements of this section by operating any workfare program which the Secretary determines meets the provisions and protections provided under this section.

[(b) A household member shall be exempt from workfare requirements imposed under this section if such member is—

[(1) exempt from section 6(d)(1) as the result of clause (B), (C), (D), (E), or (F) of section 6(d)(2);

[(5) sixty years of age or older; or

[(6) a parent or other caretaker of a child in a household in which another member is subject to the requirements of this section or is employed fulltime.

[(c) No operating agency shall require any participating member to work in any workfare position to the extent that such work exceeds in value the allotment to which the household is otherwise entitled or that such work, when added to any other hours worked during such week by such member for compensation (in cash or in kind) in any other capacity, exceeds thirty hours a week.

[(d) The operating agency shall—

[(1) not provide any work that has the effect of replacing or preventing the employment of an individual not participating in the workfare program;

[(2) provide the same benefits and working conditions that are provided at the job site to employees performing comparable work for comparable hours; and

[(3) reimburse participants for actual costs of transportation and other actual costs all of which are reasonably necessary and directly related to participation in the program but not to exceed \$25 in the aggregate per month.

[(e) The operating agency may allow a job search period, prior to making workfare assignments, of up to thirty days following a determination of eligibility.

[(f) DISQUALIFICATION.—An individual or a household may become ineligible under section 6(d)(1) to participate in the supplemental nutrition assistance program for failing to comply with this section.

[(g)(1) The Secretary shall pay to each operating agency 50 per centum of all administrative expenses incurred by such agency in

operating a workfare program, including reimbursements to participants for work-related expenses as described in subsection (d)(3) of this section.

[(2)(A) From 50 per centum of the funds saved from employment related to a workfare program operated under this section, the Secretary shall pay to each operating agency an amount not to exceed the administrative expenses described in paragraph (1) for which no reimbursement is provided under such paragraph.

[(B) For purposes of subparagraph (A), the term “funds saved from employment related to a workfare program operated under this section” means an amount equal to three times the dollar value of the decrease in allotments issued to households, to the extent that such decrease results from wages received by members of such households for the first month of employment beginning after the date such members commence such employment if such employment commences—

[(i) while such members are participating for the first time in a workfare program operated under this section; or

[(ii) in the thirty-day period beginning on the date such first participation is terminated.

[(3) The Secretary may suspend or cancel some or all of these payments, or may withdraw approval from a political subdivision to operate a workfare program, upon a finding that the subdivision has failed to comply with the workfare requirements.]

(ii) carry out any activity not authorized under section 112 of that Act (including appropriate Federal regulations).

(g) CERTIFICATION AND CONTINUOUS IMPROVEMENT OF ONE-STOP CENTERS.—

(1) IN GENERAL.—In order to be eligible to receive infrastructure funding described in subsection (h), the State board, in consultation with chief elected officials and local boards, shall establish objective criteria and procedures for use by local boards in assessing at least once every 3 years the effectiveness, physical and programmatic accessibility in accordance with section 188, if applicable, and the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), and continuous improvement of one-stop centers and the one-stop delivery system, consistent with the requirements of section 101(d)(6).

(2) CRITERIA.—The criteria and procedures developed under this subsection shall include standards relating to service coordination achieved by the one-stop delivery system with respect to the programs administered by the one-stop partners at the one-stop centers. Such criteria and procedures shall—

(A) be developed in a manner that is consistent with the guidelines, guidance, and policies provided by the Governor and by the State board, in consultation with the chief elected officials and local boards, for such partners' participation under subsections (h)(1) and (i); and

(B) include such factors relating to the effectiveness, accessibility, and improvement of the one-stop delivery system as the State board determines to be appropriate, including at a minimum how well the one-stop center—

(i) supports the achievement of the negotiated local levels of performance for the indicators of performance described in section 116(b)(2) for the local area;

(ii) integrates available services; and

(iii) meets the workforce development and employment needs of local employers and participants.

(3) LOCAL CRITERIA.—Consistent with the criteria developed under paragraph (1) by the State, a local board in the State may develop additional criteria (or higher levels of service coordination than required for the State-developed criteria) relating to service coordination achieved by the one-stop delivery system, for purposes of assessments described in paragraph (1), in order to respond to labor market, economic, and demographic, conditions and trends in the local area.

(4) EFFECT OF CERTIFICATION.—One-stop centers certified under this subsection shall be eligible to receive the infrastructure funding described in subsection (h).

(5) REVIEW AND UPDATE.—The criteria and procedures established under this subsection shall be reviewed and updated by the State board or the local board, as the case may be, as part of the biennial process for review and modification of State and local plans described in sections 102(c)(2) and 108(a).

(h) FUNDING OF ONE-STOP INFRASTRUCTURE.—

(1) IN GENERAL.—

(A) OPTIONS FOR INFRASTRUCTURE FUNDING.—

(i) LOCAL OPTIONS.—The local board, chief elected officials, and one-stop partners described in subsection (b)(1) in a local area may fund the costs of infrastructure of one-stop centers in the local area through—

(I) methods agreed on by the local board, chief elected officials, and one-stop partners (and described in the memorandum of understanding described in subsection (c)); or

(II) if no consensus agreement on methods is reached under subclause (I), the State infrastructure funding mechanism described in paragraph (2).

(ii) FAILURE TO REACH CONSENSUS AGREEMENT ON FUNDING METHODS.—Beginning July 1, 2016, if the local board, chief elected officials, and one-stop partners described in subsection (b)(1) in a local area fail to reach consensus agreement on methods of sufficiently funding the costs of infrastructure of one-stop centers for a program year, the State infrastructure funding mechanism described in paragraph (2) shall be applicable to such local area for that program year and for each subsequent program year for which those entities and individuals fail to reach such agreement.

(B) GUIDANCE FOR INFRASTRUCTURE FUNDING.—In addition to carrying out the requirements relating to the State infrastructure funding mechanism described in paragraph (2), the Governor, after consultation with chief elected officials, local boards, and the State board, and consistent with the guidance and policies provided by the State board under subparagraphs (B) and (C)(i) of section 101(d)(7), shall provide, for the use of local areas under subparagraph (A)(i)(I)—

(i) guidelines for State-administered one-stop partner programs, for determining such programs' contributions to a one-stop delivery system, based on such programs' proportionate use of such system consistent with chapter II of title 2, Code of Federal Regulations (or any corresponding similar regulation or ruling), including determining funding for the costs of infrastructure, which contributions shall be negotiated pursuant to the memorandum of understanding under subsection (c); and

(ii) guidance to assist local boards, chief elected officials, and one-stop partners in local areas in determining equitable and stable methods of funding the costs of infrastructure of one-stop centers in such areas.

(2) STATE ONE-STOP INFRASTRUCTURE FUNDING.—

(A) DEFINITION.—In this paragraph, the term “covered portion”, used with respect to funding for a fiscal year for a program described in subsection (b)(1), means a portion determined under subparagraph (C) of the Federal funds provided to a State (including local areas within the State) under the Federal law authorizing that program described in subsection (b)(1) for the fiscal year (taking into account the availability of funding for purposes related to infrastructure from philanthropic organizations, private entities, or other alternative financing options).

(B) PARTNER CONTRIBUTIONS.—Subject to subparagraph (D), for local areas in a State that are not covered by paragraph (1)(A)(i)(I), the covered portions of funding for a fiscal year shall be provided to the Governor from the programs described in subsection (b)(1), to assist in paying the costs of infrastructure of one-stop centers in those local areas of the State not adequately funded under the option described in paragraph (1)(A)(i)(I).

(C) DETERMINATION OF GOVERNOR.—

(i) IN GENERAL.—Subject to clause (ii) and subparagraph (D), the Governor, after consultation with chief elected officials, local boards, and the State board, shall determine the portion of funds to be provided under subparagraph (B) by each one-stop partner from each program described in subparagraph (B). In making such determination for the purpose of determining funding contributions, for funding pursuant to clause (i)(II) or (ii) of paragraph (1)(A) by each partner, the Governor shall calculate amounts for the proportionate use of the one-stop centers in the State, consistent with chapter II of title 2, Code of Federal Regulations (or any corresponding similar regulation or ruling), taking into account the costs of administration of the one-stop delivery system for purposes not related to one-stop centers, for each partner. The Governor shall exclude from such determination of funds the amounts for proportionate use of one-stop centers attributable to the programs of one-stop partners for those local areas of the State where the costs of infrastructure of one-stop centers are funded under the option described in paragraph (1)(A)(i)(I). The Governor shall also take into account the statutory requirements for each partner program and the partner program's ability to fulfill such requirements.

(ii) SPECIAL RULE.—In a State in which the State constitution or a State statute places policymaking authority that is independent of the authority of the Governor in an entity or official with respect to the funds provided for adult education and literacy activities authorized under title II, postsecondary career and technical education activities authorized under the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.), or vocational rehabilitation services offered under a provision covered by section 3(13)(D), the determination described in clause (i) with respect to the programs authorized under that title, Act, or provision shall be made by the chief officer of the entity, or the official, with such authority in consultation with the Governor.

(D) LIMITATIONS.—

(i) PROVISION FROM ADMINISTRATIVE FUNDS.—

(I) IN GENERAL.—Subject to subclause (II), the funds provided under this paragraph by each one-stop partner shall be provided only from funds available for the costs of administration under the

program administered by such partner, and shall be subject to the program's limitations with respect to the portion of funds under such program that may be used for administration.

(II) EXCEPTIONS.—Nothing in this clause shall be construed to apply to the programs carried out under this title, or under title V of the Older Americans Act of 1965 (42 U.S.C. 3056 et seq.).

(ii) CAP ON REQUIRED CONTRIBUTIONS.—For local areas in a State that are not covered by paragraph (1)(A)(i)(I), the following rules shall apply:

(I) WIA FORMULA PROGRAMS AND EMPLOYMENT SERVICE.—The portion of funds required to be contributed under this paragraph from a program authorized under chapter 2 or 3, or the Wagner-Peyser Act (29 U.S.C. 49 et seq.) shall not exceed 3 percent of the amount of Federal funds provided to carry out that program in the State for a fiscal year.

(II) OTHER ONE-STOP PARTNERS.—The portion of funds required to be contributed under this paragraph from a program described in subsection (b)(1) other than the programs described in subclause (I) shall not exceed 1.5 percent of the amount of Federal funds provided to carry out that program in the State for a fiscal year.

(III) VOCATIONAL REHABILITATION.—Notwithstanding subclauses (I) and (II), an entity administering a program described in subsection (b)(1)(B)(iv) shall not be required to provide from that program, under this paragraph, a portion that exceeds—

(aa) 0.75 percent of the amount of Federal funds provided to carry out such program in the State for the second full program year that begins after the date of enactment of this Act;

(bb) 1.0 percent of the amount provided to carry out such program in the State for the third full program year that begins after such date;

(cc) 1.25 percent of the amount provided to carry out such program in the State for the fourth full program year that begins after such date; and

(dd) 1.5 percent of the amount provided to carry out such program in the State for the fifth and each succeeding full program year that begins after such date.

(iii) FEDERAL DIRECT SPENDING PROGRAMS.—For local areas in a State that are not covered by paragraph (1)(A)(i)(I), an entity administering a program funded with direct spending as defined in section 250(c)(8) of the Balanced Budget and Emergency Deficit Control Act of 1985, as in effect on February 15,

2014 (2 U.S.C. 900(c)(8)) shall not be required to provide, for purposes of this paragraph, an amount in excess of the amount determined under subparagraph (C)(i) to be equivalent to the cost of the proportionate use of the one-stop centers for the one-stop partner for such program in the State.

(iv) NATIVE AMERICAN PROGRAMS.—One-stop partners for Native American programs established under section 166 shall not be subject to the provisions of this subsection (other than this clause) or subsection (i). For purposes of subsection (c)(2)(A)(ii)(II), the method for determining the appropriate portion of funds to be provided by such partners to pay for the costs of infrastructure of a one-stop center shall be determined as part of the development of the memorandum of understanding under subsection (c) for the one-stop center and shall be stated in the memorandum.

(E) APPEAL BY ONE-STOP PARTNERS.—The Governor shall establish a process, described under section 102(b)(2)(D)(i)(IV), for a one-stop partner administering a program described in subsection (b)(1) to appeal a determination regarding the portion of funds to be provided under this paragraph. Such a determination may be appealed under the process on the basis that such determination is inconsistent with the requirements of this paragraph. Such process shall ensure prompt resolution of the appeal in order to ensure the funds are distributed in a timely manner, consistent with the requirements of section 182(e).

(3) ALLOCATION BY GOVERNOR.—

(A) IN GENERAL.—From the funds provided under paragraph (1), the Governor shall allocate the funds to local areas described in subparagraph (B) in accordance with the formula established under subparagraph (B) for the purposes of assisting in paying the costs of infrastructure of one-stop centers.

(B) ALLOCATION FORMULA.—The State board shall develop a formula to be used by the Governor to allocate the funds provided under paragraph (1) to local areas not funding costs of infrastructure under the option described in paragraph (1)(A)(i)(I). The formula shall be based on factors including the number of one-stop centers in a local area, the population served by such centers, the services provided by such centers, and other factors relating to the performance of such centers that the State board determines are appropriate.

(4) COSTS OF INFRASTRUCTURE.—In this subsection, the term “costs of infrastructure”, used with respect to a one-stop center, means the nonpersonnel costs that are necessary for the general operation of the one-stop center, including the rental costs of the facilities, the costs of utilities and maintenance, equipment (including assessment-related products and assistive technology for individuals with disabilities), and technology to

facilitate access to the one-stop center, including the center's planning and outreach activities.

(i) OTHER FUNDS.—

(1) IN GENERAL.—Subject to the memorandum of understanding described in subsection (c) for the one-stop delivery system involved, in addition to the funds provided to carry out subsection (h), a portion of funds made available under Federal law authorizing the programs described in subsection (b) and administered by one-stop partners, or the noncash resources available under such programs, shall be used to pay the additional costs relating to the operation of the one-stop delivery system that are not paid from the funds provided under subsection (h), as determined in accordance with paragraph (3), to the extent not inconsistent with the Federal law involved. Such costs shall include the costs of the provision of career services described in section 134(c)(2) applicable to each program and may include common costs that are not paid from the funds provided under subsection (h).

(2) SHARED SERVICES.—The costs described under paragraph (1) may include costs of services that are authorized for and may be commonly provided through the one-stop partner programs to any individual, such as initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, referrals to other one-stop partners, and other similar services.

(3) DETERMINATION AND GUIDANCE.—The method for determining the appropriate portion of funds and noncash resources to be provided by the one-stop partner for each program under paragraph (1) for a one-stop center shall be determined as part of the development of the memorandum of understanding under subsection (c) for the one-stop center and shall be stated in the memorandum. The State board shall provide guidance to facilitate the determination, for purposes of the memorandum of understanding, of an appropriate allocation of the funds and noncash resources in local areas, consistent with the requirements of section 101(d)(6)(C).

(j)(1) If the Secretary must pay a significantly higher than expected price for one or more types of commodities purchased under the commodity supplemental food program, the Secretary shall promptly determine whether the price is likely to cause the number of persons that can be served in the program in a fiscal year to decline.

(2) If the Secretary determines that such a decline would occur, the Secretary shall promptly notify the State agencies charged with operating the program of the decline and shall ensure that a State

Such additional ownership requirements may be based on the face amount of the loan, the outstanding loan balance or on a percentage of the interest payable by the borrower during any year or during any quarter thereof, or upon such other basis as the bank determines will provide adequate capital for the operation of the bank and equitable ownership thereof among borrowers. [In the case of a direct loan by the Central Bank, the borrower shall be required to own or invest in the necessary stock in a district bank or banks and such district bank shall be required to own a corresponding amount of stock in the Central Bank, but voting stock shall be in the one district bank designated by the Farm Credit Administration.]

(d) In any case where the debt of a borrower is in default, or in any case of liquidation or dissolution of a present or former borrower from a bank for cooperatives, the bank may, but shall not be required to, retire and cancel all or a part of the stock, allocated surplus or contingency reserves, or any other equity in the bank owned by or allocated to such borrower, at the fair market value thereof not exceeding par, and, to the extent required in such cases, corresponding shares and allocations and other equity interests held by a **[district]** bank in another **[district]** bank *for cooperatives or successor bank* on account of such indebtedness, shall be retired or equitably adjusted. SEC. 3.11. EARNINGS AND RESERVES; APPLICATION OF SAVINGS.—

(a) At the end of each fiscal year, the net savings shall, under regulations prescribed by the Farm Credit Administration, continue to be applied on a cooperative basis with provision for sound, adequate capitalization to meet the changing financing needs of eligible cooperative borrowers and prudent corporate fiscal management, to the end that current year's patrons carry their fair share of the capitalization, ultimate expenses, and reserves related to the year's operations and the remaining net savings shall be distributed as patronage refunds as provided in **[subsections (b) and (c)] subsection (b)** of this section. Such regulations may provide for application of net savings to the restoration or maintenance of an allocated surplus account, reasonable additions to unallocated surplus, or to unallocated reserves after payment of operating expenses, and provide for allocations to patrons not qualified under the Internal Revenue Code, or payment of such per centum of patronage refunds in cash, as the board may determine.

(b) The net savings of each **[district]** bank for cooperatives, after the earnings for the fiscal year have been applied in accordance with subsection (a) shall be paid in stock, participation certificates, or cash, or in any of them, as determined by its board, as patronage refunds to borrowers to whom such refunds are payable who are borrowers of the fiscal year for which such patronage refunds are distributed. **[Except as provided in subsection (c) below, all]** All patronage refunds shall be paid in proportion that the amount of interest and service fees on the loans to each borrower during the year bears to the interest and service fees on the loans of all borrowers during the year or on such other proportionate patronage basis as may be approved by the board of directors.

[(c) The net savings of the Central Bank for Cooperatives after the earnings for the fiscal year have been applied in accordance with subsection (a) shall be paid in stock or cash, or both, as determined by the board, as patronage refunds to the district banks on the basis of interest held by the Central Bank in loans made by the district banks and upon any direct loans made by the Central Bank to cooperative associations, or on such other proportionate patronage basis as may be approved by the board of directors. In cases of direct loans, such refund shall be paid to the district bank or banks which issued their stock to the borrower incident to such loans, and the district bank or banks shall issue a like amount of patronage refunds to the borrower.

[(d)] (c) In the event of a net loss in any fiscal year after providing for all operating expenses (including reasonable valuation reserves and losses in excess of any applicable reserves), such loss may be carried forward or carried back, if appropriate, or otherwise shall be absorbed by charges to unallocated reserve or surplus accounts established after the date of enactment of this Act; charges to allocated contingency reserve account; charges to allocated surplus accounts; charges to other contingency reserve and surplus accounts; the impairment of voting stock; or the impairment of all other stock.

[(e)] (d) Notwithstanding any other provisions of this section any costs or expenses attributable to a prior year or years but not recognized in determining the net savings for such year or years may be charged to reserves or surplus of the bank or to patronage allocations for such years, as may be determined by the board of directors.

[(f)] (e) A bank for cooperatives may pay in cash such portion of its patronage refunds as will permit its taxable income to be determined without taking into account savings applied as allocated surplus, allocated contingency reserves, and patronage refunds under subsection (a) of this section.

 - (ii) in which the charter of an institution that is not seeking the charter amendment authorizes the institution to exercise the type of lending authority that is the subject of the charter request.
- (B) The Farm Credit Administration may approve a charter amendment under subparagraph (A) only on the approval of—
 - (i) the respective boards of directors of the associations that, if the charter request is approved, would exercise like lending authority in any of the territory that is the subject of the charter request;

(B) Amendments described in subparagraph (A) to the charters of an association and the related Farm Credit Bank shall be approved by the Farm Credit Administration, subject to any conditions of approval imposed, by not later than 30 days after the date on which the Farm Credit Administration receives all approvals required by section 7.7(a)(2).

Except as provided in paragraph (2), the regulation shall not become effective if, within ninety calendar days of continuous session of Congress after the date of promulgation, both Houses of Congress adopt a concurrent resolution, the matter after the resolving clause of which is as follows: "That Congress disapproves the regulation promulgated by the Farm Credit Administration dealing with the matter of _____, which regulation was transmitted to _____ Congress on _____", the blank spaces therein being appropriately filled.

(2) If at the end of sixty calendar days of continuous session of Congress after the date of promulgation of a regulation, no committee of either House of Congress has reported or been discharged from further consideration of a concurrent resolution disapproving the regulation, and neither House has adopted such a resolution, the regulation may go into effect immediately. If, within such sixty calendar days, such a committee has reported or been discharged from further consideration of such a resolution, or either House has adopted such a resolution, the regulation may go into effect not sooner than ninety calendar days of continuous session of Congress after its promulgation unless disapproved as provided in paragraph (1).

(3) For the purposes of paragraphs (1) and (2) of this subsection—

The

Farm Credit Administration shall give notice of intention to publish in the event of such noncompliance at least 90 days before such publication. Such notice of intention may be given any time after such notification of recommendations and suggestions.

(d) On receipt of a request made under section 5.59(b)(1)(B) with respect to a System institution, the Farm Credit Administration shall—

(2)(A) examine, or obtain other information on, the institution and furnish for the confidential use of the Farm Credit System Insurance Corporation the report of the examination and such other information; or

(B) if the Farm Credit Administration Board determines that compliance with the request would substantially impair the ability of the Farm Credit Administration to carry out the other duties and responsibilities of the Farm Credit Administration under this Act, notify the Board of Directors of the Farm Credit System Insurance Corporation that the Farm Credit Administration will be unable to comply with the request.

(e) *A System institution shall not be considered to have waived the confidentiality of a privileged communication with an attorney or accountant if the institution provides the content of the communication to the Farm Credit Administration pursuant to the supervisory or regulatory authorities of the Farm Credit Administration.*

For purposes of this section, any directive issued under section 4.3(b)(2), 4.3A(e), or [4.14A(i)] 4.14A(h) shall be treated as an effective and outstanding order issued under section 5.25 that has become final.

SEC. 5.31A. SCOPE OF JURISDICTION.

(a) *For purposes of sections 5.25, 5.26, and 5.33, the jurisdiction of the Farm Credit Administration over parties, and the authority of the Farm Credit Administration to initiate actions, shall include enforcement authority over institution-affiliated parties.*

(b) *The resignation, termination of employment or participation, or separation of an institution-affiliated party (including a separation caused by the merger, consolidation, conservatorship, or receivership of a System institution) shall not affect the jurisdiction and*

authority of the Farm Credit Administration to issue any notice or order and proceed under this part against any such party, if the notice or order is served before the end of the 6-year period beginning on the date the party ceased to be such a party with respect to the System institution (whether the date occurs before, on, or after the date of the enactment of this section).

SEC. 5.32. PENALTY.—(a) Any institution in the System that violates or any officer, director, employee, agent, or other person participating in the conduct of the affairs of such an institution who violates the terms of any order that has become final and was issued under section 5.25 or 5.26 of this Act, shall forfeit and pay a civil penalty of not more than \$1,000 per day for each day during which such violation continues. Any such institution or person who violates any provision of this Act or any regulation issued under this Act shall forfeit and pay a civil penalty of not more than \$500 per day for each day during which such violation continues. Notwithstanding the preceding sentences, the Farm Credit Administration may, in its discretion, compromise, modify, or remit any civil money penalty that is subject to imposition or has been imposed under such authority. The penalty may be assessed and collected by the Farm Credit Administration by written notice.

(b) Before determining whether to assess a civil money penalty and determining the amount of such penalty, the Farm Credit Administration shall notify the institution or person to be assessed of the violation or violations alleged to have occurred or to be occurring, and shall solicit the views of the institution or person regarding the imposition of such penalty. In determining the amount of the penalty, the Farm Credit Administration shall take into account the appropriateness of the penalty with respect to the size of financial resources and good faith of the System institution or person charged, the gravity of the violation, the history of previous violations, and such other matters as justice may require.

(c) The System institution or person assessed shall be afforded an opportunity for a hearing by the Farm Credit Administration, upon request made within ten days after issuance of the notice of assessment. In such hearing all issues shall be determined on the record pursuant to section 554 of title 5 of the United States Code. The Farm Credit Administration determination shall be made by final order which may be reviewed only as provided in subsection (d). If no hearing is requested as herein provided, the assessment shall constitute a final and unappealable order.

(d) Any System institution or person against whom an order imposing a civil money penalty has been entered after a Farm Credit Administration hearing under this section may obtain review by the United States court of appeals for the circuit in which the home office of the System institution is located, or the United States Court of Appeals for the District of Columbia Circuit, by filing a notice of appeal in such court within twenty days after the service of such order, and simultaneously sending a copy of such notice by registered or certified mail to the Farm Credit Administration. The Farm Credit Administration shall promptly certify and file in such Court the record upon which the penalty was imposed, as provided in section 2112 of title 28 of the United States Code. Final orders of the Farm Credit Administration issued under subsection (c) shall be reviewable under chapter 7 of title 5, United States Code.

(e) If any System institution or person fails to pay an assessment after it has become a final and unappealable order, or after the court of appeals has entered final judgment in favor of the Farm Credit Administration, the Farm Credit Administration shall refer the matter to the Attorney General, who shall recover the amount assessed by action in the appropriate United States district court. In such action, the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

(f) The Farm Credit Administration shall promulgate regulations establishing procedures necessary to implement section 5.31 and this section.

(g) All penalties collected under authority of this section shall be covered into the Treasury of the United States.

(h) For purposes of this section, any directive issued under section 4.3(b)(2), 4.3A(e), or ~~4.14A(i)~~ 4.14A(h) shall be treated as an order that has become final and was issued under section 5.25.

Subtitle B—Regulation of Financial Safety and Soundness of Federal Agricultural Mortgage Corporation

* * * * *

SEC. 8.32. RISK-BASED CAPITAL LEVELS.

(a) RISK-BASED CAPITAL TEST.—[Not sooner than the expiration of the 3-year period beginning on the date of enactment of the Farm Credit System Reform Act of 1996, the] *The* Director of the Office of Secondary Market Oversight shall, by regulation, establish a risk-based capital test under this section for the Corporation. When applied to the Corporation, the risk-based capital test shall determine the amount of regulatory capital for the Corporation that is sufficient for the Corporation to maintain positive capital during a 10-year period in which both of the following circumstances occur:

(1) CREDIT RISK.—

(A) IN GENERAL.—With respect to securities representing an interest in, or obligations backed by, a pool of qualified loans owned or guaranteed by the Corporation and other obligations of the Corporation, losses on the underlying

qualified loans occur throughout the United States at a rate of default and severity (based on any measurements of default reasonably related to prevailing industry practice in determining capital adequacy) reasonably related to the rate and severity that occurred in contiguous areas of the United States containing an aggregate of not less than 5 percent of the total population of the United States that, for a period of not less than 2 years (as established by the Director), experienced the highest rates of default and severity of agricultural mortgage losses, in comparison with such rates of default and severity of agricultural mortgage losses in other such areas for any period of such duration, as determined by the Director.

(B) RURAL UTILITY LOANS.—With respect to securities representing an interest in, or obligation backed by, a pool of qualified loans described in section ~~8.0(9)(C)~~ 8.0(7)(C) owned or guaranteed by the Corporation, losses occur at a rate of default and severity reasonably related to risks in electric and telephone facility loans (as applicable), as determined by the Director.

(2) INTEREST RATE RISK.—Interest rates on Treasury obligations of varying terms increase or decrease over the first 12 months of such 10-year period by not more than the lesser of (A) 50 percent (with respect to the average interest rates on such obligations during the 12-month period preceding the 10-year period), or (B) 600 basis points, and remain at such level for the remainder of the period. This paragraph may not be construed to require the Director to determine interest rate risk under this paragraph based on the interest rates for various long-term and short-term obligations all increasing or all decreasing concurrently.

(b) CONSIDERATIONS.—

(1) ESTABLISHMENT OF TEST.—In establishing the risk-based capital test under subsection (a)—

(A) the Director shall take into account appropriate distinctions based on various types of agricultural mortgage products, varying terms of Treasury obligations, and any other factors the Director considers appropriate;

(B) the Director shall conform loan data used in determining credit risk to the minimum geographic and commodity diversification standards applicable to pools of qualified loans eligible for guarantee;

(C) the Director may take into account retained subordinated participating interests under section 8.6(b)(2) (as in effect before the date of the enactment of the Farm Credit System Reform Act of 1996);

(D) the Director may take into account other methods or tests to determine credit risk developed by the Corporation before December 13, 1991; and

(E) the Director shall consider any other information submitted by the Corporation in writing during the 180-day period beginning on December 13, 1991.

(2) REVISING TEST.—Upon the expiration of the 8-year period beginning on December 13, 1991, the Director shall examine the risk-based capital test under subsection (a) and may revise

the test. In making examinations and revisions under this paragraph, the Director shall take into account that, before December 13, 1991, the Corporation has not issued guarantees for pools of qualified loans. To the extent that the revision of the risk-based capital test causes a change in the classification of the Corporation within the enforcement levels established under section 8.35, the Director shall waive the applicability of any additional enforcement actions available because of such change for a reasonable period of time, to permit the Corporation to increase the amount of regulatory capital of the Corporation accordingly.

(c) **RISK-BASED CAPITAL LEVEL.**—For purposes of this subtitle, the risk-based capital level for the Corporation shall be equal to the sum of the following amounts:

(1) **CREDIT AND INTEREST RATE RISK.**—The amount of regulatory capital determined by applying the risk-based capital test under subsection (a) to the Corporation, adjusted to account for foreign exchange risk.

(2) **MANAGEMENT AND OPERATIONS RISK.**—To provide for management and operations risk, 30 percent of the amount of regulatory capital determined by applying the risk-based capital test under subsection (a) to the Corporation.

(d) **SPECIFIED CONTENTS.**—

(1) **IN GENERAL.**—The regulations establishing the risk-based capital test under this section shall—

(A) be issued by the Director for public comment in the form of a notice of proposed rulemaking, to be first published after the expiration of the period referred to in subsection (a); and

(B) contain specific requirements, definitions, methods, variables, and parameters used under the risk-based capital test and in implementing the test (such as loan loss severity, float income, loan-to-value ratios, taxes, yield curve slopes, default experience, prepayment rates, and performance of pools of qualified loans).

(2) **SPECIFICITY.**—The regulations referred to in paragraph (1) shall be sufficiently specific to permit an individual other than the Director to apply the test in the same manner as the Director.

(e) **AVAILABILITY OF MODEL.**—The Director shall make copies of the statistical model or models used to implement the risk-based capital test under this section available for public acquisition and may charge a reasonable fee for such copies.

SEC. 8.33. MINIMUM CAPITAL LEVEL.

(a) **IN GENERAL.**—Except as provided in subsection (b), for purposes of this subtitle, the minimum capital level for the Corporation shall be an amount of core capital equal to the sum of—

(1) 2.75 percent of the aggregate on-balance sheet assets of the Corporation, as determined in accordance with generally accepted accounting principles; and

- (A) the unpaid principal balance of outstanding securities that are guaranteed by the Corporation and backed by pools of qualified loans;

 - (iii) 2.55 percent of on-balance sheet assets of the Corporation other than assets designated under paragraph (2);
 - (C) during the 1-year period ending December 31, 1998, shall be the amount of core capital equal to—
 - (i) if the Corporation's core capital is not less than \$25,000,000 on January 1, 1998, the sum of—
 - (I) 0.65 percent of aggregate off-balance sheet obligations of the Corporation;
 - (II) 1.95 percent of designated on-balance sheet assets of the Corporation, as determined under paragraph (2); and
 - (III) 2.65 percent of on-balance sheet assets of the Corporation other than assets designated under paragraph (2); or

(B) the aggregate amount of qualified loans purchased and held by the Corporation under section 8.3(c)(13).

[SEC. 406. CAPITALIZATION.—(a) The telephone bank's capital shall consist of capital subscribed by the United States, by borrowers from the telephone bank, by corporations and public bodies eligible to become borrowers from the telephone bank, and by organizations controlled by such borrowers, corporations, and public bodies. Beginning with the fiscal year 1971 and for each fiscal year thereafter but not later than fiscal year 1991, the United States shall furnish capital for the purchase of class A stock and there are hereby authorized to be appropriated such amounts, not to exceed \$30,000,000 annually, for such purchases until such class A stock shall equal \$600,000,000: *Provided*, That on or before July 1, 1975, the Secretary shall make a report to the President for transmittal to the Congress on the status of capitalization of the telephone bank by the United States with appropriate recommendations. As used in this section and section 301, the term "net collection proceeds" shall be deemed to mean payments from and after July 1, 1969, of principal and interest on loans heretofore or hereafter made under section 201 of this Act, less an amount representing interest payable to the Secretary of the Treasury on loans to the Secretary for telephone purposes.

[(b) The capital stock of the telephone bank shall consist of three classes, class A, class B, and class C, the rights, powers, privileges, and preferences of the separate classes to be as specified, not inconsistent with law, in the bylaws of the telephone bank. Class B and class C stock shall be voting stock, but no holder of said stock shall be entitled to more than one vote, nor shall class B and class C stockholders, regardless of their number, which are owned or con-

trolled by the same person, group of persons, firm, association, or corporation, be entitled in any event to more than one vote.

[(c) Class A stock shall be issued only to the Secretary on behalf of the United States in exchange for capital furnished to the telephone bank pursuant to subsection (a), and such class A stock shall be redeemed and retired by the telephone bank as soon as practicable after September 30, 1995, but not to the extent that the Telephone Bank Board determines that such retirement will impair the operations of the telephone bank: *Provided*, That the minimum amount of class A stock that shall be retired each year after said date shall equal the amount of class B stock sold by the telephone bank during such year. Class A stock shall be entitled to a return, payable from income, at the rate of 2 per centum per annum on the amounts of said class A stock actually paid into the telephone bank. Such return shall be cumulative and shall be payable annually into miscellaneous receipts of the Treasury.

[(d) Class B stock shall be held only by recipients of loans under section 408 of this Act. Borrowers receiving loan funds pursuant to section 408(a)(1) or (2) shall be required to invest in class B stock 5 per centum of the amount of loan funds so provided, by paying an amount equal to 5 per centum of the amount of each loan advance, at the time of such advance. No dividends shall be payable on class B stock. All holders of class B stock shall be entitled to patronage refunds in class B stock under terms and conditions to be specified in the bylaws of the telephone bank.

[(e) Class C stock shall be available for purchase and shall be held only by borrowers, or by corporations and public bodies eligible to borrow under section 408 of this Act, or by organizations controlled by such borrowers, corporations and public bodies, and shall be entitled to dividends in the manner specified in the bylaws of the telephone bank. Such dividends shall be payable only from income and, until all class A stock is retired, shall not exceed the current average rate payable on its telephone debentures.

[(f) If a firm, association, corporation, or public body is not authorized under the laws of the jurisdiction in which it is organized to acquire stock of the telephone bank, the telephone bank shall, in lieu thereof, permit such organization to pay into a special fund of the telephone bank a sum equivalent to the amount of stock to be purchased. Each reference in this title to capital stock, or to class B, or class C stock, shall include also the special fund equivalents of such stock, and to the extent permitted under the laws of the jurisdiction in which such organization is organized, a holder of special fund equivalents of class B, or class C stock, shall have the same rights and status as a holder of class B or class C stock, respectively. The rights and obligations of the telephone bank in respect of such special fund equivalent shall be identical to its rights and obligations in respect of class B or class C stock, respectively.

[(g) After payment of all operating expenses of the telephone bank, including interest on its telephone debentures, setting aside appropriate funds for the reserve for loan losses, and making payments in lieu of taxes, and returns on class A stock as provided in section 406(c), and on class C stock, the Telephone Bank Board shall annually set aside the remaining earnings of the telephone bank for patronage refunds in accordance with the bylaws of the telephone bank. The telephone bank may not establish any reserve

other than the reserves referred to in this subsection and in subsection (h).

[(h) There is hereby established in the telephone bank a reserve for losses due to interest rate fluctuations. Within 30 days after the date of the enactment of this subsection, the Governor of the telephone bank shall transfer to the reserve for losses due to interest rate fluctuations all amounts in the reserve for contingencies as of the date of the enactment of this subsection. All amounts so transferred shall not be transferred, directly or indirectly, to the reserve for contingencies. Amounts in the reserve for interest rate fluctuations may be expended only to cover operating losses of the telephone bank (other than losses attributable to loan defaults) and only after taking into consideration any recommendations made by the General Accounting Office under section 1413(b) of the Omnibus Budget Reconciliation Act of 1987.

[(i) The Governor of the telephone bank may invest in obligations of the United States the amounts in the account in the Treasury of the United States numbered 12X8139 (known as the "RTB Equity Fund").

[SEC. 407. BORROWING POWER.—(a) The telephone bank is authorized to obtain funds through the public or private sale of its bonds, debentures, notes, and other evidences of indebtedness (herein collectively called telephone debentures). Telephone debentures shall be issued at such times, bear interest at such rates, and contain such other terms and conditions as the Telephone Bank Board shall determine: *Provided, however,* That the amount of the telephone debentures which may be outstanding at any one time pursuant to this section shall not exceed twenty times the paid-in capital and retained earnings of the telephone bank. Telephone debentures shall not be exempt, either as to principal or interest, from any taxation now or hereafter imposed by the United States, by any territory, dependency, or possession thereof, or by any State or local taxing authority. Telephone debentures shall be lawful investments and may be accepted as security for all fiduciary, trust, and public funds, the investment or deposit of which shall be under the authority and control of the United States or any officer or officers thereof.

[(b) The Telephone Bank is also authorized to issue telephone debentures to the Secretary of the Treasury, and the Secretary of the Treasury may in his discretion purchase any such debentures, and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities hereafter issued under the Second Liberty Bond Act, as now or hereafter in force, and the purposes for which securities may be issued under the Second Liberty Bond Act as now or hereafter in force are extended to include such purchases. Each purchase of telephone debentures by the Secretary of the Treasury under this subsection shall be upon such terms and conditions as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury, taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturity. The Secretary of the Treasury may sell, upon such terms and conditions and at such price or prices as he shall determine, any of the telephone debentures acquired by him under this subsection. All purchases and sales by the Sec-

retary of the Treasury of such debentures under this subsection shall be treated as public debt transactions of the United States.

[(c) Purchases and resales by the Secretary of the Treasury as authorized in subsection (b) of this section shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States.

[SEC. 408. LENDING POWER.—(a) The Governor of the telephone bank shall make loans on behalf of the telephone bank, to the extent that there are qualifying applications therefor, subject only to limitations as to amounts authorized for loans and advances as may be imposed by law enacted by the Congress of the United States for loans to be made in any one year, and in conformance with policies approved by the Telephone Bank Board, to corporations and public bodies which have received a loan or loan commitment pursuant to section 201 of this Act, or which have been certified by the Secretary to be eligible for such a loan or loan commitment, (1) for the same purposes and under the same limitations for which loans may be made under section 201 of this Act, (2) for the acquisition, purchase, and installation of telephone lines, systems, and facilities (other than buildings used primarily for administrative purposes, vehicles not used primarily in construction, and customer premise equipment) related to the furnishing, improvement, or extension of rural telecommunications service, and (3) of the purchase of class B stock required to be purchased under section 406(d) of this Act but not for the purchase of class C stock, subject, as to the purposes set forth in (2) hereof, to the following provisions: That in the case of any such loan for the acquisition of telephone lines, facilities, or systems, the acquisition shall be approved by the Secretary, the location and character thereof shall be such as to improve the efficiency, effectiveness, or financial stability of the telephone system of the borrower, and in respect of exchange facilities for local services, the size of each acquisition shall not be greater than the borrower's existing system at the time it receives its first loan from the telephone bank, taking into account the number of subscribers served, miles or line, and plant investment. Loans and advances made under this section shall not be included in the totals of the budget of the United States Government and shall be exempt from any general limitation imposed by statute on expenditures and net lending (budget outlays) of the United States.

[(b) Loans under this section shall be on such terms and conditions as the Governor of the telephone bank shall determine, subject, however, to the following restrictions:

[(1) All loans made under this section shall be fully amortized over a period not to exceed fifty years.

[(2) Funds to be loaned under this Act to any borrower shall be loaned under this section in preference to section 201 if the borrower is eligible for such a loan and funds are available therefor. Notwithstanding the foregoing or any other provision of law, all loans made pursuant to this Act for facilities for telephone systems with an average subscriber density of three or fewer per mile shall be made under section 201 of this Act; but this provision shall not preclude the making of such loans from the telephone bank at the election of the borrower.

[(3)(A) Loans under this section shall bear interest at the “cost of money rate”. The cost of money rate is defined as the average cost of moneys to the telephone bank as determined by the Governor, but not less than 5 per centum per annum.

[(B) On and after the date of the enactment of this subparagraph, advances made on or after such date of enactment under loan commitments made on or after October 1, 1987, shall bear interest at the rate determined under subparagraph (C), but in no event at a rate that is less than 5 percent per annum.

[(C) The rate determined under this subparagraph shall be—

[(i) for the period beginning on the date the advance is made and ending at the close of the fiscal year in which the advance is made, the average yield (on the date of the advance) on outstanding marketable obligations of the United States having a final maturity comparable to the final maturity of the advance; and

[(ii) after the fiscal year in which the advance is made, the cost of money rate for such fiscal year, as determined under subparagraph (D).

[(D) Within 30 days after the end of each fiscal year, the Governor shall determine to the nearest 0.01 percent the cost of money rate for the fiscal year, by calculating the sum of the results of the following calculations:

[(i) The aggregate of all amounts received by the telephone bank during the fiscal year from the issuance of class A stock, multiplied by the rate of return payable by the telephone bank during the fiscal year, as specified in section 406(c), to holders of class A stock, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

[(ii) The aggregate of all amounts received by the telephone bank during the fiscal year from the issuance of class B stock, multiplied by the rate at which dividends are payable by the telephone bank during the fiscal year, as specified in section 406(d), to holders of class B stock, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year. For purposes of the calculation under this subparagraph, such rate shall be zero.

[(iii) The aggregate of all amounts received by the telephone bank during the fiscal year from the issuance of class C stock, multiplied by the rate at which dividends are payable by the telephone bank during the fiscal year, under section 406(e), to holders of class C stock, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

[(iv)(I) The sum of the results of the calculations described in subclause (II).

[(II) The amounts received by the telephone bank during the fiscal year from each issue of telephone debentures and other obligations of the telephone bank, multiplied, respectively, by the rates at which interest is payable during the fiscal year by the telephone bank to holders of each issue,

each of which products is divided, respectively, by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

[(v)(I) The amount by which the aggregate of the amounts advanced by the telephone bank during the fiscal year exceeds the aggregate of the amounts received by the telephone bank from the issuance of class A stock, class B stock, class C stock, and telephone debentures and other obligations of the telephone bank during the fiscal year, multiplied by the historic cost of money rate as of the close of the fiscal year immediately preceding the fiscal year, which product is divided by the aggregate of the amounts advanced by the telephone bank during the fiscal year.

[(II) For purposes of this clause, the term “historic cost of money rate”, with respect to the close of a preceding fiscal year, means the sum of the results of the following calculations: The amounts advanced by the telephone bank in each fiscal year during the period beginning with fiscal year 1974 and ending with the preceding fiscal year, multiplied, respectively, by the cost of money rate for the fiscal year (as set forth in the table in subparagraph (E)) for fiscal years 1974 through 1987, and as determined by the Governor under this subparagraph for fiscal years after fiscal year 1987), each of which products is divided, respectively, by the aggregate of the amounts advanced by the telephone bank during the period.

[(E) For purposes of subparagraph (D)(II), the cost of money rate for the fiscal years in which each advance was made shall be as set forth in the following table:

For advances made in—	The cost of money rate shall be—
Fiscal year 1974	5.01 percent
Fiscal year 1975	5.85 percent
Fiscal year 1976	5.33 percent
Fiscal year 1977	5.00 percent
Fiscal year 1978	5.87 percent
Fiscal year 1979	5.93 percent
Fiscal year 1980	8.10 percent
Fiscal year 1981	9.46 percent
Fiscal year 1982	8.39 percent
Fiscal year 1983	6.99 percent
Fiscal year 1984	6.55 percent
Fiscal year 1985	5.00 percent
Fiscal year 1986	5.00 percent
Fiscal year 1987	5.00 percent.

For purposes of this paragraph, the term “fiscal year” means the 12-month period ending on September 30 of the designated year.

[(F)(i) Notwithstanding subparagraph (B), if a borrower holds a commitment for a loan under this section made on or after October 1, 1987, and before the date of the enactment of this paragraph, part or all of the proceeds of which have not been advanced as of such date of enactment, the borrower may, until the later of the date the next advance under the loan commitment is made or 90 days after such date of enactment, elect to have the interest rate specified in the loan commitment apply to the unadvanced portion of the loan in lieu of the rate

which (but for this clause) would apply to the unadvanced portion under this paragraph. If any borrower makes an election under this clause with respect to a loan, the Governor shall adjust the interest rate which applies to the unadvanced portion of the loan accordingly.

[(ii)(I) If the telephone bank, pursuant to section 407(b), issues telephone debentures on any date to refinance telephone debentures or other obligations of the telephone bank, the telephone bank shall, in addition to any interest rate reduction required by any other provision of this paragraph, for the period applicable to the advance, reduce the interest rate charged on each advance made under this section during the fiscal year in which the refinanced debentures or other obligations were originally issued by the amount applicable to the advance.

[(II) For purposes of subclause (I), the term “the period applicable to the advance” means the period beginning on the issue date described in subclause (I) and ending on the earlier of the date the advance matures or is completely prepaid.

[(III) For purposes of subclause (I), the term “the amount applicable to the advance” means an amount which fully reflects that percentage of the funds saved by the telephone bank as a result of the refinancing which is equal to the percentage representation of the advance in all advances described in subclause (I).

[(IV) Within 60 days after any issue date described in subclause (I), the Governor shall amend the loan documentation for each advance described in subclause (I), as necessary, to reflect any interest rate reduction applicable to the advance by reason of this clause, and shall notify each affected borrower of the reduction.

[(G) Within 30 days after the publication of any determination made under subparagraph (D), any affected borrower may obtain review of the determination, or any other equitable relief as may be determined appropriate, by the United States court of appeals for the judicial circuit in which the borrower does business by filing a written petition requesting the court to set aside or modify such determination. On receipt of such a petition, the clerk of the court shall transmit a copy of the petition to the Governor. On receipt of a copy of such a petition from the clerk of the court, the Governor shall file with the court the record on which the determination is based. The court shall have jurisdiction to affirm, set aside, or modify the determination.

[(H) Within 5 days after determining the cost of money rate for a fiscal year, the Governor shall—

[(i) cause the determination to be published in the Federal Register in accordance with section 552 of title 5, United States Code; and

[(ii) furnish a copy of the determination to the Comptroller General of the United States.

[(I) The telephone bank shall not sell or otherwise dispose of any loan made under this section, except as provided in this paragraph.

[(4) The Governor of the telephone bank may make a loan under this section only to an applicant for the loan who meets the following requirements:

[(A) The average number of subscribers per mile of line in the service area of the applicant is not more than 15, or the applicant is capable of producing net income or margins before interest of not less than 100 percent (but not more than 500 percent) of the interest requirements on all of the outstanding and proposed loans of the applicant.

[(B) The Secretary has approved, under section 305(d)(3), a telecommunications modernization plan for the State in which the applicant is located and, if the plan was developed by telephone borrowers under title III, the applicant is a participant in the plan.

[(5) No loan shall be made in any State which now has or may hereafter have a State regulatory body having authority to regulate telephone service and to require certificates of convenience and necessity to the applicant unless such certificate from such agency is first obtained. In a State in which there is no such agency or regulatory body legally authorized to issue such certificates to the applicant, no loan shall be made under this section unless the Governor of the telephone bank shall determine (and set forth his reasons therefor in writing) that no duplication of lines, facilities, or systems, providing reasonably adequate services will result therefrom.

[(6) As used in this section, the term telephone service shall have the meaning prescribed for this term in section 203(a) of this Act, and the term telephone lines, facilities, or systems shall mean lines, facilities, or systems used in the rendition of such telephone service.

[(7) No borrower of funds under section 408 of this Act shall, without approval of the Governor of the telephone bank under rules established by the Telephone Bank Board, sell or dispose of its property, rights, or franchises, acquired under the provisions of this Act, until any loan obtained from the telephone bank, including all interest and charges, shall have been repaid.

[(8)(A) A borrower with a loan from the Rural Telephone Bank may prepay such loan (or any part thereof) by paying the face amount thereof without being required to pay the prepayment penalty set forth in the note covering such loan, except for any prepayment penalty provided for in a loan agreement entered into before the date of enactment of the Rural Electrification Loan Restructuring Act of 1993.

[(B) If a borrower prepays part or all of a loan made under this section, then, notwithstanding section 407(b), the Governor of the telephone bank shall—

[(i) use the full amount of the prepayment to repay obligations of the telephone bank issued pursuant to section 407(b) before October 1, 1991, to the extent any such obligations are outstanding; and

[(ii) in repaying the obligations, first repay the advances bearing the greatest rate of interest.

[(9) On request of any applicant for a loan under this section during any fiscal year, the Governor of the telephone bank shall—

[(A) consider the application to be for a loan under this section and a loan under section 305(d)(2); and

[(B) if the applicant is eligible for a loan, make a loan to the applicant under this section in an amount equal to the amount that bears the same ratio to the total amount of loans for which the applicant is eligible under this section and under section 305(d)(2), as the amount made available for loans under this section for the fiscal year bears to the total amount made available for loans under this section and under section 305(d)(2) for the fiscal year.

[(10) On request of any applicant who is eligible for a loan under this section for which funds are not available, the applicant shall be considered to have applied for a loan under section 305(d)(2).

[(c) The Governor of the telephone bank is authorized under rules established by the Telephone Bank Board to adjust, on an amortized basis, the schedule of payments of interest or principal of loans made under this section upon his determination that with such readjustment there is reasonable assurance of repayment: *Provided, however,* That no adjustment shall extend the period of such loans beyond fifty years.

[(d)(1) Except as provided in paragraph (2), the term of any loan made under this title shall be determined by the borrower at the time the application for the loan is submitted.

[(2) The term of any loan made under this title shall not exceed the maximum term for which a loan may be made under section 4.

[(e) Loans and advances made under this section on or after November 5, 1990, shall bear interest at a rate determined under this section, taking into account all assets and liabilities of the telephone bank. This subsection shall not apply to loans obligated before the date of enactment of this subsection. Funds are not authorized to be appropriated to carry out this subsection until the funds are appropriated in advance to carry out this subsection.

[SEC. 409. TELEPHONE BANK RECEIPTS.— Any receipts from the activities of the telephone bank shall be available for all obligations and expenditures of the telephone bank.

[SEC. 410. CONVERSION OF OWNERSHIP, CONTROL AND OPERATION OF TELEPHONE BANK.—(a) Whenever fifth-one per centum of the maximum amount of class A stock issued to the United States and outstanding at any time after September 30, 1985, has been fully redeemed and retired pursuant to section 406(c) of this title—

[(1) the powers and authority of the Governor of the telephone bank granted to the Secretary by this title IV shall vest in the Telephone Bank Board, and may be exercised and performed through the Governor of the telephone bank, to be selected by the Telephone Bank Board, and through such other employees as the Telephone Bank Board shall designate;

[(2) the five members of the Telephone Bank Board designated by the President pursuant to section 405(b)(1)(A) shall cease to be members, and the number of Board members shall

be accordingly reduced to eight unless other provision is thereafter made in the bylaws of the telephone bank;

[(3) the telephone bank shall cease to be an agency of the United States, but shall continue in existence in perpetuity as an instrumentality of the United States and as a banking corporation with all of the powers and limitations conferred or imposed by this title IV except such as shall have lapsed pursuant to the provisions of this title.

[(b) When all class A stock has been fully redeemed and retired, loans made by the telephone bank shall not continue to be subject to the restrictions prescribed in the provisions of section 408(a)(2).

[(c) Congress reserves the right to review the continued operations of the telephone bank after all class A stock has been fully redeemed and retired.

[SEC. 411. LIQUIDATION OR DISSOLUTION OF THE TELEPHONE BANK.— In the case of liquidation or dissolution of the telephone bank, after the payment or retirement, as the case may be, first, of all liabilities; second, of all class A stock at par; third, of all class B stock at par; fourth, of all class C stock par; then any surpluses and contingency reserves existing on the effective date of liquidation or dissolution of the telephone bank shall be paid to the holders to of class A and class B stock issued and outstanding before the effective date of such liquidation or dissolution, pro rata.

[SEC. 412. BORROWER NET WORTH.— Except as provided in subsection (b)(2) of section 408, notwithstanding any other provision of law, a loan shall not be made under section 201 of this Act to any borrower which during the immediately preceding year had a net worth in excess of 20 per centum of its assets unless the Secretary finds that the borrower cannot obtain such a loan from the telephone bank or from other reliable sources at reasonable rates of interest and terms and conditions.]

In order to effectuate this policy, the Rural Electrification Act of 1936, as amended (7 U.S.C. 921-924), is amended as hereinafter provided.]

(5) in the case of the primary cooperative organizations restricts its voting control to members or voting stockholders on a one vote per person basis (except that this requirement shall not apply to any housing cooperative in existence on March 21, 1980, which did not meet such requirement on such date) and takes positive steps to insure economic democracy and maximum participation by members of the cooperative including the holding of annual meetings and, in the case of organizations owned by groups of cooperatives, provided positive protections to insure economic democracy; and

(6) is not a credit union, mutual savings bank, or mutual savings and loan association.

(b) No organization shall be ineligible because it produces, markets, or furnishes goods, services, or facilities on behalf of its members as primary producers, unless the dollar volume of loans made by the Bank to such organizations exceeds 10 per centum of the gross assets of the Bank.

(c) As used in this section, the term "net savings" means, for any period, the borrower's gross receipts, less the operating and other expenses deductible therefrom in accordance with generally accepted accounting principles, including, without limitation, contributions to allowable reserves, and after deducting the amounts of any dividends on its capital stock or other membership capital payable during, or within forty-five days after, the close of such period.

(e) Notwithstanding any other provision of this section, a credit union serving predominantly low-income members (as defined by the Administrator of the National Credit Union Administration) may receive technical assistance under title II.

[(2) PREREQUISITES.—In addition to meeting the underwriting criteria under paragraph (1), a loan may not be guaranteed under this Act unless—

[(A) the loan is made to finance the acquisition, improvement, enhancement, construction, deployment, launch, or rehabilitation of the means by which local television broadcast signals will be delivered to a nonserved area or underserved area;

[(B) the proceeds of the loan will not be used for operating, advertising, or promotion expenses, or for the acquisition of licenses for the use of spectrum in any competitive bidding under section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j));

[(C) the proposed project, as determined by the Board in consultation with the National Telecommunications and Information Administration, is not likely to have a substantial adverse impact on competition that outweighs the benefits of improving access to the signals of a local television station in a nonserved area or underserved area and is commercially viable;

[(D)(i) the loan—

[(I) is provided by any entity engaged in the business of commercial lending—

[(aa) if the loan is made in accordance with loan-to-one-borrower and affiliate transaction restrictions to which the entity is subject under applicable law; or

[(bb) if item (aa) does not apply, the loan is made only to a borrower that is not an affiliate of the entity and only if the amount of the loan and all outstanding loans by that entity to that borrower and any of its affiliates does not exceed 10 percent of the net equity of the entity; or

[(II) is provided by a nonprofit corporation, including the National Rural Utilities Cooperative Finance Corporation, engaged primarily in commercial lending, if the Board determines that such nonprofit corporation has one or more issues of outstanding long-term debt that is rated within the highest three rating categories of a nationally recognized statistical rating organization;

[(ii) if the loan is provided by a lender described in clause (i)(II) and the Board determines that the making of the loan by such lender will cause a decline in such lender's debt rating as described in that clause, the Board at its discretion may disapprove the loan guarantee on this basis;

[(iii) no loan may be made for purposes of this Act by a governmental entity or affiliate thereof, or by the Federal Agricultural Mortgage Corporation, or any institution supervised by the Federal Housing Finance Agency, or any affiliate of such entities;

[(iv) any loan must have terms, in the judgment of the Board, that are consistent in material respects with the terms of similar obligations in the private capital market;

[(v) for purposes of clause (i)(I)(bb), the term "net equity" means the value of the total assets of the entity, less the total liabilities of the entity, as recorded under generally accepted accounting principles for the fiscal quarter ended immediately prior to the date on which the subject loan is approved;

[(E) repayment of the loan is required to be made within a term of the lesser of—

[(i) 25 years from the date of the execution of the loan; or

[(ii) the economically useful life, as determined by the Board or in consultation with persons or entities deemed appropriate by the Board, of the primary assets to be used in the delivery of the signals concerned; and

[(F) the loan meets any additional criteria developed under subsection (g).

[(3) PROTECTION OF UNITED STATES FINANCIAL INTERESTS.—The Board may not approve the guarantee of a loan under this Act unless—

[(A) the Board has been given documentation, assurances, and access to information, persons, and entities necessary, as determined by the Board, to address issues relevant to the review of the loan by the Board for purposes of this Act; and

[(B) the Board makes a determination in writing that—

[(i) to the best of its knowledge upon due inquiry, the assets, facilities, or equipment covered by the loan will be utilized economically and efficiently;

[(ii) the terms, conditions, security, and schedule and amount of repayments of principal and the payment of interest with respect to the loan protect the financial interests of the United States and are reasonable;

[(iii) the value of collateral provided by an applicant is at least equal to the unpaid balance of the loan amount covered by the loan guarantee (the “Amount” for purposes of this clause); and if the value of collateral provided by an applicant is less than the Amount, the additional required collateral is provided by any affiliate of the applicant;

[(iv) all necessary and required regulatory and other approvals, spectrum licenses, and delivery permissions have been received for the loan and the project under the loan;

[(v) the loan would not be available on reasonable terms and conditions without a loan guarantee under this Act; and

[(vi) repayment of the loan can reasonably be expected.

[(e) CONSIDERATIONS.—

[(1) TYPE OF MARKET.—

[(A) PRIORITY CONSIDERATIONS.—To the maximum extent practicable, the Board shall give priority in the approval of loan guarantees under this Act in the following order:

[(i) First, to projects that will serve households in nonserved areas. In considering such projects, the Board shall balance projects that will serve the largest number of households with projects that will serve remote, isolated communities (including noncontiguous States) in areas that are unlikely to be served through market mechanisms.

[(ii) Second, to projects that will serve households in underserved areas. In considering such projects, the Board shall balance projects that will serve the largest number of households with projects that will serve remote, isolated communities (including noncontiguous States) in areas that are unlikely to be served through market mechanisms.

Within each category, the Board shall consider the project's estimated cost per household and shall give priority to those projects that provide the highest quality service at the lowest cost per household.

[(B) ADDITIONAL CONSIDERATION.—The Board should give additional consideration to projects that also provide high-speed Internet service.

[(C) PROHIBITIONS.—The Board may not approve a loan guarantee under this Act for a project that—

[(i) is designed primarily to serve one or more of the top 40 designated market areas (as that term is defined in section 122(j) of title 17, United States Code); or

[(ii) would alter or remove National Weather Service warnings from local broadcast signals.

[(2) OTHER CONSIDERATIONS.—The Board shall consider other factors, which shall include projects that would—

[(A) offer a separate tier of local broadcast signals, but for applicable Federal, State, or local laws or regulations;

[(B) provide lower projected costs to consumers of such separate tier; and

[(C) enable the delivery of local broadcast signals consistent with the purpose of this Act by a means reasonably compatible with existing systems or devices predominantly in use.

[(3) FURTHER CONSIDERATION.—In implementing this Act, the Board shall support the use of loan guarantees for projects that would serve households not likely to be served in the absence of loan guarantees under this Act.

[(f) GUARANTEE LIMITS.—

[(1) LIMITATION ON AGGREGATE VALUE OF LOANS.—The aggregate value of all loans for which loan guarantees are issued under this Act (including the unguaranteed portion of such loans) may not exceed \$1,250,000,000.

[(2) GUARANTEE LEVEL.—A loan guarantee issued under this Act may not exceed an amount equal to 80 percent of a loan meeting in its entirety the requirements of subsection (d)(2)(A). If only a portion of a loan meets the requirements of that subsection, the Board shall determine that percentage of the loan meeting such requirements (the “applicable portion”) and may issue a loan guarantee in an amount not exceeding 80 percent of the applicable portion.

[(g) UNDERWRITING CRITERIA.—Within the period provided for under subsection (b)(1), the Board shall, in consultation with the Director of the Office of Management and Budget and an independent public accounting firm, develop underwriting criteria relating to the guarantee of loans that are consistent with the purpose of this Act, including appropriate collateral and cash flow levels for

loans guaranteed under this Act, and such other matters as the Board considers appropriate.

[(h) CREDIT RISK PREMIUMS.—

[(1) ESTABLISHMENT AND ACCEPTANCE.—

[(A) IN GENERAL.—The Board may establish and approve the acceptance of credit risk premiums with respect to a loan guarantee under this Act in order to cover the cost, as defined in section 502(5) of the Federal Credit Reform Act of 1990, of the loan guarantee.

[(B) AUTHORITY LIMITED BY APPROPRIATIONS ACTS.—Credit risk premiums under this subsection shall be imposed only to the extent provided for in advance in appropriations Acts. To the extent that appropriations of budget authority are insufficient to cover the cost, as so defined, of a loan guarantee under this Act, credit risk premiums shall be accepted from a non-Federal source under this subsection on behalf of the applicant for the loan guarantee.

[(2) CREDIT RISK PREMIUM AMOUNT.—

[(A) IN GENERAL.—The Board shall determine the amount of any credit risk premium to be accepted with respect to a loan guarantee under this Act on the basis of—

[(i) the financial and economic circumstances of the applicant for the loan guarantee, including the amount of collateral offered;

[(ii) the proposed schedule of loan disbursements;

[(iii) the business plans of the applicant for providing service;

[(iv) any financial commitment from a broadcast signal provider; and

[(v) the concurrence of the Director of the Office of Management and Budget as to the amount of the credit risk premium.

[(B) PROPORTIONALITY.—To the extent that appropriations of budget authority are sufficient to cover the cost, as determined under section 502(5) of the Federal Credit Reform Act of 1990, of loan guarantees under this Act, the credit risk premium with respect to each loan guarantee shall be reduced proportionately.

[(C) PAYMENT OF PREMIUMS.—Credit risk premiums under this subsection shall be paid to an account (the “Escrow Account”) established in the Treasury which shall accrue interest and such interest shall be retained by the account, subject to subparagraph (D).

[(D) DEDUCTIONS FROM ESCROW ACCOUNT.—If a default occurs with respect to any loan guaranteed under this Act and the default is not cured in accordance with the terms of the underlying loan or loan guarantee agreement, the Administrator, in accordance with subsections (i) and (j) of section 1005, shall liquidate, or shall cause to be liquidated, all assets collateralizing such loan as to which it has a lien or security interest. Any shortfall between the proceeds of the liquidation net of costs and expenses relating to the liquidation, and the guarantee amount paid pursuant to this Act shall be deducted from funds in the Es-

crow Account and credited to the Administrator for payment of such shortfall. In administering lands and interests therein under the program, the Secretary shall identify the environmental values to be protected by entry of the lands into the program, management activities which are planned and the manner in which they may affect the values identified, and obtain from the landowner other information determined appropriate for administration and management purposes.

(2) INITIAL PROGRAMS.—Not later than November 28, 1991, the Secretary shall establish a regional program in furtherance of the Northern Forest Lands Study in the States of New York, New Hampshire, Vermont, and Maine under Public Law 100-446. The Secretary shall establish additional programs in each of the Northeast, Midwest, South, and Western regions of the United States, and the Pacific Northwest (including the State of Washington), on the preparation of an assessment of the need for such programs.

(e) ELIGIBILITY.—Not later than November 28, 1991, and in consultation with State Forest Stewardship Coordinating Committees established under section 19(b) and similar regional organizations, the Secretary shall establish eligibility criteria for the designation of forest areas from which lands may be entered into the Forest Legacy Program and subsequently select such appropriate areas.

To be eligible, such areas shall have significant environmental values or shall be threatened by present or future conversion to non-forest uses. Of land proposed to be included in the Forest Legacy Program, the Secretary shall give priority to lands which can be effectively protected and managed, and which have important scenic or recreational values; riparian areas; fish and wildlife values, including threatened and endangered species; or other ecological values.

(f) APPLICATION.—For areas included in the Forest Legacy Program, an owner of lands or interests in lands who wishes to participate may prepare and submit an application at such time in such form and containing such information as the Secretary may prescribe. The Secretary shall give reasonable advance notice for the submission of all applications to the State forester, equivalent State official, or other appropriate State or regional natural resource management agency. If applications exceed the ability of the Secretary to fund them, priority shall be given to those forest areas having the greatest need for protection pursuant to the criteria described in subsection (e).

(g) STATE CONSENT.—Where a State has not approved the acquisition of land under section 6 of the Act of March 1, 1911 (16 U.S.C. 515), the Secretary shall not acquire lands or interests therein under authority granted by this section outside an area of that State designated as a part of a program established under subsection (b).

or private organizations. Such costs may include, but are not limited to, those associated with planning, administration, property acquisition, and property management. To the extent practicable, the Federal share of total program costs shall not exceed 75 percent, including any in-kind contribution.

(k) EASEMENTS.—

(1) RESERVED INTEREST DEEDS.—As used in this section, the term “conservation easement” includes an easement utilizing a reserved interest deed where the grantee acquires all rights, title, and interests in a property, except those rights, title, and interests that may run with the land that are expressly reserved by a grantor.

(2) PROHIBITIONS ON LIMITATIONS.—Notwithstanding any provision of State law, no conservation easement held by the United States or its successors or assigns under this section shall be limited in duration or scope or be defeasible by—

(A) the conservation easement being in gross or appurtenant;

(i) the deed conveying the land or interest in land include requirements for the management of the land in a manner that—

(I) conserves the land or interest in land; and

(II) is consistent with any other Forest Legacy Program purposes for which the land or interest in land was acquired;

(ii) if the land or interest in land is subsequently sold, exchanged, or otherwise disposed of by the State of Vermont, the State shall—

sion of the characteristics resulting from a given genotype or combination of genotypes, distinguished from any other plant grouping by the expression of at least one characteristic and considered as a unit with regard to the suitability of the plant grouping for being propagated unchanged. A variety may be represented by seed, transplants, plants, tubers, tissue culture plantlets, and other matter.

(b) RULES OF CONSTRUCTION.—For the purposes of this Act:

(1) SALE OR DISPOSITION FOR NONREPRODUCTIVE PURPOSES.—The sale or disposition, for other than reproductive purposes, of harvested material produced as a result of experimentation or testing of a variety to ascertain the characteristics of the variety, or as a by-product of increasing a variety, shall not be considered to be a sale or disposition for purposes of exploitation of the variety.

(2) SALE OR DISPOSITION FOR REPRODUCTIVE PURPOSES.—The sale or disposition of a variety for reproductive purposes shall not be considered to be a sale or disposition for the purposes of exploitation of the variety if the sale or disposition is done as an integral part of a program of experimentation or testing to ascertain the characteristics of the variety, or to increase the variety on behalf of the breeder or the successor in interest of the breeder.

(4) APPLICATION FOR PROTECTION OR ENTERING INTO A REGISTER OF VARIETIES.—The filing of an application for the protection or for the entering of a variety in an official register of varieties, in any country, shall be considered to render the variety a matter of common knowledge from the date of the application, if the application leads to the granting of protection or to the entering of the variety in the official register of varieties, as the case may be.

(5) DISTINCTNESS.—The distinctness of one variety from another may be based on one or more identifiable morphological, physiological, or other characteristics (including any characteristics evidenced by processing or product characteristics, such as milling and baking characteristics in the case of wheat) with respect to which a difference in genealogy may contribute evidence.

(6) PUBLICLY KNOWN VARIETIES.—

(A) IN GENERAL.—A variety that is adequately described by a publication reasonably considered to be a part of the public technical knowledge in the United States shall be considered to be publicly known and a matter of common knowledge.

(B) DESCRIPTION.—A description that meets the requirements of subparagraph (A) shall include a disclosure of the principal characteristics by which a variety is distinguished.

(C) OTHER MEANS.—A variety may become publicly known and a matter of common knowledge by other means.

SEC. 42. RIGHT TO PLANT VARIETY PROTECTION; PLANT VARIETIES PROTECTABLE

(a) **IN GENERAL.**—The breeder of any sexually reproduced [or tuber propagated], *tuber propagated*, or *asexually reproduced* plant variety (other than fungi or bacteria) who has so reproduced the variety, or the successor in interest of the breeder, shall be entitled to plant variety protection for the variety, subject to the conditions and requirements of this Act, if the variety is—

(1) new, in the sense that, on the date of filing of the application for plant variety protection, propagating or harvested material of the variety has not been sold or otherwise disposed of to other persons, by or with the consent of the breeder, or the successor in interest of the breeder, for purposes of exploitation of the variety—

(A) in the United States, more than 1 year prior to the date of filing; or

(B) in any area outside of the United States—

(i) more than 4 years prior to the date of filing, except that in the case of a tuberpropagated plant variety the Secretary may waive the 4-year limitation for a period ending 1 year after the date of enactment of the Federal Agriculture Improvement and Reform Act of 1996; or

(ii) in the case of a tree or vine, more than 6 years prior to the date of filing;

(2) distinct, in the sense that the variety is clearly distinguishable from any other variety the existence of which is publicly known or a matter of common knowledge at the time of the filing of the application;

(3) uniform, in the sense that any variations are describable, predictable, and commercially acceptable; and

(4) stable, in the sense that the variety, when reproduced, will remain unchanged with regard to the essential and distinctive characteristics of the variety with a reasonable degree of reliability commensurate with that of varieties of the same category in which the same breeding method is employed.

(b) **MULTIPLE APPLICANTS.**—

(1) **IN GENERAL.**—If 2 or more applicants submit applications on the same effective filing date for varieties that cannot be clearly distinguished from one another, but that fulfill all other requirements of subsection (a), the applicant who first complies with all requirements of this Act shall be entitled to a certificate of plant variety protection, to the exclusion of any other applicant.

(2) **REQUIREMENTS COMPLETED ON SAME DATE.**—

(A) **IN GENERAL.**—Except as provided in subparagraph (B), if 2 or more applicants comply with all requirements for protection on the same date, a certificate shall be issued for each variety.

* * * * *

CHAPTER 11. INFRINGEMENT OF PLANT VARIETY PROTECTION

SEC. 111. INFRINGEMENT OF PLANT VARIETY PROTECTION.

(a) Except as otherwise provided in this title, it shall be an infringement of the rights of the owner of a protected variety to perform without authority, any of the following acts in the United States, or in commerce which can be regulated by Congress or affecting such commerce, prior to expiration of the right to plant variety protection but after either the issue of the certificate or the distribution of a protected plant variety with the notice under section 127:

(1) sell or market the protected variety, or offer it or expose it for sale, deliver it, ship it, consign it, exchange it, or solicit an offer to buy it, or any other transfer of title or possession of it;

(2) import the variety into, or export it from, the United States;

(3) sexually or *asexually* multiply, or propagate by a tuber or a part of a tuber, the variety as a step in marketing (for growing purposes) the variety;

(4) use the variety in producing (as distinguished from developing) a hybrid or different variety therefrom;

(5) use seed which had been marked "Unauthorized Propagation Prohibited" or "Unauthorized Seed Multiplication Prohibited" or progeny thereof to propagate the variety;

(6) dispense the variety to another, in a form which can be propagated, without notice as to being a protected variety under which it was received;

(7) condition the variety for the purpose of propagation, except to the extent that the conditioning is related to the activities permitted under section 113;

(8) stock the variety for any of the purposes referred to in paragraphs (1) through (7);

(9) perform any of the foregoing acts even in instances in which the variety is multiplied other than sexually, except in pursuance of a valid United States plant patent; or

(10) instigate or actively induce performance of any of the foregoing acts.

(b)(1) Subject to paragraph (2), the owner of a protected variety may authorize the use of the variety under this section subject to conditions and limitations specified by the owner.

(2) In the case of a contract between a seed producer and the owner of a protected variety of lawn, turf, or forage grass seed, or alfalfa or clover seed for the production of seed of the protected variety, the producer shall be deemed to be authorized by the owner to sell such seed and to use the variety if—

(A) the producer has fulfilled the terms of the contract;

(B) the owner refuses to take delivery of the seed or refuses to pay any amounts due under the contract within 30 days of the payment date specified in the contract; and

(C) after the expiration of the period specified in subparagraph (B), the producer notifies the owner of the producer's intent to sell the seed and unless the owner fails to pay the amounts due under the contract and take delivery of the seed within 30 days of such notification. For the purposes of this paragraph, the term "owner" shall include any licensee of the owner.

(3) Paragraph (2) shall apply to contracts entered into with respect to plant varieties protected under this Act (7 U.S.C. 2321 et seq.) as in effect on the day before the effective date of this provision as well as plant varieties protected under this Act as amended by the Plant Variety Protection Act Amendments of 1994.

(2) any variety that is not clearly distinguishable from a protected variety;

(3) any variety whose production requires the repeated use of a protected variety; and"

(4) harvested material (including entire plants and parts of plants) obtained through the unauthorized use of propagating material of a protected variety, unless the owner of the variety has had a reasonable opportunity to exercise the rights provided under this Act with respect to the propagating material.

(d) It shall not be an infringement of the rights of the owner of a variety to perform any act concerning propagating material of any kind, or harvested material, including entire plants and parts of plants, of a protected variety that is sold or otherwise marketed with the consent of the owner in the United States, unless the act involves further propagation of the variety or involves an export of material of the variety, that enables the propagation of the variety, into a country that does not protect varieties of the plant genus or species to which the variety belongs, unless the exported material is for final consumption purposes.

(e) It shall not be an infringement of the rights of the owner of a variety to perform any act done privately and for noncommercial purposes.

(f) As used in this section, the term "perform without authority" includes performance without authority by any State, any instrumentality of a State, and any officer or employee of a State or instrumentality of a State acting in the official capacity of the officer or employee. Any State, and any such instrumentality, officer, or employee, shall be subject to the provisions of this Act in the same manner and to the same extent as any nongovernmental entity.

Any reasonable gasis expires one year after the first sale of the variety except as justified thereafter by a pending application or a certificate still in force.

(4) Failure to use the name of a variety for which a certificate of protection has been issued under this Act, even after the expiration of the certificate, except that lawn, turf, or forage grass seed, or alfalfa or clover seed may be sold without a variety name unless use of the name of a variety for which a certificate of protection has been issued under this Act is required under State law.

(b) An one convicted of violating a binding cease and desist order, or of per P orming any act prohibited in subsection (a) of this section for the purpose of deceiving the public, shall be fined not more than \$10,000 and not less than \$500.

(A) its labeling bears any statement, design, or graphic representation relative thereto or to its ingredients which is false or misleading in any particular;

(B) it is contained in a package or other container or wrapping which does not conform to the standards established by the Administrator pursuant to section 25(c)(3);

(C) it is an imitation of, or is offered for sale under the name of, another pesticide;

(D) its label does not bear the registration number assigned under section 7 to each establishment in which it was produced;

(E) any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or graphic matter in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(F) the labeling accompanying it does not contain directions for use which are necessary for effecting the purpose for which the product is intended and if complied with, together with any requirements imposed under section 3(d) of this Act, are adequate to protect health and the environment;

(G) the label does not contain a warning or caution statement which may be necessary and if complied with, together with any requirements imposed under section 3(d) of this Act, is adequate to protect health and the environment; or

(H) in the case of a pesticide not registered in accordance with section 3 of this Act and intended for export, the label does not contain, in words prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or graphic matter in the labeling) as to render it likely to be noted by the ordinary individual under customary conditions of purchase and use, the following: “Not Registered for Use in the United States of America”.

(2) A pesticide is misbranded if—

(A) the label does not bear an ingredient statement on that part of the immediate container (and on the outside container or wrapper of the retail package, if there be one,

through which the ingredient statement on the immediate container cannot be clearly read) which is presented or displayed under customary conditions of purchase, except that a pesticide is not misbranded under this subparagraph if—

(i) the size or form of the immediate container, or the outside container or wrapper of the retail package, makes it impracticable to place the ingredient statement on the part which is presented or displayed under customary conditions of purchase; and

(ii) the ingredient statement appears prominently on another part of the immediate container, or outside container or wrapper, permitted by the Administrator;

(B) the labeling does not contain a statement of the use classification under which the product is registered;

(C) there is not affixed to its container, and to the outside container or wrapper of the retail package, if there be one, through which the required information on the immediate container cannot be clearly read, a label bearing—

(i) the name and address of the producer, registrant, or person for whom produced;

(ii) the name, brand, or trademark under which the pesticide is sold;

(D) the pesticide contains any substance or substances in quantities highly toxic to man, unless the label shall bear, in addition to any other matter required by this Act—

(i) the skull and crossbones;

(ii) the word “poison” prominently in red on a background of distinctly contrasting color; and

(iii) a statement of a practical treatment (first aid or otherwise) in case of poisoning by the pesticide.

(r) NEMATODE.—The term “nematode” means invertebrate animals of the phylum nemathelminthes and class nematoda, that is, unsegmented round worms with elongated, fusiform, or saclike bodies covered with cuticle, and inhabiting soil, water, plants, or plant parts; may also be called nemas or eelworms.

(u) PESTICIDE.—The term “pesticide” means (1) any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest, (2) any substance or mixture of sub-

stances intended for use as a plant regulator, defoliant, or desiccant, and (3) any nitrogen stabilizer, except that the term “pesticide” shall not include any article that is a “new animal drug” within the meaning of section 201(w) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(w)), that has been determined by the Secretary of Health and Human Services not to be a new animal drug by a regulation establishing conditions of use for the article, or that is an animal feed within the meaning of section 201(x) of such Act (21 U.S.C. 321(x)) bearing or containing a new animal drug. The term “pesticide” does not include liquid chemical sterilant products (including any sterilant or subordinate disinfectant claims on such products) for use on a critical or semi-critical device, as defined in section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321). For purposes of the preceding sentence, the term “critical device” includes any device which is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body and the term “semi-critical device” includes any device which contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

(v) PLANT REGULATOR.—The term “plant regulator” means any substance or mixture of substances intended, through physiological action, for accelerating or retarding the rate of growth or rate of maturation, or for otherwise altering the behavior of plants or the produce thereof, but shall not include substances to the extent that they are intended as plant nutrients, trace elements, nutritional chemicals, plant inoculants, and soil amendments. Also, the term “plant regulator” shall not be required to include any of such of those nutrient mixtures or soil amendments as are commonly known as vitamin-hormone horticultural products, intended for improvement, maintenance, survival, health, and propagation of plants, and as are not for pest destruction and are nontoxic, nonpoisonous in the undiluted packaged concentration.

(w) PRODUCER AND PRODUCE.—The term “producer” means the person who manufactures, prepares, compounds, propagates, or processes any pesticide or device or active ingredient used in producing a pesticide. The term “produce” means to manufacture, prepare, compound, propagate, or process any pesticide or device or active ingredient used in producing a pesticide. The dilution by individuals of formulated pesticides for their own use and according to the directions on registered labels shall not of itself result in such individuals being included in the definition of “producer” for the purposes of this Act.

(x) PROTECT HEALTH AND THE ENVIRONMENT.—The terms “protect health and the environment” and “protection of health and the environment” mean protection against any unreasonable adverse effects on the environment.

(y) REGISTRANT.—The term “registrant” means a person who has registered any pesticide pursuant to the provisions of this Act.

(z) REGISTRATION.—The term “registration” includes reregistration.

[(aa) STATE.—The term] (aa) STATE; STATE LEAD AGENCY.—

(1) STATE.—The term “State” means a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Is-

lands, Guam, the Trust Territory of the Pacific Islands, and American Samoa.

(2) *STATE LEAD AGENCY.*—*The term “State lead agency” means a statewide department, agency, board, bureau, or other entity in a State that is authorized to regulate, in a manner consistent with section 24(a), the sale or use of any federally registered pesticide or device in such State.*

(bb) *UNREASONABLE ADVERSE EFFECTS ON THE ENVIRONMENT.*—The term “unreasonable adverse effects on the environment” means (1) any unreasonable risk to man or the environment, taking into account the economic, social, and environmental costs and benefits of the use of any pesticide, or (2) a human dietary risk from residues that result from a use of a pesticide in or on any food inconsistent with the standard under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a). The Administrator shall consider the risks and benefits of public health pesticides separate from the risks and benefits of other pesticides. In weighing any regulatory action concerning a public health pesticide under this Act, the Administrator shall weigh any risks of the pesticide against the health risks such as the diseases transmitted by the vector to be controlled by the pesticide.

(cc) *WEED.*—The term “weed” means any plant which grows where not wanted.

(dd) *ESTABLISHMENT.*—The term “establishment” means any place where a pesticide or device or active ingredient used in producing a pesticide is produced, or held, for distribution or sale.

(ee) *TO USE ANY REGISTERED PESTICIDE IN A MANNER INCONSISTENT WITH ITS LABELING.*—The term “to use any registered pesticide in a manner inconsistent with its labeling” means to use any registered pesticide in a manner not permitted by the labeling, except that the term shall not include (1) applying a pesticide at any dosage, concentration, or frequency less than that specified on the labeling unless the labeling specifically prohibits deviation from the specified dosage, concentration, or frequency, (2) applying a pesticide against any target pest not specified on the labeling if the application is to the crop, animal, or site specified on the labeling, unless the Administrator has required that the labeling specifically state that the pesticide may be used only for the pests specified on the labeling after the Administrator has determined that the use of the pesticide against other pests would cause an unreasonable adverse effect on the environment, (3) employing any method of application not prohibited by the labeling unless the labeling specifically states that the product may be applied only by the methods specified on the labeling, (4) mixing a pesticide or pesticides with a fertilizer when such mixture is not prohibited by the labeling, (5) any use of a pesticide in conformance with section 5, 18, or 24 of this Act, or (6) any use of a pesticide in a manner that the Administrator determines to be consistent with the purposes of this Act. After March 31, 1979, the term shall not include the use of a pesticide for agricultural or forestry purposes at a dilution less than label dosage unless before or after that date the Administrator issues a regulation or advisory opinion consistent with the study provided for in section 27(b) of the Federal Pesticide Act of 1978, which regulation or advisory opinion specifically requires the use of definite amounts of dilution.

(ff) OUTSTANDING DATA REQUIREMENT.—

(1) IN GENERAL.—The term “outstanding data requirement” means a requirement for any study, information, or data that is necessary to make a determination under section 3(c)(5) and which study, information, or data—

(A) has not been submitted to the Administrator; or

(B) if submitted to the Administrator, the Administrator has determined must be resubmitted because it is not valid, complete, or adequate to make a determination under section 3(c)(5) and the regulations and guidelines issued under such section.

(2) FACTORS.—In making a determination under paragraph (1)(B) respecting a study, the Administrator shall examine, at a minimum, relevant protocols, documentation of the conduct and analysis of the study, and the results of the study to determine whether the study and the results of the study fulfill the data requirement for which the study was submitted to the Administrator.

(gg) TO DISTRIBUTE OR SELL.—The term “to distribute or sell” means to distribute, sell, offer for sale, hold for distribution, hold for sale, hold for shipment, ship, deliver for shipment, release for shipment, or receive and (having so received) deliver or offer to deliver. The term does not include the holding or application of registered pesticides or use dilutions thereof by any applicator who provides a service of controlling pests without delivering any unapplied pesticide to any person so served.

(hh) NITROGEN STABILIZER.—The term “nitrogen stabilizer” means any substance or mixture of substances intended for preventing or hindering the process of nitrification, denitrification, ammonia volatilization, or urease production through action upon soil bacteria. Such term shall not include—

(1) dicyandiamide;

(2) ammonium thiosulfate; or

(3) any substance or mixture of substances.—

(A) that was not registered pursuant to section 3 prior to January 1, 1992; and

(B) that was in commercial agronomic use prior to January 1, 1992, with respect to which after January 1, 1992, the distributor or seller of the substance or mixture has made no specific claim of prevention or hindering of the process of nitrification, denitrification, ammonia volatilization urease production regardless of the actual use or purpose for, or future use or purpose for, the substance or mixture.

Statements made in materials required to be submitted to any State legislative or regulatory authority, or required by such authority to be included in the labeling or other literature accompanying any such substance or mixture shall not be deemed a specific claim within the meaning of this subsection.

(jj) MAINTENANCE APPLICATOR.—The term “maintenance applicator” means any individual who, in the principal course of such individual’s employment, uses, or supervises the use of, a pesticide not classified for restricted use (other than a ready to use consumer products pesticide); for the purpose of providing structural pest control or lawn pest control including janitors, general mainte-

nance personnel, sanitation personnel, and grounds maintenance personnel. The term “maintenance applicator” does not include private applicators as defined in section 2(e)(2); individuals who use antimicrobial pesticides, sanitizers or disinfectants; individuals employed by Federal, State, and local governments or any political subdivisions thereof, or individuals who use pesticides not classified for restricted use in or around their homes, boats, sod farms, nurseries, greenhouses, or other noncommercial property.

(kk) SERVICE TECHNICIAN.—The term “service technician” means any individual who uses or supervises the use of pesticides (other than a ready to use consumer products pesticide) for the purpose of providing structural pest control or lawn pest control on the property of another for a fee. The term “service technician” does not include individuals who use antimicrobial pesticides, sanitizers or disinfectants; or who otherwise apply ready to use consumer products pesticides.

(ll) MINOR USE.—The term “minor use” means the use of a pesticide on an animal, on a commercial agricultural crop or site, or for the protection of public health where—

(1) the total United States acreage for the crop is less than 300,000 acres, as determined by the Secretary of Agriculture; or

(2) the Administrator, in consultation with the Secretary of Agriculture, determines that, based on information provided by an applicant for registration or a registrant, the use does not provide sufficient economic incentive to support the initial registration or continuing registration of a pesticide for such use and—

(A) there are insufficient efficacious alternative registered pesticides available for the use;

(B) the alternatives to the pesticide use pose greater risks to the environment or human health;

(C) the minor use pesticide plays or will play a significant part in managing pest resistance; or

(D) the minor use pesticide plays or will play a significant part in an integrated pest management program.

The status as a minor use under this subsection shall continue as long as the Administrator has not determined that, based on existing data, such use may cause an unreasonable adverse effect on the environment and the use otherwise qualifies for such status.

(mm) ANTIMICROBIAL PESTICIDE.—

(1) IN GENERAL.—The term “antimicrobial pesticide” means a pesticide that—

(A) is intended to—

(i) disinfect, sanitize, reduce, or mitigate growth or development of microbiological organisms; or

(ii) protect inanimate objects, industrial processes or systems, surfaces, water, or other chemical substances from contamination, fouling, or deterioration caused by bacteria, viruses, fungi, protozoa, algae, or slime; and

(B) in the intended use is exempt from, or otherwise not subject to, a tolerance under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a and 348) or a food additive regulation under section 409 of such Act.

(2) EXCLUDED PRODUCTS.—The term “antimicrobial pesticide” does not include —

(A) a wood preservative or antifouling paint product for which a claim of pesticidal activity other than or in addition to an activity described in paragraph (1) is made;

(B) an agricultural fungicide product; or

(C) an aquatic herbicide product.

(3) INCLUDED PRODUCTS.—The term “antimicrobial pesticide” does include any other chemical sterilant product (other than liquid chemical sterilant products exempt under subsection (u)), any other disinfectant product, any other industrial microbiocide product, and any other preservative product that is not excluded by paragraph (2).

(nn) PUBLIC HEALTH PESTICIDE.—The term “public health pesticide” means any minor use pesticide product registered for use and used predominantly in public health programs for vector control or for other recognized health protection uses, including the prevention or mitigation of viruses, bacteria, or other microorganisms (other than viruses, bacteria, or other microorganisms on or in living man or other living animal) that pose a threat to public health.

(oo) VECTOR.—The term “vector” means any organism capable of transmitting the causative agent of human disease or capable of producing human discomfort or injury, including mosquitoes, flies, fleas, cockroaches, or other insects and ticks, mites, or rats.

SEC. 3. REGISTRATION OF PESTICIDES.

(a) REQUIREMENT OF REGISTRATION.—Except as provided by this Act, no person in any State may distribute or sell to any person any pesticide that is not registered under this Act. To the extent necessary to prevent unreasonable adverse effects on the environment, the Administrator may by regulation limit the distribution, sale, or use in any State of any pesticide that is not registered under this Act and that is not the subject of an experimental use permit under section 5 or an emergency exemption under section 18.

(b) EXEMPTIONS.—A pesticide which is not registered with the Administrator may be transferred if—

(1) the transfer is from one registered establishment to another registered establishment operated by the same producer solely for packaging at the second establishment or for use as a constituent part of another pesticide produced at the second establishment; or

(2) the transfer is pursuant to and in accordance with the requirements of an experimental use permit.

(c) PROCEDURE FOR REGISTRATION.—

(1) STATEMENT REQUIRED.—Each applicant for registration of a pesticide shall file with the Administrator a statement which includes—

(A) the name and address of the applicant and of any other person whose name will appear on the labeling;

(B) the name of the pesticide;

(C) a complete copy of the labeling of the pesticide, a statement of all claims to be made for it, and any directions for its use;

(D) the complete formula of the pesticide;

(E) a request that the pesticide be classified for general use or for restricted use, or for both; and

(F) except as otherwise provided in paragraph (2)(D), if requested by the Administrator, a full description of the tests made and the results thereof upon which the claims are based, or alternatively a citation to data that appear in the public literature or that previously had been submitted to the Administrator and that the Administrator may consider in accordance with the following provisions:

(i) With respect to pesticides containing active ingredients that are initially registered under this Act after the date of enactment of the Federal Pesticide Act of 1978, data submitted to support the application for the original registration of the pesticide, or an application for an amendment adding any new use to the registration and that pertains solely to such new use, shall not, without the written permission of the original data submitter, be considered by the Administrator to support an application by another person during a period of ten years following the date the Administrator first registers the pesticide, except that such permission shall not be required in the case of defensive data.

(ii) The period of exclusive data use provided under clause (i) shall be extended 1 additional year for each 3 minor uses registered after the date of enactment of this clause and within 7 years of the commencement of the exclusive use period, up to a total of 3 additional years for all minor uses registered by the Administrator if the Administrator, in consultation with the Secretary of Agriculture, determines that, based on information provided by an applicant for registration or a registrant, that—

(I) there are insufficient efficacious alternative registered pesticides available for the use;

(II) the alternatives to the minor use pesticide pose greater risks to the environment or human health;

(III) the minor use pesticide plays or will play a significant part in managing pest resistance; or

(IV) the minor use pesticide plays or will play a significant part in an integrated pest management program.

The registration of a pesticide for a minor use on a crop grouping established by the Administrator shall be considered for purposes of this clause 1 minor use for each representative crop for which data are provided in the crop grouping. Any additional exclusive use period under this clause shall be modified as appropriate or terminated if the registrant voluntarily cancels the product or deletes from the registration the minor uses which formed the basis for the extension of the additional exclusive use period or if the Administrator determines that the registrant is not actually marketing the product for such minor uses.

(iii) Except as otherwise provided in clause (i), with respect to data submitted after December 31, 1969, by an applicant or registrant to support an application for registration, experimental use permit, or amendment adding a new use to an existing registration, to support or maintain in effect an existing registration, or for reregistration, the Administrator may, without the permission of the original data submitter, consider any such item of data in support of an application by any other person (hereinafter in this subparagraph referred to as the "applicant") within the fifteen-year period following the date the data were originally submitted only if the applicant has made an offer to compensate the original data submitter and submitted such offer to the Administrator accompanied by evidence of delivery to the original data submitter of the offer. The terms and amount of compensation may be fixed by agreement between the original data submitter and the applicant, or, failing such agreement, binding arbitration under this subparagraph. If, at the end of ninety days after the date of delivery to the original data submitter of the offer to compensate, the original data submitter and the applicant have neither agreed on the amount and terms of compensation nor on a procedure for reaching an agreement on the amount and terms of compensation, either person may initiate binding arbitration proceedings by requesting the Federal Mediation and Conciliation Service to appoint an arbitrator from the roster of arbitrators maintained by such Service. The procedure and rules of the Service shall be applicable to the selection of such arbitrator and to such arbitration proceedings, and the findings and determination of the arbitrator shall be final and conclusive, and no official or court of the United States shall have power or jurisdiction to review any such findings and determination, except for fraud, misrepresentation, or other misconduct by one of the parties to the arbitration or the arbitrator where there is a verified complaint with supporting affidavits attesting to specific instances of such fraud, misrepresentation, or other misconduct. The parties to the arbitration shall share equally in the payment of the fee and expenses of the arbitrator. If the Administrator determines that an original data submitter has failed to participate in a procedure for reaching an agreement or in an arbitration proceeding as required by this subparagraph, or failed to comply with the terms of an agreement or arbitration decision concerning compensation under this subparagraph, the original data submitter shall forfeit the right to compensation for the use of the data in support of the application. Notwithstanding any other provision of this Act, if the Administrator determines that an applicant has failed to participate in a procedure for reaching an agreement or in an arbitration proceeding as required

by this subparagraph, or failed to comply with the terms of an agreement or arbitration decision concerning compensation under this subparagraph, the Administrator shall deny the application or cancel the registration of the pesticide in support of which the data were used without further hearing. Before the Administrator takes action under either of the preceding two sentences, the Administrator shall furnish to the affected person, by certified mail, notice of intent to take action and allow fifteen days from the date of delivery of the notice for the affected person to respond. If a registration is denied or canceled under this subparagraph, the Administrator may make such order as the Administrator deems appropriate concerning the continued sale and use of existing stocks of such pesticide. Registration action by the Administrator shall not be delayed pending the fixing of compensation.

(iv) After expiration of any period of exclusive use and any period for which compensation is required for the use of an item of data under clauses (i), (ii), and (iii), the Administrator may consider such item of data in support of an application by any other applicant without the permission of the original data submitter and without an offer having been received to compensate the original data submitter for the use of such item of data.

(v) The period of exclusive use provided under clause (ii) shall not take effect until 1 year after enactment of this clause, except where an applicant or registrant is applying for the registration of a pesticide containing an active ingredient not previously registered.

(vi) With respect to data submitted after the date of enactment of this clause by an applicant or registrant to support an amendment adding a new use to an existing registration that does not retain any period of exclusive use, if such data relates solely to a minor use of a pesticide, such data shall not, without the written permission of the original data submitter, be considered by the Administrator to support an application for a minor use by another person during the period of 10 years following the date of submission of such data. The applicant or registrant at the time the new minor use is requested shall notify the Administrator that to the best of their knowledge the exclusive use period for the pesticide has expired and that the data pertaining solely to the minor use of a pesticide is eligible for the provisions of this paragraph. If the minor use registration which is supported by data submitted pursuant to this subsection is voluntarily canceled or if such data are subsequently used to support a nonminor use, the data shall no longer be subject to the exclusive use provisions of this clause but shall instead be considered by the Administrator in accordance with the provisions of clause (i), as appropriate.

(G) If the applicant is requesting that the registration or amendment to the registration of a pesticide be expedited, an explanation of the basis for the request must be submitted, in accordance with paragraph (10) of this subsection.

(2) DATA IN SUPPORT OF REGISTRATION.—

(A) IN GENERAL.—The Administrator shall publish guidelines specifying the kinds of information which will be required to support the registration of a pesticide and shall revise such guidelines from time to time. If thereafter the Administrator requires any additional kind of information under subparagraph (B) of this paragraph, the Administrator shall permit sufficient time for applicants to obtain such additional information. The Administrator, in establishing standards for data requirements for the registration of pesticides with respect to minor uses, shall make such standards commensurate with the anticipated extent of use, pattern of use, the public health and agricultural need for such minor use, and the level and degree of potential beneficial or adverse effects on man and the environment. The Administrator shall not require a person to submit, in relation to a registration or reregistration of a pesticide for minor agricultural use under this Act, any field residue data from a geographic area where the pesticide will not be registered for such use. In the development of these standards, the Administrator shall consider the economic factors of potential national volume of use, extent of distribution, and the impact of the cost of meeting the requirements on the incentives for any potential registrant to undertake the development of the required data. Except as provided by section 10, within 30 days after the Administrator registers a pesticide under this Act the Administrator shall make available to the public the data called for in the registration statement together with such other scientific information as the Administrator deems relevant to the Administrator's decision.

(B) ADDITIONAL DATA.—(i) If the Administrator determines that additional data are required to maintain in effect an existing registration of a pesticide, the Administrator shall notify all existing registrants of the pesticide to which the determination relates and provide a list of such registrants to any interested person.

(ii) Each registrant of such pesticide shall provide evidence within ninety days after receipt of notification that it is taking appropriate steps to secure the additional data that are required. Two or more registrants may agree to develop jointly, or to share in the cost of developing, such data if they agree and advise the Administrator of their intent within ninety days after notification. Any registrant who agrees to share in the cost of producing the data shall be entitled to examine and rely upon such data in support of maintenance of such registration. The Administrator shall issue a notice of intent to suspend the registration of a pesticide in accordance with the procedures prescribed

by clause (iv) if a registrant fails to comply with this clause.

(iii) If, at the end of sixty days after advising the Administrator of their agreement to develop jointly, or share in the cost of developing data, the registrants have not further agreed on the terms of the data development arrangement or on a procedure for reaching such agreement, any of such registrants may initiate binding arbitration proceedings by requesting the Federal Mediation and Conciliation Service to appoint an arbitrator from the roster of arbitrators maintained by such Service. The procedure and rules of the Service shall be applicable to the selection of such arbitrator and to such arbitration proceedings, and the findings and determination of the arbitrator shall be final and conclusive, and no official or court of the United States shall have power or jurisdiction to review any such findings and determination, except for fraud, misrepresentation, or other misconduct by one of the parties to the arbitration or the arbitrator where there is a verified complaint with supporting affidavits attesting to specific instances of such fraud, misrepresentation, or other misconduct. All parties to the arbitration shall share equally in the payment of the fee and expenses of the arbitrator. The Administrator shall issue a notice of intent to suspend the registration of a pesticide in accordance with the procedures prescribed by clause (iv) if a registrant fails to comply with this clause.

(iv) Notwithstanding any other provision of this Act, if the Administrator determines that a registrant, within the time required by the Administrator, has failed to take appropriate steps to secure the data required under this subparagraph, to participate in a procedure for reaching agreement concerning a joint data development arrangement under this subparagraph or in an arbitration proceeding as required by this subparagraph, or to comply with the terms of an agreement or arbitration decision concerning a joint data development arrangement under this subparagraph, the Administrator may issue a notice of intent to suspend such registrant's registration of the pesticide for which additional data is required. The Administrator may include in the notice of intent to suspend such provisions as the Administrator deems appropriate concerning the continued sale and use of existing stocks of such pesticide. Any suspension proposed under this subparagraph shall become final and effective at the end of thirty days from receipt by the registrant of the notice of intent to suspend, unless during that time a request for hearing is made by a person adversely affected by the notice or the registrant has satisfied the Administrator that the registrant has complied fully with the requirements that served as a basis for the notice of intent to suspend. If a hearing is requested, a hearing shall be conducted under section 6(d) of this Act. The only matters for resolution at that hearing shall be whether the registrant has failed to take the action that served as the basis for the

notice of intent to suspend the registration of the pesticide for which additional data is required, and whether the Administrator's determination with respect to the disposition of existing stocks is consistent with this Act. If a hearing is held, a decision after completion of such hearing shall be final. Notwithstanding any other provision of this Act, a hearing shall be held and a determination made within seventy-five days after receipt of a request for such hearing. Any registration suspended under this subparagraph shall be reinstated by the Administrator if the Administrator determines that the registrant has complied fully with the requirements that served as a basis for the suspension of the registration.

(v) Any data submitted under this subparagraph shall be subject to the provisions of paragraph (1)(D). Whenever such data are submitted jointly by two or more registrants, an agent shall be agreed on at the time of the joint submission to handle any subsequent data compensation matters for the joint submitters of such data.

(vi) Upon the request of a registrant the Administrator shall, in the case of a minor use, extend the deadline for the production of residue chemistry data under this subparagraph for data required solely to support that minor use until the final deadline for submission of data under section 4 for the other uses of the pesticide established as of the date of enactment of the Food Quality Protection Act of 1996, if—

(I) the data to support other uses of the pesticide on a food are being provided;

(II) the registrant, in submitting a request for such an extension, provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;

(III) the Administrator has determined that such extension will not significantly delay the Administrator's schedule for issuing a reregistration eligibility determination required under section 4; and

(IV) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this clause, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this clause, the Administrator may take action to modify or revoke the extension under this clause if the Administrator determines that the extension for

the minor use may cause an unreasonable adverse effect on the environment. In such circumstance, the Administrator shall provide, in writing to the registrant, a notice revoking the extension of time for submission of data. Such data shall instead be due in accordance with the date established by the Administrator for the submission of the data.

(vii) If the registrant does not commit to support a specific minor use of the pesticide, but is supporting and providing data in a timely and adequate fashion to support uses of the pesticide on a food, or if all uses of the pesticide are nonfood uses and the registrant does not commit to support a specific minor use of the pesticide but is supporting and providing data in a timely and adequate fashion to support other nonfood uses of the pesticide, the Administrator, at the written request of the registrant, shall not take any action pursuant to this clause in regard to such unsupported minor use until the final deadline established as of the date of enactment of the Food Quality Protection Act of 1996, for the submission of data under section 4 for the supported uses identified pursuant to this clause unless the Administrator determines that the absence of the data is significant enough to cause human health or environmental concerns. On the basis of such determination, the Administrator may refuse the request for extension by the registrant. Upon receipt of the request from the registrant, the Administrator shall publish in the Federal Register a notice of the receipt of the request and the effective date upon which the uses not being supported will be voluntarily deleted from the registration pursuant to section 6(f)(1). If the Administrator grants an extension under this clause, the Administrator shall monitor the development of the data for the uses being supported and shall ensure that the registrant is meeting the schedule for the production of such data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) of this subparagraph regarding the continued registration of the affected products with the minor and other uses and shall inform the public of such action in accordance with section 6(f)(2). Notwithstanding the provisions of this clause, the Administrator may deny, modify, or revoke the temporary extension under this subparagraph if the Administrator determines that the continuation of the minor use may cause an unreasonable adverse effect on the environment. In the event of modification or revocation, the Administrator shall provide, in writing, to the registrant a notice revoking the temporary extension and establish a new effective date by which the minor use shall be deleted from the registration.

(viii)(I) If data required to support registration of a pesticide under subparagraph (A) is requested by a Federal or State regulatory authority, the Administrator shall, to the extent practicable, coordinate data requirements, test pro-

tocols, timetables, and standards of review and reduce burdens and redundancy caused to the registrant by multiple requirements on the registrant.

(II) The Administrator may enter into a cooperative agreement with a State to carry out subclause (I).

(III) Not later than 1 year after the date of enactment of this clause, the Administrator shall develop a process to identify and assist in alleviating future disparities between Federal and State data requirements.

(C) SIMPLIFIED PROCEDURES.—Within nine months after the date of enactment of this subparagraph, the Administrator shall, by regulation, prescribe simplified procedures for the registration of pesticides, which shall include the provisions of subparagraph (D) of this paragraph.

(D) EXEMPTION.—No applicant for registration of a pesticide who proposes to purchase a registered pesticide from another producer in order to formulate such purchased pesticide into the pesticide that is the subject of the application shall be required to—

(i) submit or cite data pertaining to such purchased product; or

(ii) offer to pay reasonable compensation otherwise required by paragraph (1)(D) of this subsection for the use of any such data.

(E) MINOR USE WAIVER.—In handling the registration of a pesticide for a minor use, the Administrator may waive otherwise applicable data requirements if the Administrator determines that the absence of such data will not prevent the Administrator from determining—

(i) the incremental risk presented by the minor use of the pesticide; and

(ii) that such risk, if any, would not be an unreasonable adverse effect on the environment.

(3) TIME FOR ACTING WITH RESPECT TO APPLICATION.—

(A) IN GENERAL.—The Administrator shall review the data after receipt of the application and shall, as expeditiously as possible, either register the pesticide in accordance with paragraph (5), or notify the applicant of the Administrator's determination that it does not comply with the provisions of the Act in accordance with paragraph (6).

(B) IDENTICAL OR SUBSTANTIALLY SIMILAR.—(i) The Administrator shall, as expeditiously as possible, review and act on any application received by the Administrator that—

(I) proposes the initial or amended registration of an end-use pesticide that, if registered as proposed, would be identical or substantially similar in composition and labeling to a currently-registered pesticide identified in the application, or that would differ in composition and labeling from such currently-registered pesticide only in ways that would not significantly increase the risk of unreasonable adverse effects on the environment; or

(II) proposes an amendment to the registration of a registered pesticide that does not require scientific review of data.

(ii) In expediting the review of an application for an action described in clause (i), the Administrator shall—

(I) review the application in accordance with section 33(f)(4)(B) and, if the application is found to be incomplete, reject the application;

(II) not later than the applicable decision review time established pursuant to section 33(f)(4)(B), or, if no review time is established, not later than 90 days after receiving a complete application, notify the registrant if the application has been granted or denied; and

(III) if the application is denied, notify the registrant in writing of the specific reasons for the denial of the application.

(C) MINOR USE REGISTRATION.—

(i) The Administrator shall, as expeditiously as possible, review and act on any complete application—

(I) that proposes the initial registration of a new pesticide active ingredient if the active ingredient is proposed to be registered solely for minor uses, or proposes a registration amendment solely for minor uses to an existing registration; or

(II) for a registration or a registration amendment that proposes significant minor uses.

(ii) For the purposes of clause (i)—

(I) the term “as expeditiously as possible” means that the Administrator shall, to the greatest extent practicable, complete a review and evaluation of all data, submitted with a complete application, within 12 months after the submission of the complete application, and the failure of the Administrator to complete such a review and evaluation under clause (i) shall not be subject to judicial review; and

(II) the term “significant minor uses” means 3 or more minor uses proposed for every nonminor use, a minor use that would, in the judgment of the Administrator, serve as a replacement for any use which has been canceled in the 5 years preceding the receipt of the application, or a minor use that in the opinion of the Administrator would avoid the reissuance of an emergency exemption under section 18 for that minor use.

(D) ADEQUATE TIME FOR SUBMISSION OF MINOR USE DATA.—If a registrant makes a request for a minor use waiver, regarding data required by the Administrator, pursuant to paragraph (2)(E), and if the Administrator denies in whole or in part such data waiver request, the registrant shall have a full-time period for providing such data. For purposes of this subparagraph, the term “full-time period” means the time period originally established by the Administrator for submission of such data, begin-

ning with the date of receipt by the registrant of the Administrator's notice of denial.

(4) NOTICE OF APPLICATION.—The Administrator shall publish in the Federal Register, promptly after receipt of the statement and other data required pursuant to paragraphs (1) and (2), a notice of each application for registration of any pesticide if it contains any new active ingredient or if it would entail a changed use pattern. The notice shall provide for a period of 30 days in which any Federal agency or any other interested person may comment.

(5) APPROVAL OF [REGISTRATION.—] [The Administrator] REGISTRATION.—

(A) IN GENERAL.—*The Administrator;* shall register a pesticide if the Administrator determines that, when considered with any restrictions imposed under subsection (d)—

[(A)] *(i)* its composition is such as to warrant the proposed claims for it;

[(B)] *(ii)* its labeling and other material required to be submitted comply with the requirements of this Act;

[(C)] *(iii)* it will perform its intended function without unreasonable adverse effects on the environment[; and];

[(D)] *(iv)* when used in accordance with widespread and commonly recognized practice it will not generally cause unreasonable adverse effects on the environment[.]; and

(v) when used in accordance with widespread and commonly recognized practice it is not likely to jeopardize the survival of a federally listed threatened or endangered species or directly or indirectly alter, in a manner that is likely to appreciably diminish its value, critical habitat for both the survival and recovery of such species.

[The Administrator shall not make any lack of essentiality a criterion for denying registration of any pesticide. Where two pesticides meet the requirements of this paragraph, one should not be registered in preference to the other. In considering an application for the registration of a pesticide, the Administrator may waive data requirements pertaining to efficacy, in which event the Administrator may register the pesticide without determining that the pesticide's composition is such as to warrant proposed claims of efficacy. If a pesticide is found to be efficacious by any State under section 24(c) of this Act, a presumption is established that the Administrator shall waive data requirements pertaining to efficacy for use of the pesticide in such State.]

(B) PRINCIPLES TO BE APPLIED TO CERTAIN DETERMINATIONS.—*In determining whether the condition specified in subparagraph (A)(v) is met, the Administrator shall take into account the best scientific and commercial information and data available, and shall consider all directions for use and restrictions on use specified by the registration. In making such determination, the Administrator shall use an*

economical and effective screening process that includes higher-tiered probabilistic ecological risk assessments, as appropriate. Notwithstanding any other provision of law, the Administrator shall not be required to consult or otherwise communicate with the Secretary of the Interior and the Secretary of Commerce except to the extent specified in subparagraphs (C) and (D).

(C) SPECIES INFORMATION AND DATA.—

(i) REQUEST.—Not later than 30 days after the Administrator begins any determination under subparagraph (A)(v) with respect to the registration of a pesticide, the Administrator shall request that the Secretary of the Interior and the Secretary of Commerce transmit, with respect to any federally listed threatened and endangered species involved in such determination, the Secretaries' best available and authoritative information and data on—

(I) the location, life history, habitat needs, distribution, threats, population trends and conservation needs of such species; and

(II) relevant physical and biological features of designated critical habitat for such species.

(ii) TRANSMISSION OF DATA.—After receiving a request under clause (i), the Secretary of the Interior and the Secretary of Commerce shall transmit the information described in such clause to the Administrator on a timely basis, unless the Secretary of the Interior and the Secretary of Commerce have made such information available through a web-based platform that is updated on at least a quarterly basis.

(iii) FAILURE TO TRANSMIT DATA.—The failure of the Secretary of the Interior or the Secretary of Commerce to provide information to the Administrator under clause (ii) shall not constitute grounds for extending any deadline for action under section 33(f).

(D) CONSULTATION.—

(i) IN GENERAL.—At the request of an applicant, the Administrator shall request consultation with the Secretary of the Interior and the Secretary of Commerce.

(ii) REQUIREMENTS.—With respect to a consultation under this subparagraph, the Administrator and the Secretary of the Interior and the Secretary of Commerce shall comply with subpart D of part 402 of title 50, Code of Federal Regulations (commonly known as the Joint Counterpart Endangered Species Act Section 7 Consultation), or successor regulations.

(E) FAILURE TO CONSULT.—

(i) NOT ACTIONABLE.—Notwithstanding any other provision of law, beginning on the date of the enactment of this subparagraph, the failure of the Administrator to consult with the Secretary of the Interior and the Secretary of Commerce, except as provided by this section, is not actionable in any Federal court.

(ii) REMEDY.—In any action pending in Federal court on the date of the enactment of this subparagraph or

any action brought in Federal court after such date, with respect to the Administrator's failure to consult with the Secretary of the Interior and the Secretary of Commerce, the sole and exclusive remedy for any such action, other than as otherwise specified in this Act, shall be scheduling the determinations required by section 3(c)(5)(E) for an active ingredient consistent with the periodic review of registrations established by this section.

(F) *ESSENTIALITY AND EFFICACY.*—The Administrator shall not make any lack of essentiality a criterion for denying registration of any pesticide. Where two pesticides meet the requirements of this paragraph, one should not be registered in preference to the other. In considering an application for the registration of a pesticide, the Administrator may waive data requirements pertaining to efficacy, in which event the Administrator may register the pesticide without determining that the pesticide's composition is such as to warrant proposed claims of efficacy. If a pesticide is found to be efficacious by any State under section 24(c), a presumption is established that the Administrator shall waive data requirements pertaining to efficacy for use of the pesticide in such State.

(6) *DENIAL OF REGISTRATION.*—If the Administrator determines that the requirements of paragraph (5) for registration are not satisfied, the Administrator shall notify the applicant for registration of the Administrator's determination and of the Administrator's reasons (including the factual basis) therefor, and that, unless the applicant corrects the conditions and notifies the Administrator thereof during the 30-day period beginning with the day after the date on which the applicant receives the notice, the Administrator may refuse to register the pesticide. Whenever the Administrator refuses to register a pesticide, the Administrator shall notify the applicant of the Administrator's decision and of the Administrator's reasons (including the factual basis) therefor. The Administrator shall promptly publish in the Federal Register notice of such denial of registration and the reasons therefor. Upon such notification, the applicant for registration or other interested person with the concurrence of the applicant shall have the same remedies as provided for in section 6.

(7) *REGISTRATION UNDER SPECIAL CIRCUMSTANCES.*—Notwithstanding the provisions of paragraph (5)—

(A) The Administrator may conditionally register or amend the registration of a pesticide if the Administrator determines that (i) the pesticide and proposed use are identical or substantially similar to any currently registered pesticide and use thereof, or differ only in ways that would not significantly increase the risk of unreasonable adverse effects on the environment, *and when used in accordance with widespread and commonly recognized practice, it is not likely to jeopardize the survival of a federally listed threatened or endangered species or appreciably diminish the value of critical habitat for both the survival and recovery of the listed species*, and (ii) approving the

registration or amendment in the manner proposed by the applicant would not significantly increase the risk of any unreasonable adverse effect on the environment *and it is not likely to jeopardize the survival of a federally listed threatened or endangered species or appreciably diminish the value of critical habitat for both the survival and recovery of the listed species*. An applicant seeking conditional registration or amended registration under this subparagraph shall submit such data as would be required to obtain registration of a similar pesticide under paragraph (5). If the applicant is unable to submit an item of data because it has not yet been generated, the Administrator may register or amend the registration of the pesticide under such conditions as will require the submission of such data not later than the time such data are required to be submitted with respect to similar pesticides already registered under this Act.

(B) The Administrator may conditionally amend the registration of a pesticide to permit additional uses of such pesticide notwithstanding that data concerning the pesticide may be insufficient to support an unconditional amendment, if the Administrator determines that (i) the applicant has submitted satisfactory data pertaining to the proposed additional use, and (ii) amending the registration in the manner proposed by the applicant would not significantly increase the risk of any unreasonable adverse effect on the environment *and it is not likely to jeopardize the survival of a federally listed threatened or endangered species or directly or indirectly appreciably diminish the value of critical habitat for both the survival and recovery of the listed species*. Notwithstanding the foregoing provisions of this subparagraph, no registration of a pesticide may be amended to permit an additional use of such pesticide if the Administrator has issued a notice stating that such pesticide, or any ingredient thereof, meets or exceeds risk criteria associated in whole or in part with human dietary exposure enumerated in regulations issued under this Act, and during the pendency of any risk-benefit evaluation initiated by such notice, if (I) the additional use of such pesticide involves a major food or feed crop, or (II) the additional use of such pesticide involves a minor food or feed crop and the Administrator determines, with the concurrence of the Secretary of Agriculture, there is available an effective alternative pesticide that does not meet or exceed such risk criteria. An applicant seeking amended registration under this subparagraph shall submit such data as would be required to obtain registration of a similar pesticide under paragraph (5). If the applicant is unable to submit an item of data (other than data pertaining to the proposed additional use) because it has not yet been generated, the Administrator may amend the registration under such conditions as will require the submission of such data not later than the time such data are required to be submitted with respect to similar pesticides already registered under this Act.

(C) The Administrator may conditionally register a pesticide containing an active ingredient not contained in any currently registered pesticide for a period reasonably sufficient for the generation and submission of required data (which are lacking because a period reasonably sufficient for generation of the data has not elapsed since the Administrator first imposed the data requirement) on the condition that by the end of such period the Administrator receives such data and the data do not meet or exceed risk criteria enumerated in regulations issued under this Act, and on such other conditions as the Administrator may prescribe. A conditional registration under this subparagraph shall be granted only if the Administrator determines that use of the pesticide during such period will not cause any unreasonable adverse effect on the environment, and that use of the pesticide is in the public interest.

(8) INTERIM ADMINISTRATIVE REVIEW.—Notwithstanding any other provision of this Act, the Administrator may not initiate a public interim administrative review process to develop a risk-benefit evaluation of the ingredients of a pesticide or any of its uses prior to initiating a formal action to cancel, suspend, or deny registration of such pesticide, required under this Act, unless such interim administrative process is based on a validated test or other significant evidence raising prudent concerns of unreasonable adverse risk to man or to the environment. Notice of the definition of the terms “validated test” and “other significant evidence” as used herein shall be published by the Administrator in the Federal Register.

(9) LABELING.—

(A) ADDITIONAL STATEMENTS.—Subject to subparagraphs (B) and (C), it shall not be a violation of this Act for a registrant to modify the labeling of an antimicrobial pesticide product to include relevant information on product efficacy, product composition, container composition or design, or other characteristics that do not relate to any pesticidal claim or pesticidal activity.

(B) REQUIREMENTS.—Proposed labeling information under subparagraph (A) shall not be false or misleading, shall not conflict with or detract from any statement required by law or the Administrator as a condition of registration, and shall be substantiated on the request of the Administrator.

(C) NOTIFICATION AND DISAPPROVAL.—

(i) NOTIFICATION.—A registration may be modified under subparagraph (A) if —

(I) the registrant notifies the Administrator in writing not later than 60 days prior to distribution or sale of a product bearing the modified labeling; and

(II) the Administrator does not disapprove of the modification under clause (ii).

(ii) DISAPPROVAL.—Not later than 30 days after receipt of a notification under clause (i), the Administrator may disapprove the modification by sending the registrant notification in writing stating that the pro-

posed language is not acceptable and stating the reasons why the Administrator finds the proposed modification unacceptable.

(iii) RESTRICTION ON SALE.—A registrant may not sell or distribute a product bearing a disapproved modification.

(iv) OBJECTION.—A registrant may file an objection in writing to a disapproval under clause (ii) not later than 30 days after receipt of notification of the disapproval.

(v) FINAL ACTION.—A decision by the Administrator following receipt and consideration of an objection filed under clause (iv) shall be considered a final agency action.

(D) USE DILUTION.—The label or labeling required under this Act for an antimicrobial pesticide that is or may be diluted for use may have a different statement of caution or protective measures for use of the recommended diluted solution of the pesticide than for use of a concentrate of the pesticide if the Administrator determines that —

(i) adequate data have been submitted to support the statement proposed for the diluted solution uses; and

(ii) the label or labeling provides adequate protection for exposure to the diluted solution of the pesticide.

(10) EXPEDITED REGISTRATION OF PESTICIDES.—

(A) Not later than 1 year after the date of enactment of this paragraph, the Administrator shall, utilizing public comment, develop procedures and guidelines, and expedite the review of an application for registration of a pesticide or an amendment to a registration that satisfies such guidelines.

(B) Any application for registration or an amendment, including biological and conventional pesticides, will be considered for expedited review under this paragraph. An application for registration or an amendment shall qualify for expedited review if use of the pesticide proposed by the application may reasonably be expected to accomplish 1 or more of the following:

(i) Reduce the risks of pesticides to human health.

(ii) Reduce the risks of pesticides to nontarget organisms.

(iii) Reduce the potential for contamination of groundwater, surface water, or other valued environmental resources.

(iv) Broaden the adoption of integrated pest management strategies, or make such strategies more available or more effective.

(C) The Administrator, not later than 30 days after receipt of an application for expedited review, shall notify the applicant whether the application is complete. If it is found to be incomplete, the Administrator may either reject the request for expedited review or ask the applicant

for additional information to satisfy the guidelines developed under subparagraph (A).

(d) CLASSIFICATION OF PESTICIDES.—

(1) CLASSIFICATION FOR GENERAL USE, RESTRICTED USE, OR BOTH.—

(A) As a part of the registration of a pesticide the Administrator shall classify it as being for general use or for restricted use. If the Administrator determines that some of the uses for which the pesticide is registered should be for general use and that other uses for which it is registered should be for restricted use, the Administrator shall classify it for both general use and restricted use. Pesticide uses may be classified by regulation on the initial classification and registered pesticides may be classified prior to reregistration. If some of the uses of the pesticide are classified for general use and other uses are classified for restricted use, the directions relating to its general uses shall be clearly separated and distinguished from those directions relating to its restricted uses. The Administrator may require that its packaging and labeling for restricted uses shall be clearly distinguishable from its packaging and labeling for general uses.

(B) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, will not generally cause unreasonable adverse effects on the environment, the Administrator will classify the pesticide, or the particular use or uses of the pesticide to which the determination applies, for general use.

(C) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, may generally cause, without additional regulatory restrictions, unreasonable adverse effects on the environment, including injury to the applicator, the Administrator shall classify the pesticide, or the particular use or uses to which the determination applies, for restricted use:

(i) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that the acute dermal or inhalation toxicity of the pesticide presents a hazard to the applicator or other persons, the pesticide shall be applied for any use to which the restricted classification applies only by or under the direct supervision of a certified applicator.

(ii) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that its use without additional regulatory restriction may cause unreasonable adverse effects on the environment, the pesticide shall be applied for any use to which the determination ap-

plies only by or under the direct supervision of a certified applicator, or subject to such other restrictions as the Administrator may provide by regulation. Any such regulation shall be reviewable in the appropriate court of appeals upon petition of a person adversely affected filed within 60 days of the publication of the regulation in final form.

(2) CHANGE IN CLASSIFICATION.—If the Administrator determines that a change in the classification of any use of a pesticide from general use to restricted use is necessary to prevent unreasonable adverse effects on the environment, the Administrator shall notify the registrant of such pesticide of such determination at least forty-five days before making the change and shall publish the proposed change in the Federal Register. The registrant, or other interested person with the concurrence of the registrant, may seek relief from such determination under section 6(b).

(3) CHANGE IN CLASSIFICATION FROM RESTRICTED USE TO GENERAL USE.—The registrant of any pesticide with one or more uses classified for restricted use may petition the Administrator to change any such classification from restricted to general use. Such petition shall set out the basis for the registrant's position that restricted use classification is unnecessary because classification of the pesticide for general use would not cause unreasonable adverse effects on the environment. The Administrator, within sixty days after receiving such petition, shall notify the registrant whether the petition has been granted or denied. Any denial shall contain an explanation therefor and any such denial shall be subject to judicial review under section 16 of this Act.

(e) PRODUCTS WITH SAME FORMULATION AND CLAIMS.—Products which have the same formulation, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same pesticide may be registered as a single pesticide; and additional names and labels shall be added to the registration by supplemental statements.

(f) MISCELLANEOUS.—

(1) EFFECT OF CHANGE OF LABELING OR FORMULATION.—If the labeling or formulation for a pesticide is changed, the registration shall be amended to reflect such change if the Administrator determines that the change will not violate any provision of this Act.

(2) REGISTRATION NOT A DEFENSE.—In no event shall registration of an article be construed as a defense for the commission of any offense under this Act. As long as no cancellation proceedings are in effect registration of a pesticide shall be prima facie evidence that the pesticide, its labeling and packaging comply with the registration provisions of the Act.

(3) AUTHORITY TO CONSULT OTHER FEDERAL AGENCIES.—In connection with consideration of any registration or application for registration under this section, the Administrator may consult with any other Federal agency.

(4) MIXTURES OF NITROGEN STABILIZERS AND FERTILIZER PRODUCTS.—Any mixture or other combination of—

(A) 1 or more nitrogen stabilizers registered under this Act; and

(B) 1 or more fertilizer products, shall not be subject to the provisions of this section or sections 4, 5, 7, 15, and 17(a)(2) if the mixture or other combination is accompanied by the labeling required under this Act for the nitrogen stabilizer contained in the mixture or other combination, the mixture or combination is mixed or combined in accordance with such labeling, and the mixture or combination does not contain any active ingredient other than the nitrogen stabilizer.

(5) *USE OF AUTHORIZED PESTICIDES.*—*Except as provided in section 402(s) of the Federal Water Pollution Control Act, the Administrator or a State may not require a permit under such Act for a discharge from a point source into navigable waters of a pesticide authorized for sale, distribution, or use under this Act, or the residue of such a pesticide, resulting from the application of such pesticide.*

(g) REGISTRATION REVIEW.—

(1)(A) GENERAL RULE.—

(i) IN GENERAL.—The registrations of pesticides are to be periodically reviewed.

(ii) REGULATIONS.—In accordance with this subparagraph, the Administrator shall by regulation establish a procedure for accomplishing the periodic review of registrations.

(iii) INITIAL REGISTRATION REVIEW.—The Administrator shall complete the registration review of each pesticide or pesticide case, which may be composed of 1 or more active ingredients and the products associated with the active ingredients, not later than the later of—

(I) October 1, 2022; or

(II) the date that is 15 years after the date on which the first pesticide containing a new active ingredient is registered.

(iv) SUBSEQUENT REGISTRATION REVIEW.—Not later than 15 years after the date on which the initial registration review is completed under clause (iii) and each 15 years thereafter, the Administrator shall complete a subsequent registration review for each pesticide or pesticide case.

(v) CANCELLATION.—No registration shall be canceled as a result of the registration review process unless the Administrator follows the procedures and substantive requirements of section 6.

(vi) *ENSURING PROTECTION OF SPECIES AND HABITAT.*—*The Administrator shall complete the determination required under subsection (c)(5)(A)(v) for an active ingredient consistent with the periodic review of registrations under clauses (ii) and (iii) in accordance with the following schedule:*

(I) *With respect to any active ingredient first registered on or before October 1, 2007, not later than October 1, 2026.*

(II) *With respect to any active ingredient first registered between October 1, 2007, and the day before the*

date of the enactment of this clause, not later than October 1, 2033.

(III) With respect to any active ingredient first registered on or after the date of the enactment of this clause, not later than 48 months after the effective date of registration.

(B) DOCKETING.—

(i) IN GENERAL.—Subject to clause (ii), after meeting with 1 or more individuals that are not government employees to discuss matters relating to a registration review, the Administrator shall place in the docket minutes of the meeting, a list of attendees, and any documents exchanged at the meeting, not later than the earlier of—

(I) the date that is 45 days after the meeting; or

(II) the date of issuance of the registration review decision.

(ii) PROTECTED INFORMATION.—The Administrator shall identify, but not include in the docket, any confidential business information the disclosure of which is prohibited by section 10.

(C) LIMITATION.—Nothing in this subsection shall prohibit the Administrator from undertaking any other review of a pesticide pursuant to this Act.

(2)(A) DATA.—The Administrator shall use the authority in subsection (c)(2)(B) to require the submission of data when such data are necessary for a registration review.

(B) DATA SUBMISSION, COMPENSATION, AND EXEMPTION.—For purposes of this subsection, the provisions of subsections (c)(1), (c)(2)(B), and (c)(2)(D) shall be utilized for and be applicable to any data required for registration review.

(h) REGISTRATION REQUIREMENTS FOR ANTIMICROBIAL PESTICIDES.—

(1) EVALUATION OF PROCESS.—To the maximum extent practicable consistent with the degrees of risk presented by an antimicrobial pesticide and the type of review appropriate to evaluate the risks, the Administrator shall identify and evaluate reforms to the antimicrobial registration process that would reduce review periods existing as of the date of enactment of this subsection for antimicrobial pesticide product registration applications and applications for amended registration of antimicrobial pesticide products, including—

(A) new antimicrobial active ingredients;

(B) new antimicrobial end-use products;

(C) substantially similar or identical antimicrobial pesticides; and

(D) amendments to antimicrobial pesticide registrations.

(2) REVIEW TIME PERIOD REDUCTION GOAL.—Each reform identified under paragraph (1) shall be designed to achieve the goal of reducing the review period following submission of a complete application, consistent with the degree of risk, to a period of not more than—

(A) 540 days for a new antimicrobial active ingredient pesticide registration;

(B) 270 days for a new antimicrobial use of a registered active ingredient;

- (C) 120 days for any other new antimicrobial product;
- (D) 90 days for a substantially similar or identical antimicrobial product;
- (E) 90 days for an amendment to an antimicrobial registration that does not require scientific review of data; and
- (F) 120 days for an amendment to an antimicrobial registration that requires scientific review of data and that is not otherwise described in this paragraph.

(3) IMPLEMENTATION.—

(A) PROPOSED RULEMAKING.—

(i) ISSUANCE.—Not later than 270 days after the date of enactment of this subsection, the Administrator shall publish in the Federal Register proposed regulations to accelerate and improve the review of antimicrobial pesticide products designed to implement, to the extent practicable, the goals set forth in paragraph (2).

(ii) REQUIREMENTS.—Proposed regulations issued under clause (i) shall—

(I) define the various classes of antimicrobial use patterns, including household, industrial, and institutional disinfectants and sanitizing pesticides, preservatives, water treatment, and pulp and paper mill additives, and other such products intended to disinfect, sanitize, reduce, or mitigate growth or development of microbiological organisms, or protect inanimate objects, industrial processes or systems, surfaces, water, or other chemical substances from contamination, fouling, or deterioration caused by bacteria, viruses, fungi, protozoa, algae, or slime;

(II) differentiate the types of review undertaken for antimicrobial pesticides;

(III) conform the degree and type of review to the risks and benefits presented by antimicrobial pesticides and the function of review under this Act, considering the use patterns of the product, toxicity, expected exposure, and product type;

(IV) ensure that the registration process is sufficient to maintain antimicrobial pesticide efficacy and that antimicrobial pesticide products continue to meet product performance standards and effectiveness levels for each type of label claim made; and

(V) implement effective and reliable deadlines for process management.

(iii) COMMENTS.—In developing the proposed regulations, the Administrator shall solicit the views from registrants and other affected parties to maximize the effectiveness of the rule development process.

(B) FINAL REGULATIONS.—

(i) ISSUANCE.—The Administrator shall issue final regulations not later than 240 days after the close of the comment period for the proposed regulations.

(ii) **FAILURE TO MEET GOAL.**—If a goal described in paragraph (2) is not met by the final regulations, the Administrator shall identify the goal, explain why the goal was not attained, describe the element of the regulations included instead, and identify future steps to attain the goal.

(iii) **REQUIREMENTS.**—In issuing final regulations, the Administrator shall—

(I) consider the establishment of a certification process for regulatory actions involving risks that can be responsibly managed, consistent with the degree of risk, in the most cost-efficient manner;

(II) consider the establishment of a certification process by approved laboratories as an adjunct to the review process;

(III) use all appropriate and cost-effective review mechanisms, including—

(aa) expanded use of notification and non-notification procedures;

(bb) revised procedures for application review; and

(cc) allocation of appropriate resources to ensure streamlined management of antimicrobial pesticide registrations; and

(IV) clarify criteria for determination of the completeness of an application.

(C) **EXPEDITED REVIEW.**—This subsection does not affect the requirements or extend the deadlines or review periods contained in subsection (c)(3).

(D) **ALTERNATIVE REVIEW PERIODS.**—If the final regulations to carry out this paragraph are not effective 630 days after the date of enactment of this subsection, until the final regulations become effective, the review period, beginning on the date of receipt by the Agency of a complete application, shall be—

(i) 2 years for a new antimicrobial active ingredient pesticide registration;

(ii) 1 year for a new antimicrobial use of a registered active ingredient;

(iii) 180 days for any other new antimicrobial product;

(iv) 90 days for a substantially similar or identical antimicrobial product;

(v) 90 days for an amendment to an antimicrobial registration that does not require scientific review of data; and

(vi) 120 days for an amendment to an antimicrobial registration that requires scientific review of data and that is not otherwise described in this subparagraph.

(E) **WOOD PRESERVATIVES.**—An application for the registration, or for an amendment to the registration, of a wood preservative product for which a claim of pesticidal activity listed in section 2(mm) is made (regardless of any other pesticidal claim that is made with respect to the product) shall be reviewed by the Administrator within the

same period as that established under this paragraph for an antimicrobial pesticide product application, consistent with the degree of risk posed by the use of the wood preservative product, if the application requires the applicant to satisfy the same data requirements as are required to support an application for a wood preservative product that is an antimicrobial pesticide.

(F) NOTIFICATION.—

(i) IN GENERAL.—Subject to clause (iii), the Administrator shall notify an applicant whether an application has been granted or denied not later than the final day of the appropriate review period under this paragraph, unless the applicant and the Administrator agree to a later date.

(ii) FINAL DECISION.—If the Administrator fails to notify an applicant within the period of time required under clause (i), the failure shall be considered an agency action unlawfully withheld or unreasonably delayed for purposes of judicial review under chapter 7 of title 5, United States Code.

(iii) EXEMPTION.—This subparagraph does not apply to an application for an antimicrobial pesticide that is filed under subsection (c)(3)(B) prior to 90 days after the date of enactment of this subsection

(iv) LIMITATION.—Notwithstanding clause (ii), the failure of the Administrator to notify an applicant for an amendment to a registration for an antimicrobial pesticide shall not be judicially reviewable in a Federal or State court if the amendment requires scientific review of data within—

(I) the time period specified in subparagraph (D)(vi), in the absence of a final regulation under subparagraph (B); or

(II) the time period specified in paragraph (2)(F), if adopted in a final regulation under subparagraph (B).

(4) ANNUAL REPORT.—

(A) SUBMISSION.—Beginning on the date of enactment of this subsection and ending on the date that the goals under paragraph (2) are achieved, the Administrator shall, not later than March 1 of each year, prepare and submit an annual report to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(B) REQUIREMENTS.—A report submitted under subparagraph (A) shall include a description of—

(i) measures taken to reduce the backlog of pending registration applications;

(ii) progress toward achieving reforms under this subsection; and

(iii) recommendations to improve the activities of the Agency pertaining to antimicrobial registrations.

SEC. 5. EXPERIMENTAL USE PERMITS.

(a) **ISSUANCE.**—Any person may apply to the Administrator for an experimental use permit for a pesticide. The Administrator shall review the application. After completion of the review, but not later than one hundred and twenty days after receipt of the application and all required supporting data, the Administrator shall either issue the permit or notify the applicant of the Administrator's determination not to issue the permit and the reasons therefor. The applicant may correct the application or request a waiver of the conditions for such permit within thirty days of receipt by the applicant of such notification. The Administrator may issue an experimental use permit only if the Administrator determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide under section 3 of this Act *and that the issuance of such a permit is not likely to jeopardize the survival of a federally listed threatened or endangered species or diminish the value of critical habitat for both the survival and recovery of the listed species.* An application for an experimental use permit may be filed at any time.

(b) **TEMPORARY TOLERANCE LEVEL.**—If the Administrator determines that the use of a pesticide may reasonably be expected to result in any residue on or in food or feed, the Administrator may establish a temporary tolerance level for the residue of the pesticide before issuing the experimental use permit.

(c) **USE UNDER PERMIT.**—Use of a pesticide under an experimental use permit shall be under the supervision of the Administrator, and shall be subject to such terms and conditions and be for such period of time as the Administrator may prescribe in the permit.

(d) **STUDIES.**—When any experimental use permit is issued for a pesticide containing any chemical or combination of chemicals which has not been included in any previously registered pesticide, the Administrator may specify that studies be conducted to detect whether the use of the pesticide under the permit may cause unreasonable adverse effects on the environment. All results of such studies shall be reported to the Administrator before such pesticide may be registered under section 3.

(e) **REVOCATION.**—The Administrator may revoke any experimental use permit, at any time, if the Administrator finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

(f) **STATE ISSUANCE OF PERMITS.**—Notwithstanding the foregoing provisions of this section, the Administrator shall, under such terms and conditions as the Administrator may by regulations prescribe, authorize any State to issue an experimental use permit for a pesticide. All provisions of section 11 relating to State plans shall apply with equal force to a State plan for the issuance of experimental use permits under this section.

(g) **EXEMPTION FOR AGRICULTURAL RESEARCH AGENCIES.**—Notwithstanding the foregoing provisions of this section, the Administrator may issue an experimental use permit for a pesticide to any public or private agricultural research agency or educational institution which applies for such permit. Each permit shall not exceed more than a one-year period or such other specific time as the Ad-

ministrator may prescribe. Such permit shall be issued under such terms and conditions restricting the use of the pesticide as the Administrator may require. Such pesticide may be used only by such research agency or educational institution for purposes of experimentation.

SEC. 6. ADMINISTRATIVE REVIEW; SUSPENSION.

(a) EXISTING STOCKS AND INFORMATION.—

(1) EXISTING STOCKS.—The Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is suspended or canceled under this section, or section 3 or 4, to such extent, under such conditions, and for such uses as the Administrator determines that such sale or use is not inconsistent with the purposes of this Act.

(2) INFORMATION.—If at any time after the registration of a pesticide the registrant has additional factual information regarding unreasonable adverse effects on the environment of the pesticide, the registrant shall submit such information to the Administrator.

(b) CANCELLATION AND CHANGE IN CLASSIFICATION.—If it appears to the Administrator that a pesticide or its labeling or other material required to be submitted does not comply with the provisions of this Act or, when used in accordance with widespread and commonly recognized practice, generally causes unreasonable adverse effects on the environment or *does not meet the criteria specified in section 3(c)(5)(A)(v)*, the Administrator may issue a notice of the Administrator's intent either—

(1) to cancel its registration or to change its classification together with the reasons (including the factual basis) for the Administrator's action, or

(2) to hold a hearing to determine whether or not its registration should be canceled or its classification changed.

Such notice shall be sent to the registrant and made public. In determining whether to issue any such notice, the Administrator shall include among those factors to be taken into account the impact of the action proposed in such notice on production and prices of agricultural commodities, retail food prices, and otherwise on the agricultural economy. At least 60 days prior to sending such notice to the registrant or making public such notice, whichever occurs first, the Administrator shall provide the Secretary of Agriculture with a copy of such notice and an analysis of such impact on the agricultural economy. If the Secretary comments in writing to the Administrator regarding the notice and analysis within 30 days after receiving them, the Administrator shall publish in the Federal Register (with the notice) the comments of the Secretary and the response of the Administrator with regard to the Secretary's comments. If the Secretary does not comment in writing to the Administrator regarding the notice and analysis within 30 days after receiving them, the Administrator may notify the registrant and make public the notice at any time after such 30-day period notwithstanding the foregoing 60-day time requirement. The time requirements imposed by the preceding 3 sentences may be waived or modified to the extent agreed upon by the Administrator and the Secretary. Notwithstanding any other provision of this subsection (b) and section 25(d), in the event that the Administrator determines that suspension of a pesticide registration is necessary to

prevent an imminent hazard to human health, then upon such a finding the Administrator may waive the requirement of notice to and consultation with the Secretary of Agriculture pursuant to subsection (b) and of submission to the Scientific Advisory Panel pursuant to section 25(d) and proceed in accordance with subsection (c). When a public health use is affected, the Secretary of Health and Human Services should provide available benefits and use information, or an analysis thereof, in accordance with the procedures followed and subject to the same conditions as the Secretary of Agriculture in the case of agricultural pesticides. The proposed action shall become final and effective at the end of 30 days from receipt by the registrant, or publication, of a notice issued under paragraph (1), whichever occurs later, unless within that time either (i) the registrant makes the necessary corrections, if possible, or (ii) a request for a hearing is made by a person adversely affected by the notice. In the event a hearing is held pursuant to such a request or to the Administrator's determination under paragraph (2), a decision pertaining to registration or classification issued after completion of such hearing shall be final. In taking any final action under this subsection, the Administrator shall consider restricting a pesticide's use or uses as an alternative to cancellation and shall fully explain the reasons for these restrictions, and shall include among those factors to be taken into account the impact of such final action on production and prices of agricultural commodities, retail food prices, and otherwise on the agricultural economy, and the Administrator shall publish in the Federal Register an analysis of such impact.

(c) SUSPENSION.—

(1) ORDER.—If the Administrator determines that action is necessary to prevent an imminent hazard during the time required for cancellation or change in classification proceedings, the Administrator may, by order, suspend the registration of the pesticide immediately. Except as provided in paragraph (3), no order of suspension may be issued under this subsection unless the Administrator has issued, or at the same time issues, a notice of intention to cancel the registration or change the classification of the pesticide under subsection (b). Except as provided in paragraph (3), the Administrator shall notify the registrant prior to issuing any suspension order. Such notice shall include findings pertaining to the question of "imminent hazard". The registrant shall then have an opportunity, in accordance with the provisions of paragraph (2), for an expedited hearing before the Administrator on the question of whether an imminent hazard exists.

(2) EXPEDITE HEARING.—If no request for a hearing is submitted to the Administrator within five days of the registrant's receipt of the notification provided for by paragraph (1), the suspension order may be issued and shall take effect and shall not be reviewable by a court. If a hearing is requested, it shall commence within five days of the receipt of the request for such hearing unless the registrant and the Administrator agree that it shall commence at a later time. The hearing shall be held in accordance with the provisions of subchapter II of title 5 of the United States Code, except that the presiding officer need not be a certified hearing examiner. The presiding of-

ficer shall have ten days from the conclusion of the presentation of evidence to submit recommended findings and conclusions to the Administrator, who shall then have seven days to render a final order on the issue of suspension.

(3) EMERGENCY ORDER.—Whenever the Administrator determines that an emergency exists that does not permit the Administrator to hold a hearing before suspending, the Administrator may issue a suspension order in advance of notification to the registrant. The Administrator may issue an emergency order under this paragraph before issuing a notice of intention to cancel the registration or change the classification of the pesticide under subsection (b) and the Administrator shall proceed to issue the notice under subsection (b) within 90 days of issuing an emergency order. If the Administrator does not issue a notice under subsection (b) within 90 days of issuing an emergency order, the emergency order shall expire. In the case of an emergency order, paragraph (2) shall apply except that (A) the order of suspension shall be in effect pending the expeditious completion of the remedies provided by that paragraph and the issuance of a final order on suspension, and (B) no party other than the registrant and the Administrator shall participate except that any person adversely affected may file briefs within the time allotted by the Administrator's rules. Any person so filing briefs shall be considered a party to such proceeding for the purposes of section 16(b).

(4) JUDICIAL REVIEW.—A final order on the question of suspension following a hearing shall be reviewable in accordance with Section 16 of this Act, notwithstanding the fact that any related cancellation proceedings have not been completed. Any order of suspension entered prior to a hearing before the Administrator shall be subject to immediate review in an action by the registrant or other interested person with the concurrence of the registrant in an appropriate district court, solely to determine whether the order of suspension was arbitrary, capricious or an abuse of discretion, or whether the order was issued in accordance with the procedures established by law. The effect of any order of the court will be only to stay the effectiveness of the suspension order, pending the Administrator's final decision with respect to cancellation or change in classification. This action may be maintained simultaneously with any administrative review proceeding under this section. The commencement of proceedings under this paragraph shall not operate as a stay of order, unless ordered by the court.

(d) PUBLIC HEARINGS AND SCIENTIFIC REVIEW.—In the event a hearing is requested pursuant to subsection (b) or determined upon by the Administrator pursuant to subsection (b), such hearing shall be held after due notice for the purpose of receiving evidence relevant and material to the issues raised by the objections filed by the applicant or other interested parties, or to the issues stated by the Administrator, if the hearing is called by the Administrator rather than by the filing of objections. Upon a showing of relevance and reasonable scope of evidence sought by any party to a public hearing, the Hearing Examiner shall issue a subpoena to compel testimony or production of documents from any person. The Hearing Examiner shall be guided by the principles of the Federal Rules

of Civil Procedure in making any order for the protection of the witness or the content of documents produced and shall order the payment of reasonable fees and expenses as a condition to requiring testimony of the witness. On contest, the subpoena may be enforced by an appropriate United States district court in accordance with the principles stated herein. Upon the request of any party to a public hearing and when in the Hearing Examiner's judgment it is necessary or desirable, the Hearing Examiner shall at any time before the hearing record is closed refer to a Committee of the National Academy of Sciences the relevant questions of scientific fact involved in the public hearing. No member of any committee of the National Academy of Sciences established to carry out the functions of this section shall have a financial or other conflict of interest with respect to any matter considered by such committee. The Committee of the National Academy of Sciences shall report in writing to the Hearing Examiner within 60 days after such referral on these questions of scientific fact. The report shall be made public and shall be considered as part of the hearing record. The Administrator shall enter into appropriate arrangements with the National Academy of Sciences to assure an objective and competent scientific review of the questions presented to Committees of the Academy and to provide such other scientific advisory services as may be required by the Administrator for carrying out the purposes of this Act. As soon as practicable after completion of the hearing (including the report of the Academy) but not later than 90 days thereafter, the Administrator shall evaluate the data and reports before the Administrator and issue an order either revoking the Administrator's notice of intention issued pursuant to this section, or shall issue an order either canceling the registration, changing the classification, denying the registration, or requiring modification of the labeling or packaging of the article. Such order shall be based only on substantial evidence of record of such hearing and shall set forth detailed findings of fact upon which the order is based.

(e) CONDITIONAL REGISTRATION.—

(1) The Administrator shall issue a notice of intent to cancel a registration issued under section 3(c)(7) of this Act if (A) the Administrator, at any time during the period provided for satisfaction of any condition imposed, determines that the registrant has failed to initiate and pursue appropriate action toward fulfilling any condition imposed, or (B) at the end of the period provided for satisfaction of any condition imposed, that condition has not been met. The Administrator may permit the continued sale and use of existing stocks of a pesticide whose conditional registration has been canceled under this subsection to such extent, under such conditions, and for such uses as the Administrator may specify if the Administrator determines that such sale or use is not inconsistent with the purposes of this Act and will not have unreasonable adverse effects on the environment.

(2) A cancellation proposed under this subsection shall become final and effective at the end of thirty days from receipt by the registrant of the notice of intent to cancel unless during that time a request for hearing is made by a person adversely affected by the notice. If a hearing is requested, a hearing shall

be conducted under subsection (d) of this section. The only matters for resolution at that hearing shall be whether the registrant has initiated and pursued appropriate action to comply with the condition or conditions within the time provided or whether the condition or conditions have been satisfied within the time provided, and whether the Administrator's determination with respect to the disposition of existing stocks is consistent with this Act. A decision after completion of such hearing shall be final. Notwithstanding any other provision of this section, a hearing shall be held and a determination made within seventy-five days after receipt of a request for such hearing.

(f) GENERAL PROVISIONS.—

(1) VOLUNTARY CANCELLATION.—

(A) A registrant may, at any time, request that a pesticide registration of the registrant be canceled or amended to terminate one or more pesticide uses.

(B) Before acting on a request under subparagraph (A), the Administrator shall publish in the Federal Register a notice of the receipt of the request and provide for a 30-day period in which the public may comment.

(C) In the case of a pesticide that is registered for a minor agricultural use, if the Administrator determines that the cancellation or termination of uses would adversely affect the availability of the pesticide for use, the Administrator—

(i) shall publish in the Federal Register a notice of the receipt of the request and make reasonable efforts to inform persons who so use the pesticide of the request; and

(ii) may not approve or reject the request until the termination of the 180-day period beginning on the date of publication of the notice in the Federal Register, except that the Administrator may waive the 180-day period upon the request of the registrant or if the Administrator determines that the continued use of the pesticide would pose an unreasonable adverse effect on the environment.

(D) Subject to paragraph (3)(B), after complying with this paragraph, the Administrator may approve or deny the request.

(2) PUBLICATION OF NOTICE.—A notice of denial of registration, intent to cancel, suspension, or intent to suspend issued under this Act or a notice issued under subsection (c)(4) or (d)(5)(A) of section 4 shall be published in the Federal Register and shall be sent by certified mail, return receipt requested, to the registrant's or applicant's address of record on file with the Administrator. If the mailed notice is returned to the Administrator as undeliverable at that address, if delivery is refused, or if the Administrator otherwise is unable to accomplish delivery of the notice to the registrant or applicant after making reasonable efforts to do so, the notice shall be deemed to have been received by the registrant or applicant on the date the notice was published in the Federal Register.

(3) TRANSFER OF REGISTRATION OF PESTICIDES REGISTERED FOR MINOR AGRICULTURAL USES.—In the case of a pesticide that is registered for a minor agricultural use:

(A) During the 180-day period referred to in paragraph (1)(C)(ii), the registrant of the pesticide may notify the Administrator of an agreement between the registrant and a person or persons (including persons who so use the pesticide) to transfer the registration of the pesticide, in lieu of canceling or amending the registration to terminate the use.

(B) An application for transfer of registration, in conformance with any regulations the Administrator may adopt with respect to the transfer of the pesticide registrations, must be submitted to the Administrator within 30 days of the date of notification provided pursuant to subparagraph (A). If such an application is submitted, the Administrator shall approve the transfer and shall not approve the request for voluntary cancellation or amendment to terminate use unless the Administrator determines that the continued use of the pesticide would cause an unreasonable adverse effect on the environment.

(C) If the Administrator approves the transfer and the registrant transfers the registration of the pesticide, the Administrator shall not cancel or amend the registration to delete the use or rescind the transfer of the registration, during the 180-day period beginning on the date of the approval of the transfer unless the Administrator determines that the continued use of the pesticide would cause an unreasonable adverse effect on the environment.

(D) The new registrant of the pesticide shall assume the outstanding data and other requirements for the pesticide that are pending at the time of the transfer.

(4) UTILIZATION OF DATA FOR VOLUNTARILY CANCELED PESTICIDE.—When an application is filed with the Administrator for the registration of a pesticide for a minor use and another registrant subsequently voluntarily cancels its registration for an identical or substantially similar pesticide for an identical or substantially similar use, the Administrator shall process, review, and evaluate the pending application as if the voluntary cancellation had not yet taken place except that the Administrator shall not take such action if the Administrator determines that such minor use may cause an unreasonable adverse effect on the environment. In order to rely on this subsection, the applicant must certify that it agrees to satisfy any outstanding data requirements necessary to support the reregistration of the pesticide in accordance with the data submission schedule established by the Administrator.

(g) NOTICE FOR STORED PESTICIDES WITH CANCELED OR SUSPENDED REGISTRATIONS.—

(1) IN GENERAL.—Any producer or exporter of pesticides, registrant of a pesticide, applicant for registration of a pesticide, applicant for or holder of an experimental use permit, commercial applicator, or any person who distributes or sells any pesticide, who possesses any pesticide which has had its registra-

tion canceled or suspended under this section shall notify the Administrator and appropriate State and local officials of—

- (A) such possession,
- (B) the quantity of such pesticide such person possesses,
- and
- (C) the place at which such pesticide is stored.

(2) COPIES.—The Administrator shall transmit a copy of each notice submitted under this subsection to the regional office of the Environmental Protection Agency which has jurisdiction over the place of pesticide storage identified in the notice.

(h) JUDICIAL REVIEW.—Final orders of the Administrator under this section shall be subject to judicial review pursuant to section 16.

(4) any person using or possessing any pesticide as provided by an experimental use permit in effect with respect to such pesticide and such use or possession; or

(5) any person who ships a substance or mixture of substances being put through tests in which the purpose is only to determine its value for pesticide purposes or to determine its toxicity or other properties and from which the user does not expect to receive any benefit in pest control from its use.

(c) *LAWFUL USE OF PESTICIDE RESULTING IN INCIDENTAL TAKING OF CERTAIN SPECIES.*—*If the Administrator determines, with respect to a pesticide that is registered under this Act, that the pesticide meets the criteria specified in section 3(c)(5)(A)(v), any taking of a federally listed threatened or endangered species that is incidental to an otherwise lawful use of such pesticide pursuant to this Act shall not be considered unlawful under—*

SEC. 22. DELEGATION AND COOPERATION.

(a) DELEGATION.—All authority vested in the Administrator by virtue of the provisions of this Act may with like force and effect be executed by such employees of the Environmental Protection Agency as the Administrator may designate for the purpose.

(b) COOPERATION.—The Administrator shall cooperate with the Department of Agriculture, any other Federal agency, and any appropriate agency of any State or any political subdivision thereof, in carrying out the provisions of this Act, and in securing uni-

formity of regulations *promulgated by the Administrator or, when authorized pursuant to a cooperative agreement entered into under section 23(a)(1), by a State lead agency for a State.*

SEC. 23. STATE COOPERATION, AID, AND TRAINING.

(a) COOPERATIVE AGREEMENTS.—The Administrator may enter into cooperative agreements with States and Indian tribes—

(1) to delegate to any State or Indian tribe the authority to cooperate in the enforcement of this Act through the use of its personnel or facilities, to train personnel of the State or Indian tribe to cooperate in the enforcement of this Act, *to authorize the State or Indian Tribe to establish and maintain uniform regulation of pesticides within the State or for the Indian Tribe,* and to assist States and Indian tribes in implementing cooperative enforcement programs through grants-in-aid; and

(2) to assist States in developing and administering State programs, and Indian tribes that enter into cooperative agreements, to train and certify applicators consistent with the standards the Administrator prescribes.

Effective with the fiscal year beginning October 1, 1978, there are authorized to be appropriated annually such funds as may be necessary for the Administrator to provide through cooperative agreements an amount equal to 50 percent of the anticipated cost to each State or Indian tribe, as agreed to under such cooperative agreements, of conducting training and certification programs during such fiscal year. If funds sufficient to pay 50 percent of the costs for any year are not appropriated, the share of each State and Indian tribe shall be reduced in a like proportion in allocating available funds.

(b) CONTRACTS FOR TRAINING.—In addition, the Administrator may enter into contracts with Federal, State, or Indian tribal agencies for the purpose of encouraging the training of certified applicators.

(c) INFORMATION AND EDUCATION.—The Administrator shall, in cooperation with the Secretary of Agriculture, use the services of the cooperative State extension services to inform and educate pesticide users about accepted uses and other regulations made under this Act.

SEC. 24. AUTHORITY OF STATES.

(a) IN GENERAL.—**[A State may]** *A State, but not a political subdivision of a State, may regulate the sale or use of any federally registered pesticide or device in the State, but only if and to the extent the regulation does not permit any sale or use prohibited by this Act.*

(b) UNIFORMITY.—Such State shall not impose or continue in effect any requirements for labeling or packaging in addition to or different from those required under this Act.

(c) ADDITIONAL USES.—

(1) A State may provide registration for additional uses of federally registered pesticides formulated for distribution and use within that State to meet special local needs in accord with the purposes of this Act and if registration for such use has not previously been denied, disapproved, or canceled by the Administrator. Such registration shall be deemed registration under

section 3 for all purposes of this Act, but shall authorize distribution and use only within such State.

(2) A registration issued by a State under this subsection shall not be effective for more than ninety days if disapproved by the Administrator within that period. Prior to disapproval, the Administrator shall, except as provided in paragraph (3) of this subsection, advise the State of the Administrator's intention to disapprove and the reasons therefor, and provide the State time to respond *and the State registration is not likely to jeopardize the survival of a federally listed threatened or endangered species or directly or indirectly alter in a manner that is likely to appreciably diminish the value of critical habitat for both the survival and recovery of the listed species.* The Administrator shall not prohibit or disapprove a registration issued by a State under this subsection (A) on the basis of lack of essentiality of a pesticide or (B) except as provided in paragraph (3) of this subsection, if its composition and use patterns are similar to those of a federally registered pesticide.

(3) In no instance may a State issue a registration for a food or feed use unless there exists a tolerance or exemption under the Federal Food, Drug, and Cosmetic Act that permits the residues of the pesticide on the food or feed. If the Administrator determines that a registration issued by a State is inconsistent with the Federal Food, Drug, and Cosmetic Act, or the use of a pesticide under a registration issued by a State constitutes an imminent hazard, the Administrator may immediately disapprove the registration.

[(4) If the Administrator finds, in accordance with standards set forth in regulations issued under section 25 of this Act, that a State is not capable of exercising adequate controls to assure that State registration under this section will be in accord with the purposes of this Act or has failed to exercise adequate controls, the Administrator may suspend the authority of the State to register pesticides until such time as the Administrator is satisfied that the State can and will exercise adequate controls. Prior to any such suspension, the Administrator shall advise the State of the Administrator's intention to suspend and the reasons therefor and provide the State time to respond.]

SEC. 25. AUTHORITY OF ADMINISTRATOR.

(a) IN GENERAL.—

(1) REGULATIONS.—The Administrator is authorized in accordance with the procedure described in paragraph (2), to prescribe regulations to carry out the provisions of this Act. Such regulations shall take into account the difference in concept and usage between various classes of pesticides, including public health pesticides, and differences in environmental risk and the appropriate data for evaluating such risk between agricultural, nonagricultural, and public health pesticides.

(2) PROCEDURE.—

(A) PROPOSED REGULATIONS.—At least 60 days prior to signing any proposed regulation for publication in the Federal Register, the Administrator shall provide the Secretary of Agriculture *and each State lead agency* with a copy of such regulation. [If the Secretary comments in

writing to the Administrator regarding any such regulation within 30 days after receiving it, the Administrator shall publish in the Federal Register (with the proposed regulation) the comments of the Secretary and the response of the Administrator with regard to the Secretary's comments.】 *If the Secretary or any State lead agency or any State lead agency comments in writing to the Administrator regarding any such regulation within 30 days after receiving the copy of the regulation, the Administrator shall publish in the Federal Register (with the proposed regulation) all such comments and the response of the Administrator to the comments.* If the Secretary or any State lead agency does not comment in writing to the Administrator regarding the regulation within 30 days after receiving it, the Administrator may sign such regulation for publication in the Federal Register any time after such 30-day period notwithstanding the foregoing 60-day time requirement.

(B) FINAL REGULATIONS.—At least 30 days prior to signing any regulation in final form for publication in the Federal Register, the Administrator shall provide the Secretary of Agriculture and each State lead agency with a copy of such regulation. 【If the Secretary comments in writing to the Administrator regarding any such final regulation within 15 days after receiving it, the Administrator shall publish in the Federal Register (with the final regulation) the comments of the Secretary, if requested by the Secretary, and the response of the Administrator concerning the Secretary's comments.】 *If the Secretary or any State lead agency or any State lead agency comments in writing to the Administrator regarding any such regulation within 15 days after receiving the copy of the regulation, the Administrator shall publish in the Federal Register (with the final regulation) the comments of the Secretary or State lead agency, if requested by the Secretary or State lead agency, and the response of the Administrator to the comments.* If the Secretary or any State lead agency does not comment in writing to the Administrator regarding the regulation within 15 days after receiving it, the Administrator may sign such regulation for publication in the Federal Register at any time after such 15-day period notwithstanding the foregoing 30-day time requirement. In taking any final action under this subsection, the Administrator shall include among those factors to be taken into account the effect of the regulation on production and prices of agricultural commodities, retail food prices, and otherwise on the agricultural economy, and the Administrator shall publish in the Federal Register an analysis of such effect.

(C) TIME REQUIREMENTS.—The time requirements imposed by subparagraphs (A) and (B) may be waived or modified to the extent agreed upon by the Administrator and the Secretary, *in consultation with the State lead agencies.*

(D) PUBLICATION IN THE FEDERAL REGISTER.—The Administrator shall, simultaneously with any notification to the Secretary of Agriculture under this paragraph prior to

the issuance of any proposed or final regulation, publish such notification in the Federal Register.

(3) CONGRESSIONAL COMMITTEES.—At such time as the Administrator is required under paragraph (2) of this subsection to provide the Secretary of Agriculture with a copy of proposed regulations and a copy of the final form of regulations, the Administrator shall also furnish a copy of such regulations to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(4) CONGRESSIONAL REVIEW OF REGULATIONS.—Simultaneously with the promulgation of any rule or regulation under this Act, the Administrator shall transmit a copy thereof to the Secretary of the Senate and the Clerk of the House of Representatives. The rule or regulation shall not become effective until the passage of 60 calendar days after the rule or regulation is so transmitted.

(b) EXEMPTION OF PESTICIDES.—The Administrator may exempt from the requirements of this Act by regulation any pesticide which the Administrator determines either (1) to be adequately regulated by another Federal agency, or (2) to be of a character which is unnecessary to be subject to this Act in order to carry out the purposes of this Act.

(c) OTHER AUTHORITY.—The Administrator, after notice and opportunity for hearing, is authorized—

(1) to declare a pest any form of plant or animal life (other than man and other than bacteria, virus, and other micro-organisms on or in living man or other living animals) which is injurious to health or the environment;

(2) to determine any pesticide which contains any substance or substances in quantities highly toxic to man;

(3) to establish standards (which shall be consistent with those established under the authority of the Poison Prevention Packaging Act (Public Law 91-601)) with respect to the package, container, or wrapping in which a pesticide or device is enclosed for use or consumption, in order to protect children and adults from serious injury or illness resulting from accidental ingestion or contact with pesticides or devices regulated by this Act as well as to accomplish the other purposes of this Act;

(4) to specify those classes of devices which shall be subject to any provision of paragraph 2(q)(1) or section 7 of this Act upon the Administrator's determination that application of such provision is necessary to effectuate the purposes of this Act;

(5) to prescribe regulations requiring any pesticide to be colored or discolored if the Administrator determines that such requirement is feasible and is necessary for the protection of health and the environment; and

(6) to determine and establish suitable names to be used in the ingredient statement.

(d) SCIENTIFIC ADVISORY PANEL.—

(1) IN GENERAL.—The Administrator shall submit to an advisory panel for comment as to the impact on health and the environment of the action proposed in notices of intent issued

under section 6(b) and of the proposed and final form of regulations issued under section 25(a) within the same time periods as provided for the comments of the Secretary of Agriculture under such sections. The time requirements for notices of intent and proposed and final forms of regulation may not be modified or waived unless in addition to meeting the requirements of section 6(b) or 25(a), as applicable, the advisory panel has failed to comment on the proposed action within the prescribed time period or has agreed to the modification or waiver. The Administrator shall also solicit from the advisory panel comments, evaluations, and recommendations for operating guidelines to improve the effectiveness and quality of scientific analyses made by personnel of the Environmental Protection Agency that lead to decisions by the Administrator in carrying out the provisions of this Act. The comments, evaluations, and recommendations of the advisory panel submitted under this subsection and the response of the Administrator shall be published in the Federal Register in the same manner as provided for publication of the comments of the Secretary of Agriculture under such sections. The chairman of the advisory panel, after consultation with the Administrator, may create temporary subpanels on specific projects to assist the full advisory panel in expediting and preparing its evaluations, comments, and recommendations. The subpanels may be composed of scientists other than members of the advisory panel, as deemed necessary for the purpose of evaluating scientific studies relied upon by the Administrator with respect to proposed action. Such additional scientists shall be selected by the advisory panel. The panel referred to in this subsection shall consist of 7 members appointed by the Administrator from a list of 12 nominees, 6 nominated by the National Institutes of Health and 6 by the National Science Foundation, utilizing a system of staggered terms of appointment. Members of the panel shall be selected on the basis of their professional qualifications to assess the effects of the impact of pesticides on health and the environment. To the extent feasible to insure multidisciplinary representation, the panel membership shall include representation from the disciplines of toxicology, pathology, environmental biology, and related sciences. If a vacancy occurs on the panel due to expiration of a term, resignation, or any other reason, each replacement shall be selected by the Administrator from a group of 4 nominees, 2 submitted by each of the nominating entities named in this subsection. The Administrator may extend the term of a panel member until the new member is appointed to fill the vacancy. If a vacancy occurs due to resignation, or reason other than expiration of a term, the Administrator shall appoint a member to serve during the unexpired term utilizing the nomination process set forth in this subsection. Should the list of nominees provided under this subsection be unsatisfactory, the Administrator may request an additional set of nominees from the nominating entities. The Administrator may require such information from the nominees to the advisory panel as the Administrator deems necessary, and the Administrator shall publish in the Federal Register the name, address, and professional affiliations of

each nominee. Each member of the panel shall receive per diem compensation at a rate not in excess of that fixed for GS-18 of the General Schedule as may be determined by the Administrator, except that any such member who holds another office or position under the Federal Government the compensation for which exceeds such rate may elect to receive compensation at the rate provided for such other office or position in lieu of the compensation provided by this subsection. In order to assure the objectivity of the advisory panel, the Administrator shall promulgate regulations regarding conflicts of interest with respect to the members of the panel. The advisory panel established under this section shall be permanent. In performing the functions assigned by this Act, the panel shall consult and coordinate its activities with the Science Advisory Board established under the Environmental Research, Development, and Demonstration Authorization Act of 1978. Whenever the Administrator exercises authority under section 6(c) of this Act to immediately suspend the registration of any pesticide to prevent an imminent hazard, the Administrator shall promptly submit to the advisory panel for comment, as to the impact on health and the environment, the action taken to suspend the registration of such pesticide.

(2) SCIENCE REVIEW BOARD.—There is established a Science Review Board to consist of 60 scientists who shall be available to the Scientific Advisory Panel to assist in reviews conducted by the Panel. Members of the Board shall be selected in the same manner as members of temporary subpanels created under paragraph (1). Members of the Board shall be compensated in the same manner as members of the Panel.

(e) PEER REVIEW.—The Administrator shall, by written procedures, provide for peer review with respect to the design, protocols, and conduct of major scientific studies conducted under this Act by the Environmental Protection Agency or by any other Federal agency, any State or political subdivision thereof, or any institution or individual under grant, contract, or cooperative agreement from or with the Environmental Protection Agency. In such procedures, the Administrator shall also provide for peer review, using the advisory panel established under subsection (d) of this section or appropriate experts appointed by the Administrator from a current list of nominees maintained by such panel, with respect to the results of any such scientific studies relied upon by the Administrator with respect to actions the Administrator may take relating to the change in classification, suspension, or cancellation of a pesticide. Whenever the Administrator determines that circumstances do not permit the peer review of the results of any such scientific study prior to the Administrator's exercising authority under section 6(c) of this Act to immediately suspend the registration of any pesticide to prevent an imminent hazard, the Administrator shall promptly thereafter provide for the conduct of peer review as provided in this sentence. The evaluations and relevant documentation constituting the peer review that relate to the proposed scientific studies and the results of the completed scientific studies shall be included in the submission for comment forwarded by the Administrator to the advisory panel as provided in subsection (d). As used in this subsection, the term "peer review" shall mean an independent evalua-

tion by scientific experts, either within or outside the Environmental Protection Agency, in the appropriate disciplines.

TITLE IV—PERMITS AND LICENSES

* * * * *

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM

SEC. 402. (a)(1) Except as provided in sections 318 and 404 of this Act, the Administrator may, after opportunity for public hearing, issue a permit for the discharge of any pollutant, or combination of pollutants, notwithstanding section 301(a), upon condition that such discharge will meet either (A) all applicable requirements under sections 301, 302, 306, 307, 308, and 403 of this Act, or (B) prior to the taking of necessary implementing actions relating to all such requirements, such conditions as the Administrator determines are necessary to carry out the provisions of this Act.

(2) The Administrator shall prescribe conditions for such permits to assure compliance with the requirements of paragraph (1) of this subsection, including conditions on data and information collection, reporting, and such other requirements as he deems appropriate.

(3) The permit program of the Administrator under paragraph (1) of this subsection, and permits issued thereunder, shall be subject to the same terms, conditions, and requirements as apply to a State permit program and permits issued thereunder under subsection (b) of this section.

(4) All permits for discharges into the navigable waters issued pursuant to section 13 of the Act of March 3, 1899, shall be deemed to be permits issued under this title, and permits issued under this title shall be deemed to be permits issued under section 13 of the Act of March 3, 1899, and shall continue in force and effect for their term unless revoked, modified, or suspended in accordance with the provisions of this Act.

(5) No permit for a discharge into the navigable waters shall be issued under section 13 of the Act of March 3, 1899, after the date of enactment of this title. Each application for a permit under section 13 of the Act of March 3, 1899, pending on the date of enactment of this Act shall be deemed to be an application for a permit under this section. The Administrator shall authorize a State, which he determines has the capability of administering a permit program which will carry out the objective of this Act, to issue permits for discharges into the navigable waters within the jurisdiction of such State. The Administrator may exercise the authority granted him by the preceding sentence only during the period which begins on the date of enactment of this Act and ends either on the ninetieth day after the date of the first promulgation of guidelines required by section 304(i)(2) of this Act, or the date of approval by the Administrator of a permit program for such State under subsection (b) of this section, whichever date first occurs,

and no such authorization to a State shall extend beyond the last day of such period. Each such permit shall be subject to such conditions as the Administrator determines are necessary to carry out the provisions of this Act. No such permit shall issue if the Administrator objects to such issuance.

(b) At any time after the promulgation of the guidelines required by subsection (i)(2) of section 304 of this Act, the Governor of each State desiring to administer its own permit program for discharges into navigable waters within its jurisdiction may submit to the Administrator a full and complete description of the program it proposes to establish and administer under State law or under an interstate compact. In addition, such State shall submit a statement from the attorney general (or the attorney for those State water pollution control agencies which have independent legal counsel), or from the chief legal officer in the case of an interstate agency, that the laws of such State, or the interstate compact, as the case may be, provide adequate authority to carry out the described program. The Administrator shall approve each such submitted program unless he determines that adequate authority does not exist:

(1) To issue permits which—

(A) apply, and insure compliance with, any applicable requirements of sections 301, 302, 306, 307, and 403;

(B) are for fixed terms not exceeding five years; and

(C) can be terminated or modified for cause including, but not limited to, the following:

(i) violation of any condition of the permit;

(ii) obtaining a permit by misrepresentation, or failure to disclose fully all relevant facts;

(iii) change in any condition that requires either a temporary or permanent reduction or elimination of the permitted discharge;

(D) control the disposal of pollutants into wells;

(2)(A) To issue permits which apply, and insure compliance with, all applicable requirements of section 308 of this Act, or

(B) To inspect, monitor, enter, and require reports to at least the same extent as required in section 308 of this Act;

(3) To insure that the public, and any other State the waters of which may be affected, receive notice of each application for a permit and to provide an opportunity for public hearing before a ruling on each such application;

(4) To insure that the Administrator receives notice of each application (including a copy thereof) for a permit;

(5) To insure that any State (other than the permitting State), whose waters may be affected by the issuance of a permit may submit written recommendations to the permitting State (and the Administrator) with respect to any permit application and, if any part of such written recommendations are not accepted by the permitting State, that the permitting State will notify such affected State (and the Administrator) in writing of its failure to so accept such recommendations together with its reasons for so doing;

(6) To insure that no permit will be issued if, in the judgment of the Secretary of the Army acting through the Chief of Engineers, after consultation with the Secretary of the department in which

the Coast Guard is operating, anchorage and navigation of any of the navigable waters would be substantially impaired thereby;

(7) To abate violations of the permit or the permit program, including civil and criminal penalties and other ways and means of enforcement;

(8) To insure that any permit for a discharge from a publicly owned treatment works includes conditions to require the identification in terms of character and volume of pollutants of any significant source introducing pollutants subject to pretreatment standards under section 307(b) of this Act into such works and a program to assure compliance with such pretreatment standards by each such source, in addition to adequate notice to the permitting agency of (A) new introductions into such works of pollutants from any source which would be a new source as defined in section 306 if such source were discharging pollutants, (B) new introductions of pollutants into such works from a source which would be subject to section 301 if it were discharging such pollutants, or (C) a substantial change in volume or character of pollutants being introduced into such works by a source introducing pollutants into such works at the time of issuance of the permit. Such notice shall include information on the quality and quantity of effluent to be introduced into such treatment works and any anticipated impact of such change in the quantity or quality of effluent to be discharged from such publicly owned treatment works; and

(9) To insure that any industrial user of any publicly owned treatment works will comply with sections 204(b), 307, and 308.

(c)(1) Not later than ninety days after the date on which a State has submitted a program (or revision thereof) pursuant to subsection (b) of this section, the Administrator shall suspend the issuance of permits under subsection (a) of this section as to those discharges subject to such program unless he determines that the State permit program does not meet the requirements of subsection (b) of this section or does not conform to the guidelines issued under section 304(i)(2) of this Act. If the Administrator so determines, he shall notify the State of any revisions or modifications necessary to conform to such requirements or guidelines.

(2) Any State permit program under this section shall at all times be in accordance with this section and guidelines promulgated pursuant to section 304(i)(2) of this Act.

(3) Whenever the Administrator determines after public hearing that a State is not administering a program approved under this section in accordance with requirements of this section, he shall so notify the State and, if appropriate corrective action is not taken within a reasonable time, not to exceed ninety days, the Administrator shall withdraw approval of such program. The Administrator shall not withdraw approval of any such program unless he shall first have notified the State, and made public, in writing, the reasons for such withdrawal.

(4) LIMITATIONS ON PARTIAL PERMIT PROGRAM RETURNS AND WITHDRAWALS.—A State may return to the Administrator administration, and the Administrator may withdraw under paragraph (3) of this subsection approval, of—

(A) a State partial permit program approved under subsection (n)(3) only if the entire permit program being ad-

ministered by the State department or agency at the time is returned or withdrawn; and

(B) a State partial permit program approved under subsection (n)(4) only if an entire phased component of the permit program being administered by the State at the time is returned or withdrawn.

(d)(1) Each State shall transmit to the Administrator a copy of each permit application received by such State and provide notice to the Administrator of every action related to the consideration of such permit application, including each permit proposed to be issued by such State.

(2) No permit shall issue (A) if the Administrator within ninety days of the date of his notification under subsection (b)(5) of this section objects in writing to the issuance of such permit, or (B) if the Administrator within ninety days of the date of transmittal of the proposed permit by the State objects in writing to the issuance of such permit as being outside the guidelines and requirements of this Act. Whenever the Administrator objects to the issuance of a permit under this paragraph such written objection shall contain a statement of the reasons for such objection and the effluent limitations and conditions which such permit would include if it were issued by the Administrator.

(3) The Administrator may, as to any permit application, waive paragraph (2) of this subsection.

(4) In any case where, after the date of enactment of this paragraph, the Administrator, pursuant to paragraph (2) of this subsection, objects to the issuance of a permit, on request of the State, a public hearing shall be held by the Administrator on such objection. If the State does not resubmit such permit revised to meet such objection within 30 days after completion of the hearing, or, if no hearing is requested within 90 days after the date of such objection, the Administrator may issue the permit pursuant to subsection (a) of this section for such source in accordance with the guidelines and requirements of this Act.

(e) In accordance with guidelines promulgated pursuant to subsection (i)(2) of section 304 of this Act, the Administrator is authorized to waive the requirements of subsection (d) of this section at the time he approves a program pursuant to subsection (b) of this section for any category (including any class, type, or size within such category) of point sources within the State submitting such program.

(f) The Administrator shall promulgate regulations establishing categories of point sources which he determines shall not be subject to the requirements of subsection (d) of this section in any State with a program approved pursuant to subsection (b) of this section. The Administrator may distinguish among classes, types, and sizes within any category of point sources.

(g) Any permit issued under this section for the discharge of pollutants into the navigable waters from a vessel or other floating craft shall be subject to any applicable regulations promulgated by the Secretary of the Department in which the Coast Guard is operating, establishing specifications for safe transportation, handling, carriage, storage, and stowage of pollutants.

(h) In the event any condition of a permit for discharges from a treatment works (as defined in section 212 of this Act) which is

publicly owned is violated, a State with a program approved under subsection (b) of this section or the Administrator, where no State program is approved or where the Administrator determines pursuant to section 309(a) of this Act that a State with an approved program has not commenced appropriate enforcement action with respect to such permit, may proceed in a court of competent jurisdiction to restrict or prohibit the introduction of any pollutant into such treatment works by a source not utilizing such treatment works prior to the finding that such condition was violated.

(i) Nothing in this section shall be construed to limit the authority of the Administrator to take action pursuant to section 309 of this Act.

(j) A copy of each permit application and each permit issued under this section shall be available to the public. Such permit application or permit, or portion thereof, shall further be available on request for the purpose of reproduction.

(k) Compliance with a permit issued pursuant to this section shall be deemed compliance, for purposes of sections 309 and 505, with sections 301, 302, 306, 307, and 403, except any standard imposed under section 307 for a toxic pollutant injurious to human health. Until December 31, 1974, in any case where a permit for discharge has been applied for pursuant to this section, but final administrative disposition of such application has not been made, such discharge shall not be a violation of (1) section 301, 306, or 402 of this Act, or (2) section 13 of the Act of March 3, 1899, unless the Administrator or other plaintiff proves that final administrative disposition of such application has not been made because of the failure of the applicant to furnish information reasonably required or requested in order to process the application. For the 180-day period beginning on the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, in the case of any point source discharging any pollutant or combination of pollutants immediately prior to such date of enactment which source is not subject to section 13 of the Act of March 3, 1899, the discharge by such source shall not be a violation of this Act if such a source applies for a permit for discharge pursuant to this section within such 180-day period.

(l) LIMITATION ON PERMIT REQUIREMENT.—

(1) AGRICULTURAL RETURN FLOWS.—The Administrator shall not require a permit under this section for discharges composed entirely of return flows from irrigated agriculture, nor shall the Administrator directly or indirectly, require any State to require such a permit.

(2) STORMWATER RUNOFF FROM OIL, GAS, AND MINING OPERATIONS.—The Administrator shall not require a permit under this section, nor shall the Administrator directly or indirectly require any State to require a permit, for discharges of stormwater runoff from mining operations or oil and gas exploration, production, processing, or treatment operations or transmission facilities, composed entirely of flows which are from conveyances or systems of conveyances (including but not limited to pipes, conduits, ditches, and channels) used for collecting and conveying precipitation runoff and which are not contaminated by contact with, or do not come into contact with, any overburden, raw material, intermediate products, finished

product, byproduct, or waste products located on the site of such operations.

(3) SILVICULTURAL ACTIVITIES.—

(A) NPDES PERMIT REQUIREMENTS FOR SILVICULTURAL ACTIVITIES.—The Administrator shall not require a permit under this section nor directly or indirectly require any State to require a permit under this section for a discharge from runoff resulting from the conduct of the following silviculture activities conducted in accordance with standard industry practice: nursery operations, site preparation, reforestation and subsequent cultural treatment, thinning, prescribed burning, pest and fire control, harvesting operations, surface drainage, or road construction and maintenance.

(B) OTHER REQUIREMENTS.—Nothing in this paragraph exempts a discharge from silvicultural activity from any permitting requirement under section 404, existing permitting requirements under section 402, or from any other federal law.

(C) The authorization provided in Section 505(a) does not apply to any non-permitting program established under 402(p)(6) for the silviculture activities listed in 402(l)(3)(A), or to any other limitations that might be deemed to apply to the silviculture activities listed in 402(l)(3)(A).

(m) ADDITIONAL PRETREATMENT OF CONVENTIONAL POLLUTANTS NOT REQUIRED.—To the extent a treatment works (as defined in section 212 of this Act) which is publicly owned is not meeting the requirements of a permit issued under this section for such treatment works as a result of inadequate design or operation of such treatment works, the Administrator, in issuing a permit under this section, shall not require pretreatment by a person introducing conventional pollutants identified pursuant to a section 304(a)(4) of this Act into such treatment works other than pretreatment required to assure compliance with pretreatment standards under subsection (b)(8) of this section and section 307(b)(1) of this Act. Nothing in this subsection shall affect the Administrator's authority under sections 307 and 309 of this Act, affect State and local authority under sections 307(b)(4) and 510 of this Act, relieve such treatment works of its obligations to meet requirements established under this Act, or otherwise preclude such works from pursuing whatever feasible options are available to meet its responsibility to comply with its permit under this section.

(n) PARTIAL PERMIT PROGRAM.—

(1) STATE SUBMISSION.—The Governor of a State may submit under subsection (b) of this section a permit program for a portion of the discharges into the navigable waters in such State.

(2) MINIMUM COVERAGE.—A partial permit program under this subsection shall cover, at a minimum, administration of a major category of the discharges into the navigable waters of the State or a major component of the permit program required by subsection (b).

(3) APPROVAL OF MAJOR CATEGORY PARTIAL PERMIT PROGRAMS.—The Administrator may approve a partial permit pro-

gram covering administration of a major category of discharges under this subsection if—

(A) such program represents a complete permit program and covers all of the discharges under the jurisdiction of a department or agency of the State; and

(B) the Administrator determines that the partial program represents a significant and identifiable part of the State program required by subsection (b).

(4) APPROVAL OF MAJOR COMPONENT PARTIAL PERMIT PROGRAMS.—The Administrator may approve under this subsection a partial and phased permit program covering administration of a major component (including discharge categories) of a State permit program required by subsection (b) if—

(A) the Administrator determines that the partial program represents a significant and identifiable part of the State program required by subsection (b); and

(B) the State submits, and the Administrator approves, a plan for the State to assume administration by phases of the remainder of the State program required by subsection (b) by a specified date not more than 5 years after submission of the partial program under this subsection and agrees to make all reasonable efforts to assume such administration by such date.

(o) ANTI-BACKSLIDING.—

(1) GENERAL PROHIBITION.—In the case of effluent limitations established on the basis of subsection (a)(1)(B) of this section, a permit may not be renewed, reissued, or modified on the basis of effluent guidelines promulgated under section 304(b) subsequent to the original issuance of such permit, to contain effluent limitations which are less stringent than the comparable effluent limitations in the previous permit. In the case of effluent limitations established on the basis of section 301(b)(1)(C) or section 303(d) or (e), a permit may not be renewed, reissued, or modified to contain effluent limitations which are less stringent than the comparable effluent limitations in the previous permit except in compliance with section 303(d)(4).

(2) EXCEPTIONS.—A permit with respect to which paragraph (1) applies may be renewed, reissued, or modified to contain a less stringent effluent limitation applicable to a pollutant if—

(A) material and substantial alterations or additions to the permitted facility occurred after permit issuance which justify the application of a less stringent effluent limitation;

(B)(i) information is available which was not available at the time of permit issuance (other than revised regulations, guidance, or test methods) and which would have justified the application of a less stringent effluent limitation at the time of permit issuance; or

(ii) the Administrator determines that technical mistakes or mistaken interpretations of law were made in issuing the permit under subsection (a)(1)(B);

(C) a less stringent effluent limitation is necessary because of events over which the permittee has no control and for which there is no reasonably available remedy;

(D) the permittee has received a permit modification under section 301(c), 301(g), 301(h), 301(i), 301(k), 301(n), or 316(a); or

(E) the permittee has installed the treatment facilities required to meet the effluent limitations in the previous permit and has properly operated and maintained the facilities but has nevertheless been unable to achieve the previous effluent limitations, in which case the limitations in the reviewed, reissued, or modified permit may reflect the level of pollutant control actually achieved (but shall not be less stringent than required by effluent guidelines in effect at the time of permit renewal, reissuance, or modification).

Subparagraph (B) shall not apply to any revised waste load allocations or any alternative grounds for translating water quality standards into effluent limitations, except where the cumulative effect of such revised allocations results in a decrease in the amount of pollutants discharged into the concerned waters, and such revised allocations are not the result of a discharger eliminating or substantially reducing its discharge of pollutants due to complying with the requirements of this Act or for reasons otherwise unrelated to water quality.

(3) LIMITATIONS.—In no event may a permit with respect to which paragraph (1) applies be renewed, reissued, or modified to contain an effluent limitation which is less stringent than required by effluent guidelines in effect at the time the permit is renewed, reissued, or modified. In no event may such a permit to discharge into waters be renewed, reissued, or modified to contain a less stringent effluent limitation if the implementation of such limitation would result in a violation of a water quality standard under section 303 applicable to such waters.

(p) MUNICIPAL AND INDUSTRIAL STORMWATER DISCHARGES.—

(1) GENERAL RULE.—Prior to October 1, 1994, the Administrator or the State (in the case of a permit program approved under section 402 of this Act) shall not require a permit under this section for discharges composed entirely of stormwater.

(2) EXCEPTIONS.—Paragraph (1) shall not apply with respect to the following stormwater discharges:

(A) A discharge with respect to which a permit has been issued under this section before the date of the enactment of this subsection.

(B) A discharge associated with industrial activity.

(C) A discharge from a municipal separate storm sewer system serving a population of 250,000 or more.

(D) A discharge from a municipal separate storm sewer system serving a population of 100,000 or more but less than 250,000.

(E) A discharge for which the Administrator or the State, as the case may be, determines that the stormwater discharge contributes to a violation of a water quality standard or is a significant contributor of pollutants to waters of the United States.

(3) PERMIT REQUIREMENTS.—

(A) INDUSTRIAL DISCHARGES.—Permits for discharges associated with industrial activity shall meet all applicable provisions of this section and section 301.

(B) MUNICIPAL DISCHARGE.—Permits for discharges from municipal storm sewers—

(i) may be issued on a system- or jurisdiction-wide basis;

(ii) shall include a requirement to effectively prohibit non-stormwater discharges into the storm sewers; and

(iii) shall require controls to reduce the discharge of pollutants to the maximum extent practicable, including management practices, control techniques and system, design and engineering methods, and such other provisions as the Administrator or the State determines appropriate for the control of such pollutants.

(4) PERMIT APPLICATION REQUIREMENTS.—

(A) INDUSTRIAL AND LARGE MUNICIPAL DISCHARGES.—Not later than 2 years after the date of the enactment of this subsection, the Administrator shall establish regulations setting forth the permit application requirements for stormwater discharges described in paragraphs (2)(B) and (2)(C). Applications for permits for such discharges shall be filed no later than 3 years after such date of enactment. Not later than 4 years after such date of enactment the Administrator or the State, as the case may be, shall issue or deny each such permit. Any such permit shall provide for compliance as expeditiously as practicable, but in no event later than 3 years after the date of issuance of such permit.

(B) OTHER MUNICIPAL DISCHARGES.—Not later than 4 years after the date of the enactment of this subsection, the Administrator shall establish regulations setting forth the permit application requirements for stormwater discharges described in paragraph (2)(D). Applications for permits for such discharges shall be filed no later than 5 years after such date of enactment. Not later than 6 years after such date of enactment, the Administrator or the State, as the case may be, shall issue or deny each such permit. (5) STUDIES.—The Administrator, in consultation with the States, shall conduct a study for the purposes of—

(A) identifying those stormwater discharges or classes of stormwater discharges for which permits are not required pursuant to paragraphs (1) and (2) of this subsection;

(B) determining, to the maximum extent practicable, the nature and extent of pollutants in such discharges; and

(C) establishing procedures and methods to control stormwater discharges to the extent necessary to mitigate impacts on water quality.

Not later than October 1, 1988, the Administrator shall submit to Congress a report on the results of the study described in subparagraphs (A) and (B). Not later than October 1, 1989, the

Administrator shall submit to Congress a report on the results of the study described in subparagraph (C).

(6) REGULATIONS.—Not later than October 1, 1993, the Administrator, in consultation with State and local officials, shall issue regulations (based on the results of the studies conducted under paragraph (5)) which designate stormwater discharges, other than those discharges described in paragraph (2), to be regulated to protect water quality and shall establish a comprehensive program to regulate such designated sources. The program shall, at a minimum, (A) establish priorities, (B) establish requirements for State stormwater management programs, and (C) establish expeditious deadlines. The program may include performance standards, guidelines, guidance, and management practices and treatment requirements, as appropriate.

(q) COMBINED SEWER OVERFLOWS.—

(1) REQUIREMENT FOR PERMITS, ORDERS, AND DECREES.—Each permit, order, or decree issued pursuant to this Act after the date of enactment of this subsection for a discharge from a municipal combined storm and sanitary sewer shall conform to the Combined Sewer Overflow Control Policy signed by the Administrator on April 11, 1994 (in this subsection referred to as the “CSO control policy”).

(2) WATER QUALITY AND DESIGNATED USE REVIEW GUIDANCE.—Not later than July 31, 2001, and after providing notice and opportunity for public comment, the Administrator shall issue guidance to facilitate the conduct of water quality and designated use reviews for municipal combined sewer overflow receiving waters.

(3) REPORT.—Not later than September 1, 2001, the Administrator shall transmit to Congress a report on the progress made by the Environmental Protection Agency, States, and municipalities in implementing and enforcing the CSO control policy.

(r) DISCHARGES INCIDENTAL TO THE NORMAL OPERATION OF RECREATIONAL VESSELS.—No permit shall be required under this Act by the Administrator (or a State, in the case of a permit program approved under subsection (b)) for the discharge of any graywater, bilge water, cooling water, weather deck runoff, oil water separator effluent, or effluent from properly functioning marine engines, or any other discharge that is incidental to the normal operation of a vessel, if the discharge is from a recreational vessel.

(s) DISCHARGES OF PESTICIDES.—

(1) NO PERMIT REQUIREMENT.—*Except as provided in paragraph (2), a permit shall not be required by the Administrator or a State under this Act for a discharge from a point source into navigable waters of a pesticide authorized for sale, distribution, or use under the Federal Insecticide, Fungicide, and Rodenticide Act, or the residue of such a pesticide, resulting from the application of such pesticide.*

(2) EXCEPTIONS.—*Paragraph (1) shall not apply to the following discharges of a pesticide or pesticide residue:*

- (ii) Treatment works effluent.*
- (iii) Discharges incidental to the normal operation of a vessel, including a discharge resulting from ballasting operations or vessel biofouling prevention.*

(C) that, in light of the specific agricultural, meteorological, or other conditions presented, requires the use of methyl bromide to control a pest or disease in such location or facility because there are no technically or economically feasible alternatives to methyl bromide easily accessible by an entity referred to in subparagraph (B) at the time and location of the event that—

(i) are registered under the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136 et seq.) for the intended use or pest to be so controlled; and

(A) IN GENERAL.—Subject to subparagraph (B)—

(i) in the case of each of the 1995 through 1998 crop years, catastrophic risk protection shall offer a producer coverage for a 50 percent loss in yield, on an individual yield or area yield basis, indemnified at 60 percent of the expected market price, or a comparable coverage (as determined by the Corporation); and

(ii) in the case of each of the 1999 and subsequent crop years, catastrophic risk protection shall offer a producer coverage for a 50 percent loss in yield, on an individual yield or area yield basis, indemnified at 55 percent of the expected market price, or a comparable coverage (as determined by the Corporation).

(C) TERMINATION OF AUTHORITY.—The authority provided by this paragraph shall terminate on the date that is 3 years after the effective date of this paragraph.

(4) ADJUSTMENT IN ACTUAL PRODUCTION HISTORY TO ESTABLISH INSURABLE YIELDS.—

(A) APPLICATION.—This paragraph shall apply whenever the Corporation uses the actual production records of the producer to establish the producer's actual production history for an agricultural commodity for any of the 2001 and subsequent crop years.

(B) ELECTION TO USE PERCENTAGE OF TRANSITIONAL YIELD.—If, for one or more of the crop years used to establish the producer's actual production history of an agricultural commodity, the producer's recorded or appraised yield of the commodity was less than 60 percent of the applicable transitional yield, as determined by the Corporation, the Corporation shall, at the election of the producer—

(i) exclude any of such recorded or appraised yield; and—

(ii)(I) replace each excluded yield with a yield equal to 60 percent of the applicable transitional yield; or

(II) in the case of beginning farmers or ranchers, replace each excluded yield with a yield equal to 80 percent of the applicable transitional yield.

(C) ELECTION TO EXCLUDE CERTAIN HISTORY.—

(i) IN GENERAL.—Notwithstanding paragraph (2), with respect to 1 or more of the crop years used to establish the actual production history of an agricultural commodity of the producer, the producer may elect to exclude any recorded or appraised yield for any crop year in which the per planted acre yield of the agricultural commodity in the county of the producer was at least 50 percent below the simple average of the per planted acre yield of the agricultural commodity in the county during the previous 10 consecutive crop years.

(ii) CONTIGUOUS COUNTIES.—In any crop year that a producer in a county is eligible to make an election to exclude a yield under clause (i), a producer in a contiguous county is eligible to make such an election.

(iii) IRRIGATION PRACTICE.—For purposes of determining whether the per planted acre yield of the agricultural commodity in the county of the producer was

at least 50 percent below the simple average of the per planted acre yield of the agricultural commodity in the county during the previous 10 consecutive crop years, the Corporation shall make a separate determination for irrigated and nonirrigated acreage.

(D) PREMIUM ADJUSTMENT.—In the case of a producer that makes an election under subparagraph (B) or (C), the Corporation shall adjust the premium to reflect the risk associated with the adjustment made in the actual production history of the producer.

(5) ADJUSTMENT TO REFLECT INCREASED YIELDS FROM SUCCESSFUL PEST CONTROL EFFORTS.—

(A) SITUATIONS JUSTIFYING ADJUSTMENT.—The Corporation shall develop a methodology for adjusting the actual production history of a producer when each of the following apply:

(i) The producer's farm is located in an area where systematic, area-wide efforts have been undertaken using certain operations or measures, or the producer's farm is a location at which certain operations or measures have been undertaken, to detect, eradicate, suppress, or control, or at least to prevent or retard the spread of, a plant disease or plant pest, including a plant pest (as defined in section 102 of the Department of Agriculture Organic Act of 1944 (7 U.S.C. 147a)).

(ii) The presence of the plant disease or plant pest has been found to adversely affect the yield of the agricultural commodity for which the producer is applying for insurance.

(iii) The efforts described in clause (i) have been effective.

(B) ADJUSTMENT AMOUNT.—The amount by which the Corporation adjusts the actual production history of a producer of an agricultural commodity shall reflect the degree to which the success of the systematic, area-wide efforts described in subparagraph (A), on average, increases the yield of the commodity on the producer's farm, as determined by the Corporation.

(6) CONTINUED AUTHORITY.—

(A) IN GENERAL.—*The Corporation shall establish—*

(i) underwriting rules that limit the decrease in the actual production history of a producer, at the election of the producer, to not more than 10 percent of the actual production history of the previous crop year provided that the production decline was the result of drought, flood, natural disaster, or other insurable loss (as determined by the Corporation); and

(ii) actuarially sound premiums to cover additional risk.

(B) OTHER AUTHORITY.—*The authority provided under subparagraph (A) is in addition to any other authority that adjusts the actual production history of the producer under this Act.*

(C) *EFFECT.*—*Nothing in this paragraph shall be construed to require a change in the carrying out of any provision of this Act as the Act was carried out for the 2018 reinsurance year.*

(h) SUBMISSION OF POLICIES AND MATERIALS TO BOARD.—

(1) AUTHORITY TO SUBMIT.—

(A) IN GENERAL.—In addition to any standard forms or policies that the Board may require be made available to producers under subsection (c), a person (including an approved insurance provider, a college or university, a cooperative or trade association, or any other person) may prepare for submission or propose to the Board—

(i) other crop insurance policies and provisions of policies; and

(ii) rates of premiums for multiple peril crop insurance pertaining to wheat, soybeans, field corn, and any other crops determined by the Secretary.

(B) REVIEW AND SUBMISSION BY CORPORATION.—The Corporation shall review any policy developed under section 522(c) or any pilot program developed under section 523 and submit the policy or program to the Board under this subsection if the Corporation, at the sole discretion of the Corporation, finds that the policy or program—

(i) will likely result in a viable and marketable policy consistent with this subsection;

(ii) would provide crop insurance coverage in a significantly improved form; and

(iii) adequately protects the interests of producers.

(2) SUBMISSION OF POLICIES.—A policy or other material submitted to the Board under this subsection may be prepared without regard to the limitations contained in this subtitle, including the requirements concerning the levels of coverage and rates and the requirement that a price level for each commodity insured must equal the expected market price for the commodity as established by the Board.

(3) REVIEW AND APPROVAL BY THE BOARD.—

(A) IN GENERAL.—A policy, plan of insurance, or other material submitted to the Board under this subsection shall be reviewed by the Board and shall be approved by the Board for reinsurance and for sale by approved insurance providers to producers at actuarially appropriate rates and under appropriate terms and conditions if the Board determines that—

(i) the interests of producers are adequately protected;

(ii) the proposed policy or plan of insurance will—

(I) provide a new kind of coverage that is likely to be viable and marketable;

(II) provide crop insurance coverage in a manner that addresses a clear and identifiable flaw or problem in an existing policy; or

(III) provide a new kind of coverage for a commodity that previously had no available crop insurance, or has demonstrated a low level of par-

ticipation or coverage level under existing coverage; and

(iii) the proposed policy or plan of insurance will not have a significant adverse impact on the crop insurance delivery system.

(B) CONSIDERATION.—In approving policies or plans of insurance, the Board shall in a timely manner—

(i) first, consider policies or plans of insurance that address underserved commodities, including commodities for which there is no insurance;

(ii) second, consider existing policies or plans of insurance for which there is inadequate coverage or there exists low levels of participation; and

(iii) last, consider all policies or plans of insurance submitted to the Board that do not meet the criteria described in clause (i) or (ii).

(C) SPECIFIED REVIEW AND APPROVAL PRIORITIES.—In reviewing policies and other materials submitted to the Board under this subsection for approval, the Board—

(i) shall make the development and approval of a revenue policy for peanut producers a priority so that a revenue policy is available to peanut producers in time for the 2015 crop year;

(ii) shall make the development and approval of a margin coverage policy for rice producers a priority so that a margin coverage policy is available to rice producers in time for the 2015 crop year; and

(iii) may approve a submission that is made pursuant to this subsection that would, beginning with the 2015 crop year, allow producers that purchase policies in accordance with subsection (e)(5)(A) to separate enterprise units by risk rating for acreage of crops in counties.

(4) GUIDELINES FOR SUBMISSION AND REVIEW.—The Corporation shall issue regulations to establish guidelines for the submission, and Board review, of policies or other material submitted to the Board under this subsection. At a minimum, the guidelines shall ensure the following:

(A) CONFIDENTIALITY.—

(i) IN GENERAL.—A proposal submitted to the Board under this subsection (including any information generated from the proposal) shall be considered to be confidential commercial or financial information for the purposes of section 552(b)(4) of title 5, United States Code.

(ii) STANDARD OF CONFIDENTIALITY.—If information concerning a proposal could be withheld by the Secretary under the standard for privileged or confidential information pertaining to trade secrets and commercial or financial information under section 552(b)(4) of title 5, United States Code, the information shall not be released to the public.

(iii) APPLICATION.—This subparagraph shall apply with respect to a proposal only during the period preceding any approval of the proposal by the Board.

(B) PERSONAL PRESENTATION.—The Board shall provide an applicant with the opportunity to present the proposal to the Board in person if the applicant so desires.

(C) NOTIFICATION OF INTENT TO DISAPPROVE.—

(i) TIME PERIOD.—The Board shall provide an applicant with notification of intent to disapprove a proposal not later than 30 days prior to making the disapproval.

(ii) MODIFICATION OF APPLICATION.—

(I) AUTHORITY.—An applicant that receives the notification may modify the application, and such application, as modified, shall be considered by the Board in the manner provided in subparagraph (D) within the 30-day period beginning on the date the modified application is submitted.

(II) TIME PERIOD.—Clause (i) shall not apply to the Board's consideration of the modified application.

(iii) EXPLANATION.—Any notification of intent to disapprove a policy or other material submitted under this subsection shall be accompanied by a complete explanation as to the reasons for the Board's intention to deny approval.

(D) DETERMINATION TO APPROVE OR DISAPPROVE POLICIES OR MATERIALS.—

(i) TIME PERIOD.—Not later than 120 days after a policy or other material is submitted under this subsection, the Board shall make a determination to approve or disapprove the policy or material.

(ii) EXPLANATION.—Any determination by the Board to disapprove any policy or other material shall be accompanied by a complete explanation of the reasons for the Board's decision to deny approval.

(iii) FAILURE TO MEET DEADLINE.—Notwithstanding any other provision of this subtitle, if the Board fails to make a determination within the prescribed time period, the submitted policy or other material shall be deemed approved by the Board for the initial reinsurance year designated for the policy or material, unless the Board and the applicant agree to an extension.

(E) CONSULTATION.—

(i) REQUIREMENT.—As part of the feasibility and research associated with the development of a policy or other material for fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops (including floriculture), the submitter prior to making a submission under this subsection shall consult with groups representing producers of those agricultural commodities in all major producing areas for the commodities to be served or potentially impacted, either directly or indirectly.

(ii) SUBMISSION TO THE BOARD.—Any submission made to the Board under this subsection shall contain a summary and analysis of the feasibility and research findings from the impacted groups described in clause

(i), including a summary assessment of the support for or against development of the policy and an assessment on the impact of the proposed policy to the general marketing and production of the crop from both a regional and national perspective.

(iii) EVALUATION BY THE BOARD.—In evaluating whether the interests of producers are adequately protected pursuant to paragraph (3) with respect to a submission made under this subsection, the Board shall review the information provided pursuant to clause (ii) to determine if the submission will create adverse market distortions with respect to the production of commodities that are the subject of the submission.

(5) PREMIUM SCHEDULE.—

(A) PAYMENT BY CORPORATION.—In the case of a policy or plan of insurance developed and approved under this subsection or section 522, or conducted under section 523 (other than a policy or plan of insurance applicable to livestock), the Corporation shall pay a portion of the premium of the policy or plan of insurance that is equal to—

(i) the percentage, specified in subsection (e) for a similar level of coverage, of the total amount of the premium used to define loss ratio; and

(ii) an amount for administrative and operating expenses determined in accordance with subsection (k)(4).

(B) TRANSITIONAL SCHEDULE.—Effective only during the 2001 reinsurance year, in the case of a policy or plan of insurance developed and approved under this subsection or section 522, or conducted under section 523 (other than a policy or plan of insurance applicable to livestock), and first approved by the Board after the date of the enactment of this subparagraph, the payment by the Corporation of a portion of the premium of the policy may not exceed the dollar amount that would otherwise be authorized under subsection (e) (consistent with subsection (c)(5), as in effect on the day before the date of the enactment of this subparagraph).

(6) ADDITIONAL PREVENTED PLANTING POLICY COVERAGE.—

(A) IN GENERAL.—Beginning with the 1995 crop year, the Corporation shall offer to producers additional prevented planting coverage that insures producers against losses in accordance with this paragraph.

(B) APPROVED INSURANCE PROVIDERS.—Additional prevented planting coverage shall be offered by the Corporation through approved insurance providers.

(C) TIMING OF LOSS.—A crop loss shall be covered by the additional prevented planting coverage if—

(i) crop insurance policies were obtained for—

(I) the crop year the loss was experienced; and

(II) the crop year immediately preceding the year of the prevented planting loss; and

(ii) the cause of the loss occurred—

(I) after the sales closing date for the crop in the crop year immediately preceding the loss; and

(II) before the sales closing date for the crop in the year in which the loss is experienced.

(i) ADOPTION OF RATES AND COVERAGES.—

(1) IN GENERAL.—The Corporation shall adopt, as soon as practicable, rates and coverages that will improve the actuarial soundness of the insurance operations of the Corporation for those crops that are determined to be insured at rates that are not actuarially sound, except that no rate may be increased by an amount of more than 20 percent over the comparable rate of the preceding crop year.

(2) REVIEW OF RATING METHODOLOGIES.—To maximize participation in the Federal crop insurance program and to ensure equity for producers, the Corporation shall periodically review the methodologies employed for rating plans of insurance under this subtitle consistent with section 507(c)(2).

(3) ANALYSIS OF RATING AND LOSS HISTORY.—The Corporation shall analyze the rating and loss history of approved policies and plans of insurance for agricultural commodities by area.

(4) PREMIUM ADJUSTMENT.—If the Corporation makes a determination that premium rates are excessive for an agricultural commodity in an area relative to the requirements of subsection (d)(2) for that area, then, for the 2002 crop year (and as necessary thereafter), the Corporation shall make appropriate adjustments in the premium rates for that area for that agricultural commodity.

(j) CLAIMS FOR LOSSES.—

(1) IN GENERAL.—Under rules prescribed by the Corporation, the Corporation may provide for adjustment and payment of claims for losses. The rules prescribed by the Corporation shall establish standards to ensure that all claims for losses are adjusted, to the extent practicable, in a uniform and timely manner.

(2) DENIAL OF CLAIMS.—

(A) IN GENERAL.—Subject to subparagraph (B), if a claim for indemnity is denied by the Corporation or an approved provider on behalf of the Corporation, an action on the claim may be brought against the Corporation or Secretary only in the United States district court for the district in which the insured farm is located.

(B) STATUTE OF LIMITATIONS.—A suit on the claim may be brought not later than 1 year after the date on which final notice of denial of the claim is provided to the claimant.

(3) INDEMNIFICATION.—The Corporation shall provide approved insurance providers with indemnification, including costs and reasonable attorney fees incurred by the approved insurance provider, due to errors or omissions on the part of the Corporation.

(4) MARKETING WINDOWS.—The Corporation shall consider marketing windows in determining whether it is feasible to require planting during a crop year.

(5) SETTLEMENT OF CLAIMS ON FARM-STORED PRODUCTION.—A producer with farm-stored production may, at the option of the producer, delay settlement of a crop insurance claim relating to the farm-stored production for up to 4 months after the

last date on which claims may be submitted under the policy of insurance.

(k) REINSURANCE.—

(1) IN GENERAL.—Notwithstanding any other provision of this subtitle, the Corporation shall, to the maximum extent practicable, provide reinsurance to insurers approved by the Corporation that insure producers of any agricultural commodity under 1 or more plans acceptable to the Corporation.

(2) TERMS AND CONDITIONS.—The reinsurance shall be provided on such terms and conditions as the Board may determine to be consistent with subsections (b) and (c) and sound reinsurance principles.

(3) SHARE OF RISK.—The reinsurance agreements of the Corporation with the reinsured companies shall require the reinsured companies to bear a sufficient share of any potential loss under the agreement so as to ensure that the reinsured company will sell and service policies of insurance in a sound and prudent manner, taking into consideration the financial condition of the reinsured companies and the availability of private reinsurance.

(4) RATE.—

(A) IN GENERAL.—Except as otherwise provided in this paragraph, the rate established by the Board to reimburse approved insurance providers and agents for the administrative and operating costs of the providers and agents shall not exceed—

(i) for the 1998 reinsurance year, 27 percent of the premium used to define loss ratio; and

(ii) for each of the 1999 and subsequent reinsurance years, 24.5 percent of the premium used to define loss ratio.

(B) PROPORTIONAL REDUCTIONS.—A policy of additional coverage that received a rate of reimbursement for administrative and operating costs for the 1998 reinsurance year that is lower than the rate specified in subparagraph (A)(i) shall receive a reduction in the rate of reimbursement that is proportional to the reduction in the rate of reimbursement between clauses (i) and (ii) of subparagraph (A).

(C) OTHER REDUCTIONS.—Beginning with the 2002 reinsurance year, in the case of a policy or plan of insurance approved by the Board that was not reinsured during the 1998 reinsurance year but, had it been reinsured, would have received a reduced rate of reimbursement during the 1998 reinsurance year, the rate of reimbursement for administrative and operating costs established for the policy or plan of insurance shall take into account the factors used to determine the rate of reimbursement for administrative and operating costs during the 1998 reinsurance year, including the expected difference in premium and actual administrative and operating costs of the policy or plan of insurance relative to an individual yield policy or plan of insurance and other appropriate factors, as determined by the Corporation.

(D) TIME FOR REIMBURSEMENT.—Effective beginning with the 2012 reinsurance year, the Corporation shall re-

imburse approved insurance providers and agents for the allowable administrative and operating costs of the providers and agents as soon as practicable after October 1 (but not later than October 31) after the reinsurance year for which reimbursements are earned.

(E) REIMBURSEMENT RATE REDUCTION.—In the case of a policy of additional coverage that received a rate of reimbursement for administrative and operating costs for the 2008 reinsurance year, for each of the 2009 and subsequent reinsurance years, the reimbursement rate for administrative and operating costs shall be 2.3 percentage points below the rates in effect as of the date of enactment of the Food, Conservation, and Energy Act of 2008 for all crop insurance policies used to define loss ratio, except that only $\frac{1}{2}$ of the reduction shall apply in a reinsurance year to the total premium written in a State in which the State loss ratio is greater than 1.2.

(F) REIMBURSEMENT RATE FOR AREA POLICIES AND PLANS OF INSURANCE.—Notwithstanding subparagraphs (A) through (E), for each of the 2009 and subsequent reinsurance years, the reimbursement rate for area policies and plans of insurance widely available as of the date of enactment of this subparagraph or authorized under subsection (c)(4)(C) or section 508B shall be 12 percent of the premium used to define loss ratio for that reinsurance year.

(5) COST AND REGULATORY REDUCTION.—Consistent with section 118 of the Federal Crop Insurance Reform Act of 1994, and consistent with maintenance of program integrity, prevention of fraud and abuse, the need for program expansion, and improvement of quality of service to customers, the Board shall alter program procedures and administrative requirements in order to reduce the administrative and operating costs of approved insurance providers and agents in an amount that corresponds to any reduction in the reimbursement rate required under paragraph (4) during the 5-year period beginning on the date of enactment of this paragraph.

(6) AGENCY DISCRETION.—The determination of whether the Corporation is achieving, or has achieved, corresponding administrative cost savings shall not be subject to administrative review, and is wholly committed to agency discretion within the meaning of section 701(a)(2) of title 5, United States Code.

(7) PLAN.—The Corporation shall submit to Congress a plan outlining the measures that will be used to achieve the reduction required under paragraph (5). If the Corporation can identify additional cost reduction measures, the Corporation shall describe the measures in the plan.

(8) RENEGOTIATION OF STANDARD REINSURANCE AGREEMENT.—

(A) IN GENERAL.—Except as provided in subparagraph (B), notwithstanding section 536 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 1506 note; Public Law 105–185) and section 148 of the Agricultural Risk Protection Act of 2000 (7 U.S.C. 1506 note; Public Law 106–224), the Corporation may renego-

tiate the financial terms and conditions of each Standard Reinsurance Agreement—

(i) to be effective for the 2011 reinsurance year beginning July 1, 2010; and

(ii) once during each period of 5 reinsurance years thereafter.

(B) EXCEPTIONS.—

(i) ADVERSE CIRCUMSTANCES.—Subject to clause (ii), subparagraph (A) shall not apply in any case in which the approved insurance providers, as a whole, experience unexpected adverse circumstances, as determined by the Secretary.

(ii) EFFECT OF FEDERAL LAW CHANGES.—If Federal law is enacted after the date of enactment of this paragraph that requires revisions in the financial terms of the Standard Reinsurance Agreement, and changes in the Agreement are made on a mandatory basis by the Corporation, the changes shall not be considered to be a renegotiation of the Agreement for purposes of subparagraph (A).

(C) NOTIFICATION REQUIREMENT.—If the Corporation renegotiates a Standard Reinsurance Agreement under subparagraph (A)(ii), the Corporation shall notify the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate of the renegotiation.

(D) CONSULTATION.—The approved insurance providers may confer with each other and collectively with the Corporation during any renegotiation under subparagraph (A).

(E) 2011 REINSURANCE YEAR.—

(i) IN GENERAL.—As part of the Standard Reinsurance Agreement renegotiation authorized under subparagraph (A)(i), the Corporation shall consider alternative methods to determine reimbursement rates for administrative and operating costs.

(ii) ALTERNATIVE METHODS.—Alternatives considered under clause (i) shall include—

(I) methods that—

(aa) are graduated and base reimbursement rates in a State on changes in premiums in that State;

(bb) are graduated and base reimbursement rates in a State on the loss ratio for crop insurance for that State; and

(cc) are graduated and base reimbursement rates on individual policies on the level of total premium for each policy; and

(II) any other method that takes into account current financial conditions of the program and ensures continued availability of the program to producers on a nationwide basis.

(F) BUDGET.—

(i) IN GENERAL.—The Board shall ensure that any Standard Reinsurance Agreement negotiated under subparagraph (A)(ii) shall—

(I) to the maximum extent practicable, be estimated as budget neutral with respect to the total amount of payments described in paragraph (9) as compared to the total amount of such payments estimated to be made under the immediately preceding Standard Reinsurance Agreement if that Agreement were extended over the same period of time;

(II) comply with the applicable provisions of this Act establishing the rates of reimbursement for administrative and operating costs for approved insurance providers and agents, except that, to the maximum extent practicable, the estimated total amount of reimbursement for those costs shall not be less than the total amount of the payments to be made under the immediately preceding Standard Reinsurance Agreement if that Agreement were extended over the same period of time, as estimated on the date of enactment of the Agricultural Act of 2014; and

(III) in no event significantly depart from budget neutrality unless otherwise required by this Act.

(ii) USE OF SAVINGS.—To the extent that any budget savings are realized in the renegotiation of a Standard Reinsurance Agreement under subparagraph (A)(ii), and the savings are determined not to be a significant departure from budget neutrality under clause (i), the savings shall be used to increase reimbursements or payments described under paragraphs (4) and (9).

(9) DUE DATE FOR PAYMENT OF UNDERWRITING GAINS.—Effective beginning with the 2011 reinsurance year, the Corporation shall make payments for underwriting gains under this subtitle on—

(A) for the 2011 reinsurance year, October 1, 2012; and

(B) for each reinsurance year thereafter, October 1 of the following calendar year.

(1) OPTIONAL COVERAGES.—The Corporation may offer specific risk protection programs, including protection against prevented planting, wildlife depredation, tree damage and disease, and insect infestation, under such terms and conditions as the Board may determine, except that no program may be undertaken if insurance for the specific risk involved is generally available from private companies.

(m) QUALITY LOSS ADJUSTMENT COVERAGE.—

(1) EFFECT OF COVERAGE.—If a policy or plan of insurance offered under this subtitle includes quality loss adjustment coverage, the coverage shall provide for a reduction in the quantity of production of the agricultural commodity considered produced during a crop year, or a similar adjustment, as a result of the agricultural commodity not meeting the quality standards established in the policy or plan of insurance.

(2) ADDITIONAL QUALITY LOSS ADJUSTMENT.—

(A) PRODUCER OPTION.—Notwithstanding any other provision of law, in addition to the quality loss adjustment

coverage available under paragraph (1), the Corporation shall offer producers the option of purchasing quality loss adjustment coverage on a basis that is smaller than a unit with respect to an agricultural commodity that satisfies each of the following:

(i) The agricultural commodity is sold on an identity-preserved basis.

(ii) All quality determinations are made solely by the Federal agency designated to grade or classify the agricultural commodity.

(iii) All quality determinations are made in accordance with standards published by the Federal agency in the Federal Register.

(iv) The discount schedules that reflect the reduction in quality of the agricultural commodity are established by the Secretary.

(B) BASIS FOR ADJUSTMENT.—Under this paragraph, the Corporation shall set the quality standards below which quality losses will be paid based on the variability of the grade of the agricultural commodity from the base quality for the agricultural commodity.

(3) REVIEW OF CRITERIA AND PROCEDURES.—

(A) REVIEW.—The Corporation shall contract with a qualified person to review the quality loss adjustment procedures of the Corporation so that the procedures more accurately reflect local quality discounts that are applied to agricultural commodities insured under this subtitle.

(B) PROCEDURES.—Effective beginning not later than the 2004 reinsurance year, based on the review, the Corporation shall make adjustments in the procedures, taking into consideration the actuarial soundness of the adjustment and the prevention of fraud, waste, and abuse.

(4) QUALITY OF AGRICULTURAL COMMODITIES DELIVERED TO WAREHOUSE OPERATORS.—In administering this subtitle, the Secretary shall accept, in the same manner and under the same terms and conditions, evidence of the quality of agricultural commodities delivered to—

(A) warehouse operators that are licensed under the United States Warehouse Act (7 U.S.C. 241 et seq.);

(B) warehouse operators that—

(i) are licensed under State law; and

(ii) have entered into a storage agreement with the Commodity Credit Corporation; and

(C) warehouse operators that—

(i) are not licensed under State law but are in compliance with State law regarding warehouses; and

(ii) have entered into a commodity storage agreement with the Commodity Credit Corporation.

(5) SPECIAL PROVISIONS FOR MALTING BARLEY.—The Corporation shall promulgate special provisions under this subsection specific to malting barley, taking into consideration any changes in quality factors, as required by applicable market conditions.

(6) TEST WEIGHT FOR CORN.—

(A) IN GENERAL.—The Corporation shall establish procedures to allow insured producers not more than 120 days to settle claims, in accordance with procedures established by the Secretary, involving corn that is determined to have low test weight.

(B) IMPLEMENTATION.—As soon as practicable after the date of enactment of this paragraph, the Corporation shall implement subparagraph (A) on a regional basis based on market conditions and the interests of producers.

(C) TERMINATION OF EFFECTIVENESS.—The authority provided by this paragraph terminates effective on the date that is 5 years after the date on which subparagraph (A) is implemented.

(n) LIMITATION ON MULTIPLE BENEFITS FOR SAME LOSS.—

(1) IN GENERAL.—Except as provided in paragraph (2), if a producer who is eligible to receive benefits under catastrophic risk protection under subsection (b) is also eligible to receive assistance for the same loss under any other program administered by the Secretary, the producer shall be required to elect whether to receive benefits under this subtitle or under the other program, but not both. A producer who purchases additional coverage under subsection (c) may also receive assistance for the same loss under other programs administered by the Secretary, except that the amount received for the loss under the additional coverage together with the amount received under the other programs may not exceed the amount of the actual loss of the producer.

(2) EXCEPTION.—Paragraph (1) shall not apply to emergency loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.) or to coverage described in section 508D.

(o) CROP PRODUCTION ON NATIVE SOD.—

(1) DEFINITION OF NATIVE SOD.—In this subsection, the term “native sod” means land—

(A) on which the plant cover is composed principally of native grasses, grasslike plants, forbs, or shrubs suitable for grazing and browsing; and

(B) that has never been tilled, or the producer cannot substantiate that the ground has ever been tilled, for the production of an annual crop as of the date of enactment of this subsection.

(2) REDUCTION IN BENEFITS.—

(A) IN GENERAL.—During the first 4 crop years of planting, as determined by the Secretary, native sod acreage that has been tilled for the production of an annual crop after the date of enactment of the Agricultural Act of 2014 shall be subject to a reduction in benefits under this subtitle as described in this paragraph.

(B) DE MINIMIS ACREAGE EXEMPTION.—The Secretary shall exempt areas of 5 acres or less from subparagraph (A).

(C) ADMINISTRATION.—

(i) REDUCTION.—For purposes of the reduction in benefits for the acreage described in subparagraph (A)—

(I) the crop insurance guarantee shall be determined by using a yield equal to 65 percent of the transitional yield of the producer; and

(II) the crop insurance premium subsidy provided for the producer under this subtitle, except for coverage authorized pursuant to subsection (b)(1), shall be 50 percentage points less than the premium subsidy that would otherwise apply.

(ii) YIELD SUBSTITUTION.—During the period native sod acreage is covered by this subsection, a producer may not substitute yields for the native sod.

(3) APPLICATION.—This subsection shall only apply to native sod acreage in the States of Minnesota, Iowa, North Dakota, South Dakota, Montana, and Nebraska.

(p) COVERAGE LEVELS BY PRACTICE.—Beginning with the 2015 crop year, a producer that produces an agricultural commodity on both dry land and irrigated land may elect a different coverage level for each production practice.

* * * * *

SEC. 508D. COVERAGE FOR FORAGE AND GRAZING.

Notwithstanding section 508A, and in addition to any other available coverage, for crops that can be both grazed and mechanically harvested on the same acres during the same growing season, producers shall be allowed to purchase, and be independently indemnified on, separate policies for each intended use, as determined by the Corporation.

Dear Chairman Conaway,

I write with respect to H.R. 2, the "Agriculture and Nutrition Act of 2018." As a result of your having consulted with us on provisions within H.R. 2 that fall within the Rule X jurisdiction of the Committee on the Judiciary, I forego any further consideration of this bill so that it may proceed expeditiously to the House floor for consideration.

The Judiciary Committee takes this action with our mutual understanding that by foregoing consideration of H.R. 2 at this time, we do not waive any jurisdiction over subject matter contained in this or similar legislation and that our committee will be appropriately consulted and involved as this bill or similar legislation moves forward so that we may address any remaining issues in our jurisdiction. Our committee also reserves the right to seek appointment of an appropriate number of conferees to any House-Senate conference involving this or similar legislation and asks that you support any such request.

I would appreciate a response to this letter confirming this understanding with respect to H.R. 2 and would ask that a copy of our exchange of letters on this matter be included in the *Congressional Record* during floor consideration of H.R. 2.

Sincerely,

Bob Goodlatte

Dear Mr. Chairman:

I have received your letter regarding H.R. 2, the Agriculture and Nutrition Act of 2018, which contains provisions within the jurisdiction of the Committee on Natural Resources.

In the interest of permitting you to proceed expeditiously to floor consideration of this very important bill, I will not seek a referral of H.R. 2. I do so with the understanding that the Natural Resources Committee does not waive any future jurisdictional claim over the subject matter contained in the bill that fall within its Rule X jurisdiction. Further, I appreciate the work between our committees on forest management and look forward to working with you to build upon the important provisions within Title VIII of the bill as it moves through the legislative process. I also appreciate your support to name members of the Natural Resources Committee to any conference committee to consider such provisions and for inserting our exchange of letters on H.R. 2 into the Congressional Record during consideration of the measure on the House floor.

Congratulations on marshalling this monumental achievement through committee, and thank you again for the very cooperative spirit in which you and your staff have worked regarding this matter and many others between our respective committees.

DISSENTING VIEWS

The Agriculture and Nutrition Act, H.R. 2, threatens millions of rural and urban Americans, particularly those who rely on our farm and food programs most. The Majority's ideology driven reforms to nutrition assistance programs under the guise of a commitment to human dignity will ultimately leave nearly two million current beneficiaries without money to buy groceries. The exclusion of improvements to farm programs leaves agricultural producers vulnerable to market access and price volatility without an effective farm safety net. Most alarming however, is the manner in which H.R. 2 was written and negotiated. This farm bill has destabilized the historic common ground on which the Committee withstood over a century of sea change in favor of leadership driven politics and perception based policies.

The Majority would have the public believe that this bill was a bipartisan effort. It was not. Regrettably, Minority priorities were included only when convenient, and cast aside when not. House Agriculture Committee Democrats cannot support legislation that needlessly compromises Americans' ability to feed themselves and farm. Nor can we support a process that undermines our power to protect their ability to eat, farm, ranch and support their families. Committee Democrats were pushed away from the bargaining table by the inclusion of ideology that we repeatedly warned the Majority we could not support. Therefore, Committee Democrats unanimously and vehemently opposed H.R. 2 at the markup. Partisan Reforms to the Supplemental Nutrition Assistance Program

As Chairman Conaway is fond of pointing out, our Committee held 23 hearings on SNAP. We supported the Chairman's in-depth review of the program; even asking for an additional hearing to better understand the unique characteristics of the able bodied adults without dependents (ABAWDS), which never occurred. Over the course of those hearings, we learned that SNAP isn't a perfect program and heard ideas to improve it. None of those ideas included the creation of new mandatory state government bureaucracies for employment and training programs. None of the 89 witnesses we heard from testified that we should eliminate categorical eligibility for SNAP benefits to pay for it.

We agree with the Chairman that work is important. We support policies to empower those in poverty to lift themselves up by providing them opportunity and training to find and keep jobs. In the 2014 farm bill, we created 10 pilot programs for conducting work employment and training in conjunction with SNAP. Ensuring wise use of taxpayers' dollars requires us to give those pilot programs time to be evaluated before we embark on the nationwide experiment the Chairman demands in his bill.

SNAP provides a way for our lowest income people in this country to afford food. It isn't a workforce training program, and USDA isn't an employment agency. Nevertheless, the Chairman's bill would require SNAP recipients to either work 20 hours a week, or train 20 hours a week within an entirely new, state-run bureaucracy in order to obtain the average monthly benefit of \$135 dollars. In his reckoning, some recipients will simply get fed-up with those demands and "self-select" out of the program. When the CBO did the math, they estimated roughly 1.5 million people will lose benefits as a result of this policy of "attrition through administration."

The Chairman's bill doesn't just cut people from SNAP through his misguided "work" regime; it kicks people off SNAP by eliminating states' flexibility to link social service programs and creating administrative burdens to utilization of the program and getting employment. It takes school breakfast and lunch from kids. It severs the link between SNAP and low-income heating assistance.

The Chairman's bill also spends twice as much money as it saves by forcing states to go after child support. Of course parents should pay child support, but throwing all this money at the issue—over \$7 billion dollars—to recoup less than half that amount is a waste of taxpayer's dollars.

After the worst recession since the Great Depression, our safety net provided support for those who needed it, expanding to meet a desperate need. The provisions in this bill would make such a response much more difficult should the need arise again.

Inadequate support for Agriculture in a time of need

The Agriculture and Nutrition Act fails American farmers and ranchers already suffering from low prices, high input costs, and market uncertainty and distortion. While average farm income is at its lowest ebb since the Great Depression, this bill reauthorizes support at present levels. It does nothing to address the lack of an adequate safety net, which we've heard the need for over the last three years. In addition to the troubled farm economy, the budding trade war with China, NAFTA renegotiation, withdrawal from TPP, and the Trump Administration's repeated attacks on the Renewable Fuels Standard demonstrate the imperative of strengthening farm programs.

This farm bill does not improve conditions in the current agriculture economy. Instead of raising reference prices to address the 52 percent decline in farm income, the Committee Majority did the opposite. This bill authorizes new assistance only when commodity prices increase and adjusted support only for selected crops.

As the effects of the Administration's trade policy continue to wreak havoc with commodity markets, we believe the focus should be on boosting support levels for farm bill programs, rather than an inadequate, scattershot, one-time bailout.

The potential devastation H.R. 2 imposes on American farmers and ranchers is not solely economic. This partisan bill and process have splintered the national farm bill coalition and opened the door to farm program opponents driven by ideology. Politically emboldened by a weakened agricultural community, proponents of the more radical cuts and reforms will now have a realistic chance of succeeding.

Imprudent changes to pesticide registration process

This bill makes a problematic pesticide registration process worse, assures continued divisiveness and litigation between the pesticide manufacturing and nongovernmental organizations, and potentially increases the permissible takings of endangered species, fish and wildlife. Specifically, H.R. 2 removes the statutory requirement that the Environmental Protection Agency (EPA) consult with expert wildlife services in pesticide registration determinations, and perniciously curtails legal remedies by excluding plaintiffs from challenging EPA's failure to consult and limiting remedies in existing cases.

The Endangered Species Act was implemented specifically to protect and recover imperiled species and their ecosystems. Section 7 of the Endangered Species Act, which requires action agencies to consult with the expert wildlife services, reflects Congress' recognition that action agencies like EPA are self-interested in minimizing the effects of their desired activities on endangered species. By granting the EPA sole discretion regarding the effect a pesticide will have on endangered and threatened species, the heart of Section 7 is eviscerated. Further, the Administration has just embarked on an interagency process, with support from the pesticide manufacturers, growers, and the environmental community, to identify and implement improvements in the administrative process for consultation on pesticides. This promises to substantially reduce delays and effort to complete consultations while fully protecting listed species. This provision ignores that process.

American agriculture can grow crops and protect endangered species; this provision forces a binary choice between producing crops and protecting creation.

A broken process

There was a time when the Agriculture Committee created farm bills by building consensus among Committee members before introduction of legislative text. The development of this legislation bears no resemblance to that process. It is each chairman's prerogative to conduct this process however he or she sees fit. This Chairman chose to develop this legislation himself and dictate each step in its path to introduction. The ultimate result of this bill should provide an example to future chairmen or women on the type of process to avoid.

Historically, a broad coalition supports the farm bill every five years. This coalition encompasses the breadth of America, from urban centers to the rural countryside. This Chairman's decision to advocate an extreme partisan agenda in title four of the bill has undercut the farm bill's historical coalition, and endangered the future legislative efforts of this Committee.

Conclusion

We serve on the House Agriculture Committee because we care about American farmers and ranchers and the rural communities they support and sustain. We serve on this Committee because we are committed to providing a robust safety net for the most vulnerable citizens in this country. We know that our colleagues share these values and we are proud that our Committee has historically

provided the model of bipartisanship for so many other committees in this House. So, when we received the Chairman's bill, with its partisan attack on SNAP participants and its neglect of farmers and ranchers facing a difficult political and economic reality, we were severely disappointed. Therefore, the House Committee on Agriculture Minority vehemently and unanimously opposed the Agriculture and Nutrition Act at markup. For all of the reasons discussed in these Dissenting Views, our Committee should not have voted to report this legislation to the House. If it ever reaches the House Floor, all Members should reject it.

DISSENTING VIEWS OF MR. WALZ

As representative of the ninth largest agricultural-producing district in the nation, I came to Congress, in part, to help write Farm Bills. I came to work together with my colleagues on both sides of the aisle. However, H.R. 2 is an ideological bill that lacked bipartisan support, failed to go through the regular committee process, and abandoned our farmers, consumers, veterans, and children in this process.

Instead of supporting farmers' conservation efforts by enhancing programs like the Conservation Stewardship Program (CSP) and the Environmental Quality Incentives Program (EQIP) as my SOIL Stewardship Act would do, H.R. 2 would cut working lands programs and eliminate CSP. Instead of doing all they can to help facilitate the transfer of skills, knowledge and land between current and future generations of producers as my Beginning Farmer and Rancher Opportunity Act would do, Republicans failed to scale up and permanently reauthorize the Beginning Farmer and Rancher Development Program. Perhaps most indefensibly, instead of strengthening and making commonsense improvements to the Supplemental Nutrition Assistance Program (SNAP)—the most effective anti-hunger program in U.S. history and a source of economic vitality in southern Minnesota—Republicans voted to risk creating barriers to access for veterans and children who rely on the program, which helps keep 16,000 veterans from going to bed hungry in Minnesota alone.

Conservation

The Agriculture and Nutrition Act, H.R. 2, threatens the ability of our farmers and ranchers to be leading stewards of the land. The bill proposes to cut nearly \$1 billion in Conservation Title funding over the next ten years and completely eliminates the Conservation Stewardship Program (CSP). Conservation programs are continually oversubscribed, and thus the Majority's proposal to overhaul the Conservation Title would significantly hamstring farmers' abilities to meet stewardship goals and, in turn, would limit the viability and profitability of their operations.

Within the Conservation Title of H.R. 2, of most significant concern is the elimination of CSP, which is not only the largest conservation program in the country, but it is also the only program that takes a comprehensive approach to conservation. While the Chairman claims that the bill proposes to retain the best parts of CSP within an expanded Environmental Quality Incentives Program (EQIP), this is simply untrue. Not only does H.R. 2 eliminate all the core components of CSP (a comprehensive approach to conservation that considers the entire operation, an emphasis on environmental stewardship to be eligible, and incentives for advanced conservation activities), but, in claiming to fold CSP into EQIP, the

Majority proposal actually cuts working lands funding for EQIP and CSP combined by nearly \$5 billion over 10 years. Furthermore, by moving other CSP funding to smaller programs without baseline, the Chairman's proposal eliminates nearly \$1.5 billion in conservation baseline spending that would be available in the future.

We've heard from farmers and ranchers that they utilize and depend upon the two largest working lands conservation programs—CSP and EQIP. While CSP and EQIP are both hugely important for the support they provide, they are separate programs for a reason; they each have unique roles to play in enhancing the sustainability of American agriculture. CSP helps producers implement advanced conservation, while EQIP is more of an “on ramp” to working lands conservation. For this reason, they absolutely must be kept separate, and we need to retain the key components of each program. While I agree that there are reforms we can make to ensure both programs are accessible, flexible, and coordinated, the solution to keeping these tools available is absolutely not to eliminate an entire program, as the Majority has proposed.

The cuts to the Conservation Title and the complete elimination of CSP within H.R. 2 are a reckless abandonment of the conservation tools and support that our farmers and ranchers across the country depend upon.

Beginning farmers and ranchers

To keep our agricultural economy strong, the next farm bill must facilitate the transfer of skills, knowledge, and land between current and future generations of farmers and ranchers. Sadly, however, the Chairman's bill falls far short of making the investments truly needed to ensure the success of the next generation of American farmers. Rather than address the fundamental barriers that new farmers face, this bill simply maintains the status quo across most titles. This is unacceptable and a disservice to the next generation who will be responsible for feeding our country and stewarding our natural resources for years to come.

The Chairman's proposal fails to take advantage of this rare opportunity to knock down the longstanding barriers to entry for future generations and fails to include any of the innovative ideas put forward by my *Beginning Farmer and Rancher Opportunity Act*, or the BFROA (H.R. 4316). As it stands, H.R. 2's solution to the crisis facing the next generation of farmers is to simply maintain the status quo and hope for the best.

Specific ways that this bill falls far short of achieving the reforms and investments that are truly needed to ensure the success of the next generation and ensure our future food security in this country include:

- H.R. 2 fails to address longstanding issues with the implementation of the advance payment option within EQIP.
- The bill raises loan limits on guaranteed loans to \$1.75 million to allow fewer loans to larger farms, reducing the total number of borrowers that can be served and leaving small and mid-sized farms with less access to credit. At the same time, the draft bill makes no changes to Direct Farm Ownership Loans which remain at \$300,000, despite the inability of many

small and beginning farmers to utilize these loans due to the rising costs of farmland.

- It fails to scale up and permanently reauthorize the Beginning Farmer and Rancher Development Program to ensure long-term support to train new farmers in every state across the country.

- Rather than make important changes to the Risk Management Education Partnership Program that would ensure that beginning and socially disadvantaged farmers better understand and utilize risk management tools, the draft bill completely eliminates this successful and popular program.

- Finally, H.R. 2 also fails to include the innovative proposal within BFROA that would make it easier for new farmers in their first 5 years of farming to access revenue-based crop insurance policies by allowing these farmers to obtain short-term coverage through the Farm Service Agency's Non-Insured Crop Disaster Assistance Program.

Make no mistake, we are facing a farmer shortage in America today, and, if we do not take the opportunity we have been given in this Farm Bill, we will face a crisis of epic proportions in the future.

Impact on veterans

In addition to the concerns raised in the minority dissenting views, I wanted to highlight the potentially negative impact of the Chairman's bill on our veterans. The Supplemental Nutrition Assistance Program (SNAP) is the most effective anti-hunger program in US history, and that includes helping keep many of our veterans from going hungry when they return home from war. According to the U.S. Census Bureau, Minnesota is home to an estimated 320,000 veterans. Of those 320,000, an estimated 16,000 receive SNAP benefits.

As a 24-year veteran of the Army national guard, I learned never to leave a fellow soldier behind. That's why I find the idea of a fellow veteran going hungry so offensive. Because one veteran being denied the basic human necessity of a meal is one too many, it is indefensible that the Chairman's bill risks creating barriers to access for veterans who rely on SNAP instead of strengthening and making commonsense improvements to the program.

Sincerely,

TIMOTHY J. WALZ.
